subjectivities The arguments made in the book say that Pakistan is no stranger to this condition of human immigrancy and therefore can be pressed into service in helping us to understand our present condition

Handbook of Religion and the Asian City Peter van der Veer, 2015-05-19 Handbook of Religion and the Asian City highlights the creative and innovative role of urban aspirations in Asian world cities It points out that urban politics and governance are often about religious boundaries and processions in short that public religion is politics The essays show how

projects of secularism come up against projects and ambitions of a religious nature a particular form of contestation that takes the city as its public arena Asian cities are sites of speculation not only for those who invest in real estate but also for those who look for housing for employment and for salvation In its potential and actual mobility the sacred creates social space in which they all can meet Handbook of Religion and the Asian City makes the comparative case that one cannot study the historical patterns of urbanization in Asia without paying attention to the role of religion in urban aspirations Provided by publisher

Indian English and the Fiction of National Literature Rosemary Marangoly George, 2013-11-21 During the twentieth century at the height of the independence movement and after Indian literary writing in English was entrusted with the task of consolidating the image of a unified seemingly caste free modernising India for consumption both at home and abroad This led to a critical insistence on the proximity of the national and the literary which in turn led to the canonisation of certain writers and themes and the dismissal of others Examining English anthologies of Indian literature as well as the establishment of the Sahitya Akademi the national academy of letters and the work of R K Narayan and Mulk Raj Anand among others Rosemary Marangoly George exposes the painstaking efforts that went into the elaboration of a national literature in English for independent India even while deliberating the fundamental limitations of using a nation centric critical framework for reading literary works

Communism in Pakistan Kamran Asdar Ali, 2015-05-27 Pakistan today stands at a critical juncture in its short history of existence While much has been written about Pakistan little is known about Communism or left leaning politics in the country post Partition which played a key role in shaping Pakistani politics today Kamran Asdar Ali here presents the first extensive look at Pakistan's communist and working class movement The author critically engages with the history of Pakistan's early years while paying special attention to the rise and fall of the Communist Party of Pakistan CPP from Partition in 1947 to the aftermath of Bangladeshi independence in 1971 Since its formation in 1947 as a homeland for South Asian Muslims Pakistan has been a configuration of shifting alliances and competing political and social ideologies Pakistan has experienced three military takeovers and is plagued with geopolitical conflict from Kashmir to Baluchistan Waziristan and while these aspects of Pakistan make headlines in order to understand the complexities of these events it is vital to understand the state's relationship throughout history with its divergent political and ethnic voices One dominant feature of the state along with its emphasis on the Islamic nature of its polity has been the non resolution of its ethnic problem while the history of Pakistan is often viewed through the lens of unified Muslim nationalism the author here also explores the history of Pakistan's often tense relationship with its various ethnic groups Baluch Pathan Sindhis Punjabis and Bengalis Shedding light on a vital and little researched aspect of Pakistani history this book shows that military coups Islamic radicalization and terrorist activities do not constitute the sum total of Pakistan's history that it too has had a history that included the activities of communist intellectuals and activists
