Shakespeare's Cat A Play In Three Acts:

Shakespeare's Cat Malcolm Willits, 2004-01-01 **Antedating Shakespeare's Poems and Plays** Penny McCarthy, 2024-09-05 The academic community treats the chronology of Shakespeare's works as settled He supposedly served an apprenticeship collaborating on plays in the 1580s wrote two great poems in the early 90s three plays a year from the mid 90s some problem plays around the turn of the century then his greatest tragedies and finally some romances late in his career This investigation highlights the flaws in the consensus view over reliance on precarious stylometrics dubious identification of topical relevance and unfounded conviction that composition preceded publication performance or first mention by only a short interval Concentrating on his poems and six of his plays the study ascribes parallels in others literary works to their authors imitation or parodying of Shakespeare not vice versa The importance of patronage circles rather than London theatre companies to writers players and printers is spelled out The conclusion is that Shakespeare's works must be radically antedated **"The" Plays of William Shakespeare** William Shakespeare, 1805 **The Playwright's Guidebook** Stuart Spencer, 2002-03-29 A concise guide to playwriting to awaken creativity from a playwright who has taught the subject for over a decade If you want to be a playwright here's your bible David Lindsay Abair author of *Fuddy Meers* and *Wonder of the World* During the more than ten years that Stuart Spencer has taught playwriting he has struggled to find an effective handbook for his courses Although most of the currently popular guides contain useful ideas they all suffer from the same problems poor organizations quirky idiosyncratic advice and abstract theorizing on the nature of art As a result they fail to offer any concrete information or useful guidelines on how to construct a well written play Moreover few of these books are actually written by working playwrights Out of frustration Spencer wrote his own The result *The Playwright's Guidebook* is a concise and engaging handbook full of the kind of wisdom that comes naturally with experience Spencer presents a coherent way of thinking about playwriting that addresses the important principles of structure includes insightful writing exercises that build upon one another explores the creative process and troubleshoots recurrent problems that playwrights actually face *The Playwright's Guidebook* is indispensable Clearly and thoroughly Mr Spencer a playwright himself leads all playwrights not only the beginner through the travails of creation and the jungle of production Edward Albee *Eureka* A clearly written well structured intelligent how to book about playwriting Like the good teacher and good writer that he is Stuart Spencer guides rather than browbeats Should be next to the laptop of any aspiring or working playwright Warren Leight author of *Side Man* **The Era Almanack**, 1898 **Catalogue of the Works of William Shakespeare, Original and Translated, Together with the Shakespeariana Embraced in the Barton Collection of the Boston Public Library** Boston Public Library.
