Shalom The Bible's Word For Salvation Justice And Peace:

Shalom Perry Yoder, 2017-03-24 The biblical challenge of shalom is one which ought to draw all Christians together in a common struggle so that God's will might be done and God's kingdom might come on earth as it is in heaven. People as well as structures need to be transformed. People who are caught in oppressive structures need to be liberated from the values and perspectives inculcated by these structures. The shalom maker as a result is involved in a mission of conversion converting people to a new understanding and way of life. This conversion based on God's love for them in Jesus frees them from old patterns of thought. If we struggle for shalom we shall suffer because we are actively confronting and resisting the structures of oppression and working for the liberation of powerless and oppressed people. Shalom love is not love at a distance not love in the abstract not love in the rocking chair it is the love of confrontation of strike of protest and of disobedience to the structures of violence. Shalom love is suffering love because it is militant love struggling for human liberation justice and shalom which is God's will for our world.

Atonement, Justice, and Peace Darrin W. Snyder Belousek, 2012 In this substantial study Darrin W. Snyder Belousek offers a comprehensive and critical examination of penal substitution the most widely accepted evangelical Protestant theory of atonement and presents a biblically grounded theologically orthodox alternative. Attending to all of the relevant biblical texts and engaging with the full spectrum of scholarship Belousek systematically develops a biblical theory of atonement that centers on restorative rather than retributive justice. He also shows how Christian thinking on atonement correlates with major global concerns such as economic justice capital punishment the war on terror and ethnic and religious conflicts. Thorough and clearly structured this book demonstrates how a return to biblical cruciformity can radically transform Christian mission social justice and peacemaking.

Mitzvot Ethics and the Jewish Bible Gershom M. H. Ratheiser, 2007-03-01 Ratheiser's study provides the framework for a non

confessional mitzvot ethics centered and historical philological approach to the Jewish bible and deals with the basic steps of an alternative paradigmatic perspective on the biblical text The author seeks to demonstrate the ineptness of confessional and ahistorical approaches to the Jewish bible Based on his observations and his survey of the history of interpretation of the Jewish bible Ratheiser introduces an alternative hermeneutical exegetical approach to the Jewish bible the paradigm of examples His study concludes that the biblical text is a collection of writings designed and formed from a specifically ethical ethnic outlook In other words he regards the Jewish bible to be written as an etiology of ancient instruction by ancient Jews to Jews and for Jews As such it serves as a religious ethical identity marker that provides ancient Jews and their descendants with an etiology of Jewish life Ratheiser regards this religious ethical agenda to have been the driving force in the minds of the final editors compilers of the biblical text as we have it today [Killing Enmity](#) Thomas R. Yoder Neufeld, 2011-06-01 Is the New Testament inherently violent In this book a well regarded New Testament scholar offers a balanced critical assessment of charges and claims that the Christian scriptures encode instigate or justify violence Thomas Yoder Neufeld provides a useful introduction to the language of violence in current theological discourse and surveys a wide range of key ethical New Testament texts through the lens of violence nonviolence He makes the case that contrary to much scholarly opinion the New Testament is not in itself inherently violent or supportive of violence instead it rejects and overcomes violence Published in the UK by SPCK as Jesus and the Subversion of Violence Wrestling with the New Testament Evidence

Psychologists in different tributaries of the discipline have long been preoccupied with aspects of Justice but none previously has addressed the essential question raised in this book namely of justice being as vital to the essentials of life and to the flowering of the human spirit as other basic needs The same can be said for academics and practitioners in other disciplines in social science as well as those in mental health and psychiatry Although lawyers might come close to accepting the proposition it seems to me that in the main their professional expertise is directed to the superficial maintenance of systems of justice rather than to the underlying reasons for doing so This book arising from academic clinical empirical and theoretical studies goes the further mile by giving justice its proper place in the hierarchy of basic human needs It is designed in accord with a general systems theory in which contributions are welcomed from international scholars and researchers in different domains of knowledge Above all it is written in the hope of inducing others to share a commitment to justice and do their utmost to prevent injustice Evangelical Postcolonial Conversations Kay Higuera Smith,Jayachitra
