Shamanic Healing Itzhak Beery, 2017-05-25 A story-based guide to the techniques of shamanic healing. Details indigenous medicine tools and soul healing techniques including diagnosis and energy cleansing with plants, stones, fire, flower essences, and sound. Offers protection and self-defense techniques for confronting negative energies such as spirit attachment and possession. Shares healing stories that each address a specific condition such as panic attacks, PTSD, depression, cancer, chronic pain, grief, and relationship problems. Shamanic healing is making an astonishing comeback all over the modern technology-driven and consumerist world. Millions of people have felt called to integrate both ancient and modern healing systems into a new model of healthcare. But what makes shamanic healing so powerful? Why have indigenous healers kept it alive for thousands of years? Revealing his personal journey and stories from his more than 20 years as a shamanic healer, Itzhak Beery explains who a shaman is and how he or she works, demystifying and destigmatizing the shamanic healing worldview. He shares shamanic wisdom from two of his teachers: a Yachak from Ecuador and a well-known Brazilian Pag. He details indigenous medicine tools and soul healing techniques that you can practice with your own clients or in your own personal healing, including diagnosis and energy cleansing with plants, stones, fire, rum, eggs, flower essences, and sound. He shares protection and self-defense techniques for confronting negative energies such as spirit attachment and possession. Sharing healing stories that each address a specific condition such as panic attacks, PTSD, depression, cancer, chronic pain, grief, and relationship problems, Beery explains how a shaman is not responsible for curing everyone and will consult with the patient's soul to determine its needs, which sometimes includes learning from the illness experience. By sharing these healing methods, Beery reveals the importance of shamanic practices in resolving our 21st-century emotional and physical problems and their importance to the future of humanity and the planet. **Shaman Wisdom, Shaman Healing** Michael Samuels, M.D., Mary Rockwood Lane, PH.D., 2010-12-22 Praise for Michael Samuels and Mary Rockwood Lane: Filled with the truth about how spirit can heal us.
