Wayne te Brake's outstanding synthesis builds on the many studies of popular political action in specific settings and conflicts locating the interaction of rulers and subjects more generally within the multiple political spaces of composite states. In these states says Te Brake a broad range of political subjects often religiously divided among themselves necessarily aligned themselves with alternative claimants to cultural and political sovereignty in challenging the cultural and fiscal demands of some rulers. This often violent interaction between subjects and rulers had particularly potent consequences during the course of the Reformation the Counter Reformation and the Crisis of the Seventeenth Century. But as Te Brake makes clear it was an ongoing political process not a series of separate cataclysmic events. Offering a compelling alternative to traditionally elite centered accounts of territorial state formation in Europe this book calls attention to the variety of ways ordinary people have molded and shaped their own political histories. As long as there have been governments ordinary people have been acting in a variety of often informal or extralegal ways to influence the rulers who claimed authority over them. *Shaping History* shows how ordinary people broke down the institution.

Shaping History Helen Geracimos Chapin, 1996-07-01 Just a decade after the first printing press arrived in Honolulu in 1820 American Protestant missionaries produced the first newspaper in the islands. More than a thousand daily weekly or monthly papers in nine different languages have appeared since then. Today they are often considered a secondary source of information but in their heyday Hawai'i's newspapers formed one of the most diversified vigorous and influential presses in the world. In this original and timely work Helen Geracimos Chapin charts the role Hawai'i's newspapers played in shaping major historic events in the islands and how the rise of the newspaper abetted the rise of American influence in Hawai'i. *Shaping History* is based on a wide selection of written and oral sources including extensive interviews with journalists and others working in the newspaper industry. Students of journalism and Hawaiian history will find this comprehensive history of Hawai'i's newspapers especially valuable.

Shaping History Brian Mooney, 2012-10-22 Great leaders make an impact they challenge beliefs and change the way things are done they shape the course of history. Some are born leaders the vast majority become leaders. Most achieve fame and recognition in their lifetime a few die unrecognized leaving their legacy to shine after they have gone. Not all these hundred great leaders were worldly not all were virtuous and some were even seriously flawed but they all made a difference to the world in which we live for better and at times for worse. Men and women chose to follow them. From the founders of religions to reformers and explorers statesmen and military commanders revolutionaries and businessmen these are stories of the determination and courage selfishness and self sacrifice humility and egoism greed and generosity genius and luck imagination and innovation that transformed these hundred men and women into great leaders.

Shaping History Through Prayer and Fasting Derek Prince, 2002-06-01 Become a World Shaper. The times we are living in are scary to say the least. The world is unstable. Global politics are volatile. The rate of change we now experience is spiraling out of control. We're uncertain about what will happen tomorrow and we feel helpless to do anything about it. Yet what we are facing isn't new. In the past

there have been many wars There have been threats and acts of terrorism History is spotted with violent episodes of unimaginable carnage and horror And what did people do about them The only thing they could do they prayed Discover with Derek Prince how your prayers and fasting can change the world Using experiences from his own life he illustrates how you can make a difference You don t have to fight You don t have to hold high political position You don t have to be a certain age You don t even have to have power money or influence on earth What is important is your influence in heaven Learn to touch the heart of God through prayer prayer that will change the world

The Prophecy That Is Shaping History Jon Mark Ruthven, Jon Ruthven, 2003 Millions of Jews Christians and Muslims believe that a 2 500 year old prophecy is about to be fulfilled a global apocalyptic jihad of many nations against the tiny state of Israel whose recent re emergence in its traditional land has sparked unrelenting rage and attack Repeated resolutions passed in the United Nations reflect world wide and nearly unanimous hostility against the so called Zionist entity even to the point of denying its right to exist Most news media and political analysts seem unaware of the ancient prophecy that not only predicts this apocalyptic war but also amazingly how this prophecy by Ezekiel chapters 36-44 provides the scenario for numerous best selling books in both the English speaking and Muslim worlds These best sellers not only describe this great conflagration but actually also motivate their readers to prepare for it The Prophecy That Is Shaping History represents a major advance in research and scholarship in examining the historical and contemporary impact of Ezekiel s prophecy on world events This academic monograph also offers a wealth of new evidence in tracing the identities origins and ultimate destinies of the key nations of Ezekiel s

prophecy who are seen to participate in what millions believe will be the most horrific battle the world will ever witness

Corfield, 2007-01-01 In this lively comedy of love and money in sixteenth century Venice Bassanio wants to impress the wealthy heiress Portia but lacks the necessary funds He turns to his merchant friend Antonio who is forced to borrow from Shylock a Jewish moneylender When Antonio's business falters repayment becomes impossible and by the terms of the loan agreement Shylock is able to demand a pound of Antonio's flesh Portia cleverly intervenes and all ends well except of course for Shylock

Abbatial Authority and the Writing of History in the Middle Ages Benjamin Pohl, 2023-08-22 This book argues that abbatial authority was fundamental to monastic historical writing in the period c 500 1500 Writing history was a collaborative enterprise integral to the life and identity of medieval monastic communities but it was not an activity for which time and resources were set aside routinely Each act of historiographical production constituted an extraordinary event one for which singular provision had to be made workers and materials assigned time carved out from the monastic routine and licence granted This allocation of human and material resources was the responsibility and prerogative of the monastic superior Drawing on a wide and diverse range of primary evidence gathered from across the medieval Latin West this book is the first to investigate systematically how and why abbots and abbesses exercised their official authority and resources to lay the foundations on which their communities historiographical traditions were built by themselves and others It showcases them as prolific authors patrons commissioners project managers and facilitators of historical narratives who not only regularly put pen to parchment personally but also and perhaps more importantly enabled others inside and outside their communities by granting them the resources and licence to write Revealing the intrinsic relationship between abbatial authority and the writing of history in the Middle Ages with unprecedented clarity Benjamin Pohl urges us to revisit and revise our understanding of monastic historiography its processes and its protagonists in ways that require some radical rethinking of the medieval historian's craft in communal and institutional contexts
