mankind to aspirations for what he considered the true and good he was himself particularly attached There is much however that speaks to the many When he would consent to dismiss these huntings after the obscure which entwined with his nature as they were he did with difficulty no poet expressed in sweeter more heart reaching or more passionate verse the gentler or more forcible emotions of the soul About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works *The Complete Poetical Works of Percy Bysshe Shelley* - Percy Bysshe Shelley, 2012 This book hardcover is part of the TREDITION CLASSICS It contains classical literature works from over two thousand years Most of these titles have been out of print and off the bookstore shelves for decades The book series is intended to preserve the cultural legacy and to promote the timeless works of classical literature Readers of a TREDITION CLASSICS book support the mission to save many of the amazing works of world literature from oblivion With this series tredition intends to make thousands of international literature classics available in printed format again worldwide
