centuries fishermen have launched their pirogues from the Senegalese port of Joal where the fish used to be so plentiful a man could dip his hand into the grey green ocean and pull one out as big as his thigh But in an Atlantic decimated by overfishing and climate change the fish are harder and harder to find Here Badkhen discovers all boundaries are permeable between land and sea between myth and truth even between storyteller and story Fisherman s Blues immerses us in a community navigating a time of unprecedented environmental economic and cultural upheaval with resilience ingenuity and wonder
