The Complete Works of Henry George Henry George, 1904

Heard You'd Been Waiting For A Messiah Jeffery Tunney, 2023-10-25 For centuries people have anticipated the Second Coming of Christ believing it would be a moment of divine revelation and salvation But what if the very institutions that claim to prepare the world for His return are the ones rejecting Christ the most From the origin of religion to the present day this book exposes the truth about faith deception and power With religion before Jesus ancient civilizations worshiped gods created spiritual doctrines and laid the foundation for religious thought But over time these beliefs were reshaped manipulated and used to control societies What began as a search for meaning evolved into a system where religious myths took precedence over truth and those in power dictated what people should believe Today many of these same religious misconceptions continue to mislead people Wealthy preachers on television claim to spread God's word while building personal empires worth hundreds of millions of dollars They preach about the Second Coming of Christ yet their actions prove they are more invested in luxury than salvation Meanwhile true suffering is ignored governments turn a blind eye to human trafficking and institutions built on faith cover up heinous crimes Among the most persecuted are LGBTQ individuals who have faced centuries of discrimination and abuse at the hands of religious and political leaders who claim moral superiority Heard You'd Been Waiting for a Messiah is more than just an exposé on corruption in religion it is a call for truth This book challenges the traditional narrative unveiling the reality of how religious institutions have strayed from their intended purpose It questions why modern churches glorify wealth while neglecting the very teachings of Jesus It forces us to confront uncomfortable truths about how faith is used to justify oppression rather than liberation But at its core this book is personal It tells the story of one voice that has been silenced for too long speaking out against deception and injustice It is about breaking the illusion revealing the lies and finally seeing the world as it truly is The truth is here The question is are you ready to hear

G.E.M.S. Daphne Valcourt, 2022-11-08 In the ancient traditions inspirational life lessons and words of wisdom were passed on from one generation to the next through the oral tradition modern technology television electronic games gizmos and social media however has replaced these oral traditions resulting in important life lessons and impactful stories that help to strengthen character and build resilience not being passed on This book was written as a legacy to my daughter to help preserve these life lessons for generations to come in so doing these lessons will not be lost or forgotten In times of crisis or distress most people tend to revert to a more primitive form of existence to seek for strength but conceivably if the life lessons were never learned then there would be nothing to revert to it is then that they give up in defeat This book has valuable life lessons impactful stories and research discoveries which are called G E M S and is shared to encourage and strengthen you in your personal journey Enjoy the Journey Daphne Valcourt PhD CPsychD MA MS LMFT LMHC CQSW Notary public

Critical Approaches to Genocide Hülya Adak, Fatma Müge Göçek, Ronald Grigor Suny, 2023-09-28 The study of genocide has been appropriate in emphasizing the centrality of the Holocaust yet other preceding episodes of mass violence are of great significance Taking a transnational and transhistorical approach this volume redresses and replaces the silencing of the Armenian Genocide Scholarship relating to the history of denial comparative approaches in the deportations and killings of Greeks and Armenians during the First World War and women's histories during the genocide and post genocide proliferated during the centennial of the Armenian Genocide in 2015 Collectively however these studies have not been enough to offer a comprehensive account of the historical record documentation and interpretation of events during 1915-1916 This study seeks to bridge the gap by unsettling nationalist narratives and addressing areas such as aesthetics gender and sexuality By bringing forward various dimensions of the human experience including the political socioeconomic cultural social gendered and legal contexts within which such silencing occurred the essays address the methodological silences and processes of selectivity and exclusion in scholarship on the Armenian Genocide The interdisciplinary approach makes *Critical Approaches to Genocide* a useful resource for all students and scholars interested in the Armenian Genocide and memory studies

Not in My Family Roger Frie, 2017-03-06 Winner of the 2018 Western Canada Jewish Book Award Winner of the 2017 Canadian Jewish Literary Award Even as the Holocaust grows more distant with the passing of time its traumas call out to be known and understood What is remembered what has been imparted through German heritage and what has been forgotten Can familiar family stories be transformed into an understanding of the Holocaust's forbidding reality Author Roger Frie is uniquely positioned to answer these questions As the son of Germans who were children during World War II and with grandparents who were participants in the War he uses the history of his family as a guide to explore the psychological and moral implications of memory against the backdrop of one of humanity's darkest periods From his perspective of a life lived across German and Jewish contexts Frie explores what it means to discover the legacy of a Nazi past Beginning with the narrative of his grandfather he shows how the transfer of memory from one German generation to the next keeps the Holocaust at bay *Not in My Family* is rich with poignant illustration Frie beautifully combines his own story with the stories of others perpetrators and survivors and the generations that came after As a practicing psychotherapist he also draws on his own experience of working with patients whose lives have been directly and indirectly shaped by the Holocaust Throughout Frie proceeds with a level of frankness and honesty that invites readers to reflect on their own histories and to understand the lasting effects of historical traumas into the present
