My Imaginary Lover Subject Object:

Sensuality and Sexuality Across the Divide of Shame Joseph D. Lichtenberg, 2011-02-25 Placed in a historical context sexuality was once so prominent in psychoanalytic writing that sexual drive and psychoanalysis were synonymous The exciting discovery of childhood sexuality filled the literature Then other discoveries came to the fore until sexuality slipped far in the background This book evokes the excitement of the original discoveries of childhood sexual experience while linking childhood sensuality and sexuality to adult attachment romantic and lustful love This revised perspective offers the general reader insight into contemporary psychoanalytic thought and presents clinicians with a perspective for exploring their patients sensuality and sexuality with renewed interest and knowledge Love, Desire and Transcendence in French Literature Paul Gifford, 2016-12-05 European literature and theory of the twentieth century have been intensely preoccupied with questions of Desire whereas love has increasingly represented a fractured and strange if not actually suspect proposal this is a prime symptom of an age of deep cultural mutation and uncertainty Paul Gifford's book allows this considerable contemporary phenomenon to be observed steadily and whole with strategic understanding of its origins nature and meaning Gifford paints a clear and coherent picture of the evolution of erotic ideas and their imaginary and formal expressions in modern French writing He first retraces the formative matrix of French tradition by engaging with five classic sources Plato s Symposium the Song of Songs the myth of Genesis the tension between Greek Eros and Christian Agape and the repercussions of Nietzsche's declaration of the death of God Modern variations on these perennial problematics are then pursued in ten chapters devoted to Proust Val ry Claudel Breton Bataille Duras Barthes Irigarary Emmanuel Kristeva Literary and theoretical perspectives are perfectly blended in his study of these attempts at deciphering Eros The book will appeal not only to students of French literature but to all those interested in the cultural upheavals of the twentieth century Phobia Sian Morgan, 2018-04-17 This volume in the seminal Encyclopaedia of Psychoanalysis Series is a daring reassessment of the psychoanalytic theory of phobia from numerous schools of thought This book should illuminate why psychoanalysis has been under used in the treatment of phobia is it simply that other treatments are more successful or is it a symptom of today s quick fix culture By considering the origins and meanings of phobia from such a wide range of viewpoints it may be possible to formulate new approaches to the therapeutic treatment of phobia and re engage the interests of the psychoanalytic community in this fascinating subject In recent years research theorization and the treatment of phobias have been dominated by biological and psychopharmacological approaches and by cognitive behavioural therapies Writings on phobia have diminished in the field of psychoanalysis This book is an attempt to redress the balance and focuses not on treatment but on the origin and meaning of phobia This collection then concentrates on the personal mythological and cultural meanings of phobia and its origins The author from her Introduction The Nobleman and Other Romances Isabelle de Charriere, 2012-03-27 The only available English translation of writings by an Enlightenment era Dutch aristocrat writer

composer and woman Born Dutch noble and free spirited Isabelle de Charri re also known as Belle de Zuylen was an enlightened woman whose writings not unlike Jane Austen's tackled the intricacies of high society particularly in matters of love Published when she was only twenty two The Nobleman is a Persuasion like tale whose heroine challenges her stodgy father in order to marry a man of unassuming ancestry But Charri re did not confine herself to simple marriage plots and country courtships Another story Eagonlette and Suggestina is a thinly veiled critique of Marie Antoinette cleverly disguised as a fairy tale The Nobleman and Other Romances will delight fans of Jane Austen and Enlightenment era French literature For more than seventy years Penguin has been the leading publisher of classic literature in the English speaking world With more than 1 700 titles Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors as well as up to date translations by award winning translators and the Dividing Line Juliana De Nooy, 2013-08-21 Both Jacques Derrida and Julia Kristeva have made an enormous impact throughout the humanities with their work on signification identity and difference and yet the nature of the relation between their theories seems oddly indeterminate they have sometimes been regarded as more or less indistinguishable and sometimes as incompatible This book aims at establishing precisely how Kristeva's and Derrida's writings may be articulated tracing intersections and divergences parallels and discontinuities between them But how do you compare two theories of the production of difference What conception of difference do you use to go about it Any search for a dividing line between Derrida and Kristeva already engages with their preoccupations Should the juxtaposition of these practices be conceived as a face to face confrontation or rather a gap a hiatus Could it be a dialectic or a diff rance Should it be thought of in terms of Kristeva s work or Derrida s Accessible and lively this book studies the theories on their own terms in terms of one another and with regard to the literary text a privileged object of their attention It demonstrates that the articulation of the theories shifts under different discursive conditions such that a Derridean reading of the relation is unlikely to coincide with a Kristevan interpretation It shows why there is no single answer to the question of how the two fit together And it investigates what is at stake in the strategic uses to which their work is put whether separately or together **Between the Psyche** and the Social Kelly Oliver, Steve Edwin, 2002 Between the Psyche and the Social is the first collection that specifically features the field of psychoanalytic social theory emerging in and between psychoanalysis feminism postcolonial studies and queer theory and across the disciplines of philosophy literary film and cultural studies This collection of essays takes the psychoanalytic study of social oppression in some new directions by engaging indeed stirring up unconscious fantasies and ethical tensions at the heart of social subjectivity **Like Subjects, Love Objects** Jessica Benjamin, 1995-01-01 In this important book a well known psychoanalyst and feminist makes a case for what she calls gender heterodoxy a highly original view of the similarities and differences between the sexes and in the process illuminates aspects of love sexuality aggression

and pornography Subjectivity and Otherness Lorenzo Chiesa, 2007-09-28 The evolution of the concept of subjectivity in the works of Jacques Lacan Countering the call by some pro Lacanians for an end to the exegesis of Lacan's work and the dismissal by anti Lacanians of Lacan as impossibly impenetrable Subjectivity and Otherness argues for Lacan as a paradoxically systematic thinker and for the necessity of a close analysis of his texts Lorenzo Chiesa examines from a philosophical perspective the evolution of the concept of subjectivity in Lacan's work carrying out a detailed reading of the Lacanian subject in its necessary relation to otherness according to Lacan's orders of the Imaginary the Symbolic and the Real Chiesa emphasizes the continuity underlying apparently incompatible phases of Lacan's examination of the subject describing Lacan's theory as a consistent philosophical system but one that is constantly revised and therefore problematic Chiesa analyzes each old theory of the subject within the framework of a new elaboration and reassesses its fundamental tenets from the perspective of a general psychoanalytic discourse that becomes increasingly complex From the 1960s on writes Chiesa the Lacanian subject amounts to an irreducible lack that must be actively confronted and assumed this subjectivized lack Chiesa argues further offers an escape from the contemporary impasse between the death of the subject alleged by postmodernism and a return to a traditional substantialist notion of the subject An original treatment of psychoanalytic issues Subjectivity and Otherness fills a significant gap in the existing literature on Lacan taking seriously the need for a philosophical investigation of Lacanian concepts **Special Delivery** Linda S. Kauffman, 1992-03 Though letter writing is almost a lost art twentieth century writers have mimed the epistolary mode as a means of reevaluating the theme of love In Special Delivery Linda S Kauffman places the narrative treatment of love in historical context showing how politics economics and commodity culture have shaped the meaning of desire Kauffman first considers male writers whose works testing the boundaries of genre and gender imitate love letters Viktor Shklovsky s Zoo Vladimir Nabokov s Lolita Roland Barthes s A Lover s Discourse and Jacques Derrida s The Post Card She then turns to three novels by women who are more preoccupied with politics than passion Doris Lessing s The Golden Notebook Alice Walker s The Color Purple and Margaret Atwood s The Handmaid s Tale By juxtaposing these women s productions with the men s production of Woman Special Delivery dismantles the polarities between male and female theory and fiction high and low culture male critical theory and feminist literary criticism Kauffman demonstrates how all seven texts mercilessly expose the ideology of individualism and romantic love each presents alternate paradigms of desire wrested from Oedipus grounded in history and politics giving epistolarity a distinctively postmodern stamp The Poetic Avant-garde Beret E. Strong, 1997 The Poetic Avant Garde compares three avant garde groups active in the era between the world wars those surrounding Jorge Luis Borges W H Auden and Andre Breton These groups were composed of poets and writers who made use of the avant garde's characteristic modes of self expression the publication of small journals unorthodox attention getting tactics and interaction with the mainstream press However their differing aesthetic social and political agendas illustrate the surprisingly broad range of

avant gardism in the interwar era Strong looks at the choices these three groups made when their radical goals collided with the forces of social and political change in the 1920s and 1930s highlighting the disparity between their rhetoric and their actual achievements. The book focuses on the avant garde's struggle to reconcile contradictory imperatives a desire to be radically new while also finding an audience Subjectivity Without Subjects Kelly Oliver, 1998 In this volume philosopher and feminist theorist Kelly Oliver takes a look at aspects of popular culture film science and law to examine contemporary notions of paternity and maternity She studies the role of paternal responsibility virility and race in such events as the Million Man March and the growth of the Promise Keeper's movement and suggests alternative ways to conceive of self other relations and the subjective identity at stake in them In addition she offers a detailed analysis of particular works by film makers such as Polanski Bergman and Varda in developing a theory of identity that opens the subject to otherness or difference Thoughts of Love Fiona Peters, Gary Peters, 2013-07-29 Perhaps because love is a feeling rather than a thought there is a serious shortage of thinking on love available for the increasing number of students studying on courses devoted to the subject This volume aims to address this lack providing a much needed resource that will support and enliven research across a wide range of disciplines The essays collected here have been contributed by both established and emerging international scholars in the field and are drawn from a variety of subject areas including continental philosophy ethics critical theory psychoanalysis feminist theory post colonial theory literary theory and personal memoir Addressing a varied but overlapping set of concerns that speak of desire friendship obsession destructiveness sympathy and loss the writers here bring a shared commitment to the theme of love in the face of its denial and destruction in so many quarters so much of the time In such dark times it is work such as this that perhaps can restore our faith in the power of thinking This volume will be of interest to undergraduate and postgraduate students as well as researchers in the field but most of all is intended for all readers whether specialist or non specialist who wish to give some serious thought to the most human of human feelings love

Book of Love and Pain, The Juan-David Nasio,2012-02-01 Addresses the limits in treating pain psychoanalytically and offers a phenomenological description of psychic pain particularly the pain of a lost loved one Passion in Theory Robin Ferrell,2006-08-21 Philosophy had either ignored or attacked psychoanalysis such responses are neither warranted nor helpful One hundred years after its inception isn t it time to find out what psychoanalysis has to offer us In Passion in Theory Robyn Ferrell does just that and returns with some surprising answers Concentrating on the work of Freud and Lacan Robyn Ferrell asks why their work had been so influential in European philosophy yet so marginal in the Anglo American circles Passion in Theory explores their conception of the relationship between mind and body and how it provides a key to many current philosophical questions Passion in Theory is designed for students and researchers in psychoanalysis traditional and continental philosophy

Women and Men in Love Luisa Passerini,2012-07 It has often been assumed that Europeans invented and had the exclusive monopoly over courtly and romantic love commonly

considered to be the highest form of relations between men and women This view was particularly prevalent between 1770 and the mid twentieth century but was challenged in the 1960s when romantic love came to be seen as a universal sentiment that can be found in all cultures in the world However there remains the historical problem that the Europeans used this concept of love as a fundamental part of their self image over a long period traces of it still remain and it became very much caught up in the concept of marriage This book challenges the underlying Eurocentrism of this notion while exploring in a more general sense the connection between identity and emotions Women and Men in Love Anthony Edward Waine, 2007 It has often been assumed that Europeans invented and had the exclusive monopoly over courtly and romantic love commonly considered to be the highest form of relations between men and women This view was particularly prevalent between 1770 and the mid twentieth century but was challenged in the 1960s when romantic love came to be seen as a universal sentiment that can be found in all cultures in the world However there remains the historical problem that the Europeans used this concept of love as a fundamental part of their self image over a long period traces of it still remain and it became very much caught up in the concept of marriage This book challenges the underlying Eurocentrism of this notion while exploring in a more general sense the connection between identity and emotions **Digital Love** Heidi McDonald, 2017-11-02 Scholars and professionals from all over the world across experience levels and the gender and sexuality spectrum share experiences and analysis of romance and sexuality in video games Whether discussing casual sex in the Star Wars universe analyzing various Otome games examining the gaze in various games player romance behavior in games or exploring the ethical ramifications of sexuality in virtual reality and other emerging technologies this book discusses what players want in video game romance and how developers can best deliver it Key Features Examines the past present and future of romance in single player role playing games Discusses common presentations of romance in single player role playing games both in the category and game mechanics that drive romance Discusses research on how players define a satisfying game romance and what specific steps narrative designers can take to design satisfying games Explains the notion of the empathic game and explores its importance in relation to romance in game design Women and Discourse in the Fiction of Marguerite Duras Susan D. Cohen, 1993 A comprehensive study of Marguerite Duras fiction with a focus on language representation and difference which Duras explores on every structural level Studying Lacan's Seminar VII Carol Owens, 2023-11-24 Studying Lacan's Seminar VII offers a contemporary critically informed set of analyses of Lacan's ethics seminar and astute reflections about what Lacan's ethics offer to the field of psychoanalytic thought today The volume interrogates the seminar with fresh voices and situated curiosities and perspectives making for a compellingly exciting range of explorations of the crucial matters related to an ethics of psychoanalysis The chapters question and tease out the paradoxes Lacan draws attention to in his seminar of 1959 1960 and in addition they offer radical engagements with the seminar in light of theories of racism inequality capitalism education and subjectivity. The key elements in Lacan's

seminar are explained debated and reconsidered with Antigone das Ding and the inevitable ne c der pas sur son d sir duly unpacked examined and ruminated upon Studying Lacan's Seminar VII will be of interest to psychoanalytic scholars and students of Lacanian psychoanalysis as well as psychoanalytic therapists and analysts It will also be of interest to scholars and students of politics philosophy and studies at the intersections of racism film feminism sociology gender and queer theory
