H. Stubbs, John H. Bender, William Edwin Rudge, 1921 *Foot Prints on the Rocks* Dr Amitabh Shanker Roy Choudhury, 2018-03-02 It all happened in mid June 2013 The nature's fury had broken loose in Kedarnath valley Excerpts from the book It didn't take long for nature to reveal its frightening designs It was indeed a natural calamity but a manmade disaster too The sudden blackening of the blue sky which Inder had witnessed was caused by a cloud burst over the Chorabali Tal situated at the height of 14 000ft four km from the Kedarnath temple It remains blanketed throughout the year with snow white flakes The clouds poured god knows how many thousand cusecs of water into the lake Consequently the walls of the lake could no longer withstand the water pressure and were breached at several points releasing a huge water jinn which tore apart whatever tried to block it And then when no shackle was left to constrain it the jinn was free to wreak havoc upon the lives of the people Chetak again raised its two bleeding forelimbs to hit the attacker But by that fraction of a second the war was lost and won The poor dog tried to bark But its neck was stifled between the leopard's two sets of teeth The hapless creature could not make even a final cry Blood was oozing from its throat The black brown hairs of the neck gradually became crimson The birds had returned to their nests They were chirping all around The leaves of the kafol tree were fluttering in the evening breeze and emanating the sound like ankle bells The temple bells were ringing Standing on the ramparts of heaven with silver peak railings on the sides the not so bright moon was smiling and peeking through the fluttering leaves of the peepal tree in front of their house The heaven and earth extended a warm welcome to the long lost son of the family The sky above Himalaya was bathed in a crimson red hue Evidence Concerning the "state Printing Contract" Taken by a Special Committee of the Senate ... an era when book clubs bibliomemoirs Bookstagram and BookTok are as valuable to some readers as solitary reading moments The product of nearly two decades of qualitative research into readers and reading culture What Readers Do examines reading through three dimensions aesthetic conduct moral conduct and self care to show how readers intertwine private and social behaviors and both reinforce and oppose the structures of capitalism Analyzing reading as a post digital practice that is a synthesis of both print and digital modes and on and offline behaviors Driscoll presents a methodology for studying readers that connects book history literary studies sociology and actor network theory Arguing for the vitality agency and creativity of readers this book sheds light on how we read now and on how much more readers do than just read
