Hoye, 2019-11-26 Aguinas theology can and justice be understood only if one comes to grips with his metaphysics of being The relevance of this perspective is exhibited in his treatment of topics like creation goodness happiness truth freedom of the will the unity of the human being prayer and providence God's personhood divine love God and violence God's unknowability the Incarnation the Trinity God's existence theological language and even laughter This book endeavors to treat these questions in a clear and convincing language Is
