

An abstract, high-contrast background featuring a woman's face in profile, rendered in a stylized, almost graphic manner. The colors are vibrant and saturated, including deep reds, bright yellows, and rich blues. The woman's face is partially obscured by the text and the abstract shapes. The overall effect is one of dynamic energy and artistic expression.

Grandt, 2018-12-15 Gettin Around examines how the global jazz aesthetic strives in various ways toward an imaginative reconfiguration of a humanity that transcends entrenched borders of ethnicity and nationhood while at the same time remaining keenly aware of the exigencies of history Jürgen E. Grandt deliberately refrains from a narrow empirical definition of jazz or of transnationalism and true to the jazz aesthetic itself opts for a broader more inclusive scope even as he listens carefully and closely to jazz s variegated soundtrack Such an approach seeks not only to avoid the museal whiff of a golden age time past but also to broaden the appeal and the applicability of the overall critical argument For Grandt international simply designates currents of people ideas and goods between distinct geopolitical entities or nation states whereas transnational refers to liminal dynamics that transcend preordained borderlines occurring above below beside or along the outer contours of nation states Gettin Around offers a long overdue consideration of the ways in which jazz music can inform critical practice in the field of transnational American studies and grounds these studies in specifically African American cultural contexts **Product of My Environment** Donnell Harris, 2019-03-01 Kareem was raised in an exclusive neighborhood in Echelon New Jersey Trees and manicured lawns was the norm of his environment No sirens wailing constantly from police cars or liquor stores occupying every other corner He didn t understand everything that his parents were telling him but he did understand that he was going to go live with them Both of his parents were raised in the city and wanted their only child to experience both sides of life His mother was raised in Philly while his father was raised in Camden Living in Camden he will meet his future partners in elementary school He would run through the urinated and broken bottle filled alleys with them while learning to distinguish the distinct sounds of certain weapons They shared everything together but he was keeping a secret from them He never shared what transpired when he went home for the summer except that nothing exciting occurred When backed
