Politics government *Facts and Figures* ,1955 **Time for Reparations** Jacqueline Bhabha,Margareta Matache,Caroline Elkins,2021-09-03 Past state injustice has enduring consequences and the harm needs to be addressed as a matter of justice and equity Time for Reparations offers detailed case studies of state injustices from slavery to forced sterilization to widespread atrocities and interdisciplinary perspectives on the potential impact of reparative strategies **Palestine Betrayed** Efraim Karsh,2010-04-27 The 1947 UN resolution to partition Palestine irrevocably changed the political landscape of the Middle East giving rise to six full fledged wars between Arabs and Jews countless armed clashes blockades and terrorism as well as a profound shattering of Palestinian Arab society Its origins and that of the wider Arab Israeli conflict are deeplyrooted in Jewish Arab confrontation and appropriation in Palestine But the isolated occasions of violence during the British Mandate era 1920 48 suggest that the majority of Palestinian Arabs yearned to live and thrive under peaceful coexistence with the evolving Jewish national enterprise So what was the real cause of the breakdown in relations between the two communities In this brave and groundbreaking book Efraim Karsh tells the story from both the Arab and Jewish perspectives He argues that from the early 1920s onward a corrupt and extremist leadership worked toward eliminating the Jewish national revival and protecting its own interests Karsh has mined many of the Western Soviet UN and Israeli documents declassified over the past decade as well as unfamiliar Arab sources to reveal what happened behind the scenes on both Palestinian and Jewish sides It is an arresting story of delicate political and diplomatic maneuvering by leading figures Ben Gurion Hajj Amin Husseini Abdel Rahman Azzam King Abdullah Bevin and Truman over the years leading up to partition through the slide to war and its enduring consequences Palestine Betrayed is vital reading for understanding the origin of disputes that remain crucial today *The Case for Palestine* John B. Fischbach,2006 After sketching the historical background and reviewing conflicting estimates of the amount of property involved the volume investigates U S and UN settlement proposals developed behind closed doors in the 1950s and 60s and explains how the peace process from Camp David I to Camp David II and beyond has actually hindered a settlement of property claims **Foreign Relations of the United States** United States. Department of State,1976 **Records of Dispossession** Michael R. Fischbach,2004-01-05 Includes statistics *Israel and its Palestinian Citizens* Nadim N. Rouhana,Sahar S. Huneidi,2017-02 This volume examines the status of the Palestinian citizens in Israel and explores ethnic privileging and the dynamics of social conflict **Not by War Alone** Paul Jabber,2023-11-15 The Middle East remains the most politically volatile and militarily unstable region in the world It is also in relative terms the

most heavily armed and the influx of American Soviet French and other weaponry continues unabated Moreover the Arab Israeli conflict invites competition in nuclear armaments Accordingly a concern of public policy must be the promotion of strategic stability between potential adversaries and the imposition of effective restraints on the several interrelated arms races in the region In the absence of negotiated solutions to existing disputes or as a feature of future peace accords arms control measures could be of crucial importance in preventing the outbreak of war Jabber explores the prospects for arms control in the specific contexts of the Arab Israeli dispute and of military developments since the war of October 1973 Seeing lessons from history and drawing on previously untapped materials he includes a case study of an actual Middle East arms control system that was instituted by the United States Great Britain and France under the Tripartite Declaration of May 1950 Designed to prevent further warfare after the establishment of Israel by maintaining a stable balance of power through the rationing of arms supplies this agreement was soon circumvented by its French sponsors and it collapsed altogether following the emergence in 1955 of the Soviet Bloc as a major source of arms After analyzing the Tripartite system a unique experiment in coordinated long term multilateral arms control on a regional level Mr Jabber defines the basic requirements for effective and curable international accords of this kind by exploring the relationships among the international arms trade the purposes of arms control and the political objectives and security interests of both suppliers and recipients of arms The Middle East remains the most politically volatile and militarily unstable region in the world It is also in relative terms the most heavily armed and the influx of American Soviet French and other weaponry continues unabated Moreover the Arab Is
