made promises but kept those promises Even though I have also witnessed sadness to an unimaginable degree since his unexpected death I can truly say I was still blessed to have loved and been loved to a magnitude I do not have words to describe A lifetime cannot be defined in terms of hours days years decades or century Regardless of the length of time any relationship lasts we must learn to live every minute like it is our last That is what my one true love taught me He added truth honesty love and devotion together and we had a sum total of joy and happiness divided by the number of offsprings produced by that love And we never parted in anger or unforgiveness because no one can predict what the next minute will bring Sometimes I think my love was just too wise for this world that is why God called him home to be with Him As I look back over our life together I feel enormously blessed by God to have had such a love as this in my lifetime Only God made it possible Only God allowed me to experience total bliss for a little while 29 8 years Words cannot describe the memories stored in my memory bank of our span of time together In all my days of blissful retreat the only thing I feel I did not do enough of is giving grateful praise to the Almighty for creating that soul mate just for me and I for him Life will go on and in each whisk of air against my skin as I sit and read I will remember it is you my love stopping by to see me every now and then God saw you were getting tired So He did what He knew was best He watched and waited for the exact time You were in most need of some rest You did not say to me farewell Nor even a wave good bye God took you swift and easy I dare not ask God why He gave you to me for a while I loved you with all my heart I showed you I told you daily Even in death we are not apart Rest easy Honey until I get there I will know you when I arrive We will be just two angels forever Always partners side by side

interviews with movement residents builders and advocates as well as the author's insights from her fieldwork of living tiny In it we learn how the movement is challenging consumerism overwork and environmental destruction and facilitating a more meaningful understanding of home This book highlights that the tiny house movement is more than a lifestyle choice and that the movement challenges the consumerist lifestyle In Canada and the United States we are taught that bigger is better and that constant growth in our personal wealth accumulation and in the economy is a sign of our success We sacrifice well being and life satisfaction because of our relationship with stuff This leads to personal debt and unsustainability in our relationships communities and the environment This is the first book to examine the tiny house movement as a challenge to consumer culture by demonstrating its potential to offer individual collective and societal change **Towards Democracy** Edward Carpenter, 2015-12-14 Edward Carpenter's *Towards Democracy* is well known as a starting point of his later work Originally written in 1881 whilst taking a break from lecturing in Universities across the UK this four volume poem dwells mainly on themes of freedom and equality values that Carpenter wrote upon many times in his career Originally published in 1883 this version in 1917 this title will be of interest to students of Sociology and English Literature **Tiny House, Big Fix** Gail Anderson-Dargatz, 2019-01-29 Sadie works as a framer building houses Sadie lost her own home in a recent divorce and now lives with her two daughters in a rented bungalow When her landlady says she needs to move out Sadie finds there's a housing crisis in her community She can't find a place to live and is forced to move her family into a travel trailer at a local campsite When her ex husband finds out he insists that the girls come live with him in another city Desperate to keep her daughters with her in their home community Sadie is forced to rethink her dream of living in a full sized house In the short term she moves her girls into a co worker's apartment Then with the help of her friends and daughters she builds a tiny house In the process she finds living with less has its rewards and that living in a small space brings her family closer together This short novel is a high interest low reading level book for older teen readers and adults who are building reading skills want a quick read or say they don't like to read The epub edition of this title is fully accessible **The Romance of His Life** Mary Cholmondeley, 2015-12-01 English author Mary Cholmondeley won acclaim for her writing in numerous genres from the tale of a detective who solves the mystery of an ingenious jewel heist in her first novel *The Danvers Jewels* to her later examination of friendship and adultery *Red Pottage* The stories collected in this volume run the gamut from romances to crime fiction to a humorous satirical take on the issue of women's suffrage *The Newcomer* Robyn Carr, 2019-05-27 Welcome back to Thunder Point a town in Oregon where the people look out for each other and newcomers are welcome to make a fresh start Book two in the bestselling series from Robyn Carr Single dad and Thunder Point's deputy sheriff Mac McCain has worked hard to keep his town safe and his daughter happy Now he's found his own happiness with Gina James The longtime friends have always shared the challenges and rewards of raising their adolescent daughters With an unexpected romance growing between them they're feeling like teenagers themselves suddenly they can't get enough of one

another And just when things are really taking off their lives are suddenly thrown into chaos When Mac s long lost ex wife shows up in town drama takes on a whole new meaning Mac and Gina know they re meant to be together but can their newfound love withstand the pressure With humor and insight 1 New York Times bestselling author Robyn Carr explores letting go of the past and finding something worth building a future on Originally published in 2013 **Urban Space in the Middle Ages and the Early Modern Age** Albrecht Classen,2009-12-15 Although the city as a central entity did not simply disappear with the Fall of the Roman Empire the development of urban space at least since the twelfth century played a major role in the history of medieval and early modern mentality within a social economic and religious framework Whereas some poets projected urban space as a new utopia others simply reflected the new significance of the urban environment as a stage where their characters operate very successfully As today the premodern city was the locus where different social groups and classes got together sometimes peacefully sometimes in hostile terms The historical development of the relationship between Christians and Jews for instance was deeply determined by the living conditions within a city By the late Middle Ages nobility and bourgeoisie began to intermingle within the urban space which set the stage for dramatic and far reaching changes in the social and economic make up of society Legal historical aspects also find as much consideration as practical questions concerning water supply and sewer systems Moreover the early modern city within the Ottoman and Middle Eastern world likewise finds consideration Finally as some contributors observe the urban space provided considerable opportunities for women to carve out a niche for themselves in economic terms **Traits and stories of the Irish peasantry. By W. Carleton** William Carleton,1864 Traits and Stories of the Irish Peasantry William Carleton,1865
The Cambridge Review ,1884 **It's Your Misfortune and None of My Own** Richard White,2015-02-16 A centerpiece of the New History of the American West this book embodies the theme that as succeeding groups have occupied the American West and shaped the land they have done so without regard for present inhabitants Like the cowboy herding the dogies they have cared little about the cost their activities imposed on others what has mattered is the immediate benefit they have derived from their transformation of the land Drawing on a recent flowering of scholarship on the western environment western gender relations minority history and urban and labor history as well as on more traditional western sources It s Your Misfortune and None of My Own is about the creation of the region rather than the vanishing of the frontier Richard White tells how the various parts of the West its distinct environments its metropolitan areas and vast hinterlands the various ethnic and racial groups and classes are held together by a series of historical relationships that are developed over time Widespread aridity and a common geographical location between the Missouri River and the Pacific Ocean would have provided but weak regional ties if other stronger relationships had not been created A common dependence on the deferral government and common roots in a largely extractive and service based economy were formative influences on western states and territories A dual labor system based on race and the existence of minority groups with distinctive legal

status have helped further define the region Patterns of political participation and political organization have proved enduring Together these relationships among people and between people and place have made the West a historical creation and a distinctive region From Europeans contact and subsequent Anglo American conquest through the civil rights movement the energy crisis and the current reconstructing of the national and world economies the West has remained a distinctive section in a much larger nation In the American imagination the West still embodies possibilities inherent in the vastness and beauty of the place itself But Richard White explains the possibilities many imagined for themselves have yielded to the possibilities seized by others Many who thought themselves cowboys have in the end turned out to be dogies

Remaking the Heartland Robert Wuthnow, 2010-12-28 The social transformation of the American Midwest in the postwar era For many Americans the Midwest is a vast unknown In Remaking the Heartland Robert Wuthnow sets out to rectify this He shows how the region has undergone extraordinary social transformations over the past half century and proven itself surprisingly resilient in the face of such hardships as the Great Depression and the movement of residents to other parts of the country He examines the heartland's reinvention throughout the decades and traces the social and economic factors that have helped it to survive and prosper Wuthnow points to the critical strength of the region's social institutions established between 1870 and 1950 the market towns farmsteads one room schoolhouses townships rural cooperatives and manufacturing centers that have adapted with the changing times He focuses on farmers struggles to recover from the Great Depression well into the 1950s the cultural redefinition and modernization of the region's image that occurred during the 1950s and 1960s the growth of secondary and higher education the decline of small towns the redeployment of agribusiness and the rapid expansion of edge cities Drawing his arguments from extensive interviews and evidence from the towns and counties of the Midwest Wuthnow provides a unique perspective as both an objective observer and someone who grew up there Remaking the Heartland offers an accessible look at the humble yet strong foundations that have allowed the region to endure undiminished
