Kain,2008-10-08 Book Description **Coming to My Senses** is a collection of old and new poems written over many years in many places So it is a kind of anthology of my works to date In putting it together I looked for common elements in order to group the poems and found five directions that the poems take Seeking Passage is about moving through changes in life looking forward or backward and recognizing the need for change Of Love and Loss is self explanatory poems responding to the heartache of love and memories gone Diversions if

this is not the stuff of poetry I don't know what is Poetry for me then is a search and a celebration a revelation not an explanation or a comment on the world but rather a discovery of the inner life of thought and consciousness a coming to my senses and a reawakening of something with reverence The poetic moment is a moment that begins and ends in the mind's silence and within that silence is a wide world of timeless utterances subtle responses and the feeding roots of new ideas The poetic moment is what ties philosophy to the real world what demands religion from the questing soul and what unveils the deeper values in an otherwise common and habitual world These poems are records of some of these moments They are meditations and reflections more than they are compositions The form each poem takes arises from the moment that still point of the turning world from the attempt to dissolve the outer consciousness and reach a pure state of cognition the origin of the question What is it in this life that seeks for something more There is something wistful in each attempt to find an answer and though the answer is in the end a mystery we must not forget that moment of illumination in which we first discovered that mystery gives birth to imagination who like a child gleams at every new thing *Come to Your Senses* Joan Brock, 2012-10 From the sense of sight to the sense of peace and from the sense of humor to the sense of loss the wealth of all you have within your own self is unimaginable Explore how you can complete each day by filling the hours with your own life experiences This book will inspire you to Travel through a world that will challenge you to examine and study insights from your own life experiences Utilize the food for thought provided from the perspective of a woman who has been to the deepest depths of loss and has climbed back up from those valleys of despair Evaluate your own insights to be able to put life in its proper perspective thus heading you in a positive productive direction Complete the whole picture to reach your full potential and thus achieve true happiness in life **Awaken Your Senses** J.
