collection examine individual thinkers writers and leaders as well as movements and ideas that shaped the Midwest including rural school consolidation women's literary societies Progressive era urban planning and Midwestern radical liberalism While disparate in subject and style these essays taken together establish the irrefutable significance of the intellectual history of the American Midwest

Excerpt from the entry on Gallup George Horace November 19 1901 July 26 1984 founder of the American Institute of Public Opinion better known as the Gallup Poll whose name was synonymous with public opinion polling around the world was born in Jefferson Iowa A New Yorker article would later speculate that it was Gallup's background in utterly normal Iowa that enabled him to find nothing odd in the idea that one man might represent statistically ten thousand or more of his own kind In 1935 Gallup partnered with Harry Anderson to found the American Institute of Public Opinion based in Princeton New Jersey an opinion polling firm that included a syndicated newspaper column called America Speaks The reputation of the organization was made when Gallup publicly challenged the polling techniques of The Literary Digest the best known political straw poll of the day Calculating that the Digest would wrongly predict that Kansas Republican Alf Landon would win the presidential election Gallup offered newspapers a money back guarantee if his prediction that Franklin Delano Roosevelt would win wasn't more

accurate Gallup believed that public opinion polls served an important function in a democracy If government is supposed to be based on the will of the people somebody ought to go and find what that will is Gallup explained **The Depression**

Dilemmas of Rural Iowa, 1929-1933 Lisa L. Ossian, 2012-01-01 To many rural Iowans the stock market crash on New York's Wall Street in October 1929 seemed an event far removed from their lives even though the effects of the crash became all too real throughout the state From 1929 to 1933 the enthusiastic faith that most Iowans had in Iowan President Herbert Hoover was transformed into bitter disappointment with the federal government As a result Iowans directly questioned their leadership at the state county and community levels with a renewed spirit to salvage family farms demonstrating the uniqueness of Iowa's rural life Beginning with an overview of the state during 1929 Lisa L. Ossian describes Iowa's particular rural dilemmas evoking through anecdotes and examples the economic nutritional familial cultural industrial criminal legal and political challenges that engaged the people of the state The following chapters analyze life during the early Depression new prescriptions for children's health creative housekeeping to stretch resources the use of farm playlets to communicate new information creatively and memorably the demise of the soft coal mining industry increased violence within the landscape and the movement to end Prohibition The challenges faced in the early Great Depression years between 1929 and 1933 encouraged resourcefulness rather than passivity creativity rather than resignation and community rather than hopelessness Of particular interest is the role of women within the rural landscape as much of the increased daily work fell to farm women during this time While the women addressed this work simply as making do Ossian shows that their resourcefulness entailed complex planning essential for families emotional and physical health Ossian's epilogue takes readers into the Iowa of today dominated by industrial agriculture and asks the reader to consider if this model that stemmed from Depression era innovation is sustainable Her rich rural history not only helps readers understand the particular forces at work that shaped the social and physical landscape of the past but also traces how these landscapes have continued in various forms for almost eighty years into this century *Birding Under the Influence* Dorian Anderson, 2023-11-02 One hell of a ride Nick Offerman actor woodworker New York Times bestselling author With a fresh infusion of adventure danger and personal growth Anderson brings a story that is both a joy to read and fodder for reflection and it has inspired me to new hopes for my birding Birding Magazine American Birding Association At a personal and professional crossroads a man resets his life and finds sobriety love and 618 bird species cycling his way to a very Big Year In *Birding Under the Influence* Dorian Anderson a neuroscience researcher on a pressure filled life trajectory walks away from the world of elite institutions research labs and academic publishing In doing so he falls in love and discovers he has freed himself to embrace his lifelong passion for birding A North American Big Year a continent spanning adventure in which a birder attempts to see as many species as possible in twelve months is a massive undertaking under any circumstances But doing it on a bike while maintaining sobriety That's next level As Dorian pedals across the country describing the birds he sees he confronts the
