analogies featuring bad Brad Pitt films and corporate failures Dark Side Leadership is a new topic for boardrooms and bars alike that is set in a smart and editorial style It is recommended reading for anyone anticipating the hope and change of the 21st Century or debating a raid of petty cash at the same time Aside from that it is conventional yet intellectual fun www.darksideleadership.com

Anti-Tales David Calvin, Catriona McAra, 2011-05-25 The anti fairy tale has long existed in the shadow of the traditional fairy tale as its flipside or evil twin According to Andr Jolles in *Einfache Formen* 1930 such Antim rchen are contemporaneous with some of the earliest known oral variants of familiar tales While fairy tales are generally characterised by a spirit of optimism Tolkien the anti tale offers us no such assurances for every happily ever after there is a dissenting they all died horribly The anti tale is however rarely an outright opposition to the traditional form itself Inasmuch as the anti hero is not a villain but may possess attributes of the hero the anti tale appropriates aspects of the fairy tale form and its equivalent genres and re imagines subverts inverts deconstructs or satirises elements of these to present an alternate narrative interpretation outcome or morality In this collection Little Red Riding Hood retaliates against the wolf Cinderella s stepmother provides her own account of events and Snow White evolves into a postmodern vampire tale The familiar becomes unfamiliar revealing the underlying structures dynamics fractures and contradictions within the borrowed tales Over the last half century this dissident tradition has become increasingly popular inspiring numerous writers artists musicians and filmmakers Although anti tales abound in contemporary art and popular culture the term has been used sporadically in scholarship without being developed or defined While it is clear that the aesthetics of postmodernism have provided fertile creative grounds for this tradition the anti tale is not just a postmodern phenomenon rather the postmodern fairy tale is only part of the picture Broadly interdisciplinary in scope this collection of twenty two essays and artwork explores various manifestations of the anti tale from the ancient to the modern including romanticism realism and surrealism along the way

[You Play the Girl](#) Carina Chocano, 2017-08-08 National Book Critics Circle Award Winner With dazzling clarity Chocano s commentary exposes the subliminal sexism on our pages and screens O The Oprah Magazine As a kid in the 1970s and 80s Carina Chocano was confused by the mixed messages all around her that told her who she could be and who she couldn t She grappled with sexed up sidekicks princesses waiting to be saved and morally infallible angels who seemed to have no opinions of their own It wasn t until she spent five years as a movie critic and was laid off just after her daughter was born however that she really came to understand how the stories the culture tells us about what it means to be a girl limit our lives and shape our destinies In *You Play the Girl* Chocano blends formative personal stories with insightful and emotionally powerful analysis Moving from Bugs Bunny to Playboy Bunnies from Flashdance to Frozen from the progressive 70s through the backlash 80s the glib 90s and the pornified aughts and at stops in between she explains how growing up in the shadow of the girl taught her to think about herself and the world and what it means to raise a daughter in the face of these contorted reflections In the tradition of Roxane Gay Rebecca Solnit and Susan Sontag Chocano brilliantly shows that

our identities are more fluid than we think and certainly more complex than anything we see on any kind of screen If Hollywood s treatment of women leaves you wanting you ll find good heady company in *You Play the Girl Elle Here Comes A Chopper to Chop Off Your Head - The Dark Side of Childhood Rhymes & Stories* Liz Evers,2014-10-12 Today s parents are increasingly replacing nursery rhymes with the latest pop songs and fairy tales now thought too scary for little ones with cute stories about farmyard animals and talking trains Until recently weird tales of fairy curses and flesh eating ogres were considered suitable bedtime reading And the strange sounding and sometimes violent rhymes we learned by rote were often taught to us in school But have you ever asked yourself what on earth they were about And what exactly were the morals and lessons we were meant to learn from them Here Comes a Chopper to Chop Off Your Head delves into the origins of the best known rhymes and tales to uncover a legacy of folk superstition rotten royal families execution child marriage cannibalism and the multitude of other random acts of cruelty that make up any classic treasury You ll learn about the bloody history of Mary Mary Quite Contrary why Margery Daw the subject of an innocent seeming seesaw game was accused of being a dirty slut and how pretending to decapitate your little friends to the tune of Oranges and Lemons became an acceptable pastime You ll also find out about the terrifying events that befell the first Sleeping Beauty when she finally woke up how Snow White s stepmother really died and just who the wolf was in Little Red Riding Hood
