Loved Claudette Schlitter,2012-09-01 Well known British Gospel singer Claudette Schlitter tells her remarkable story The story of her search for love For many years Claudette hid her true self from family and friends until in the end the secrets of the past and her battle with an eating disorder threatened to destroy all that she had worked for She began a search for true love and hoped for a happy ever after only to find that more tragedy than she could ever imagine was coming her way Finally she found the strength to face her past and the courage to tell her story Claudette s story will inspire you as you read of her remarkable journey of faith against the odds Never giving up on the belief that somewhere out there was someone who loved her she finally found that someone but in the most unexpected way I Need to Scream! Would Anyone Even Hear Me?

Lorraine Valyo Davis,2006-01-13 The prospect of having to care for an ill loved one takes most of us by surprise Once a diagnosis or treatment schedule has been determined a caregiver must learn how to multi task in very creative ways Usually this is learned by trial and error Until now I Need to Scream Would Anyone Even Hear Me is a handbook for the caregiver Once a loved one needs a health advocate a caregiver is born and then quickly baptized by fire This book will help douse that inferno It includes chapters on how to select a hospital and doctor along with sections on medications family matters and most importantly how to take care of his or her self in the process This is not a scientific project It is a personal account written by a caregiver It contains suggestions on how to make the transition from normal life to a new life as painless as possible I Need to Scream Would Anyone Even Hear Me attempts to remove the guilt and negativity that can become part of a caregiver s life It also includes blank pages at the end of each chapter so that the caregiver is able to jot down notes questions or reflections This is a book that is long overdue Caregivers are part of a strong and silent group They need a voice Few people realize the traumatic role of the caregiver unless one has had experience like the author of this book We do not know when a serious illness or accident will befall a loved one It is for that reason that this book should be in every library home and hospital I Need to Scream Would Anyone Even Hear Me is unlike most publications that include this subject This book is primarily for caregivers and the people who love them *Poetry of Inspiration Love & Expression* , Believe and
