Law as Punishment / Law as Regulation Austin Sarat, Lawrence Douglas, Martha Merrill Umphrey, 2011-08-29 Law depends on various modes of classification How an act or a person is classified may be crucial in determining the rights obtained the procedures employed and what understandings get attached to the act or person Critiques of law often reveal how arbitrary its classificatory acts are but no one doubts their power and consequence This crucial new book considers the problem of law's physical control of persons and the ways in which this control illuminates competing visions of the law as both a tool of regulation and an instrument of coercion or punishment It examines various instances of punishment and regulation to illustrate points of overlap and difference between them and captures the lived experience of the state's enterprise of subjecting human conduct to the governance of rules Ultimately the essays call into question the adequacy of a view of punishment and or regulation that neglects the perspectives of those who are at the receiving end of these exercises of state power

**Hawkwind: Days of the Underground** Joe Banks, 2020-10-13 An account of the English rock band Hawkwind shows them to be one of the most innovative and culturally significant bands of the 1970s Fifty years on from when it first formed the English rock band Hawkwind continues to inspire devotion from fans around the world Its influence reaches across the spectrum of alternative music from psychedelia prog and punk through industrial electronica and stoner rock Hawkwind has been variously if erroneously positioned as the heir to both Pink Floyd and the Velvet Underground and as Britain's answer to the Grateful Dead and Krautrock It has defined a genre space rock while operating on a frequency that's uniquely its own Hawkwind offered a form of radical escapism and an alternative account of a strange new world for a generation of young people growing up on a planet that seemed to be teetering on the brink of destruction under threat from economic meltdown

industrial unrest and political polarization While other commentators confidently asserted that the countercultural experiment of the 1960s was over Hawkwind took the underground to the provinces and beyond In Days of the Underground Joe Banks repositions Hawkwind as one of the most innovative and culturally significant bands of the 1970s It s not an easy task As with many bands of this era a lazy narrative has built up around Hawkwind that doesn t do justice to the breadth of its ambition and achievements Banks gives the lie to the popular perception of Hawkwind as one long lysergic soap opera with Days of the Underground he shows us just how revolutionary Hawkwind was **Design for Victory** William L.

Bird,Harry Rubenstein,1998-06 The poster inexpensive colorful and immediate was an ideal medium for delivering messages about Americans duties on the home front during World War II Design for Victory presents more than 150 of these stunning images many never reproduced since their first issue culled from the collections of the National Museum of American History Smithsonian Institution William L Bird Jr and Harry R Rubenstein delve beneath the surface of these colorful graphics telling the stories behind their production and revealing how posters fulfilled the goals and needs of their creators The authors describe the history of how specific posters were conceived and received focusing on the workings of the wartime advertising profession and demonstrating how posters often reflected uneasy relations between labor and management The

Osteology of Infants and Children Brenda J. Baker,Tosha L. Dupras,Matthew W. Tocheri,2005-07-27 Most archaeologists and bioarchaeologists receive little or no training in the recognition of skeletal remains of fetuses infants and children Yet many research sites may contain such materials Without a framework for identifying the bones or the excavation techniques suited to their recovery archaeologists may often overlook subadult skeletal remains or even confuse them with animal bones The Osteology of Infants and Children fills the need for a field and lab manual on this important topic and provides a supplemental textbook for human osteology courses Focusing on juvenile skeletons their recovery and identification and siding in both field and lab settings the volume provides basic descriptions and careful illustrations of each skeletal element at varying stages of development along with sections on differentiation from other bones and siding tips The book offers detailed treatment of the skull and teeth including the cranial vault and facial bones and examines the infracranial skeleton vertebrae pelvis chest shoulders arms hands legs and feet A quick reference guide explains age estimation and identification templates The illustrations are enhanced by photographs from two recent archaeology projects in Egypt at Abydos and Dakhleh Oasis The extensive collection of fetal and child remains from these sites provides new reference material unavailable in previous publications making this manual an unparalleled resource in the field of physical anthropology

Building Bridges: Curricula Notes Dr. Debra E.S. Bogle,2019-07-18 Children develop on an exponential basis and teachers must guide them in a conscientious manner This community based curriculum promotes supporting teachers parents and especially children The conceptual framework places the child at the center and seeks to bring together multiple perspectives to allow for inquiry in every contextual experience The contributors argue that we must endeavor to

continuously create a child centered research based curriculum that is inclusive innovative sensitive holistic progressive global and democratic support the importance of multiple perspectives shaping our dialogue and our community envision learning as a series of joyful discoveries that prepare children to reach into their creative capacities and develop a lifelong love of learning We must embrace philosophical discourse in order to grow as people and as active members of our communities and we must see children as people with rights inherent value knowledge competencies and understanding Examine the ways we educate children with a holistic caring and dynamic perspective and start helping students succeed with the findings and insights in Building Bridges
