The Bond Pavla Melecka, 2019-02-07 Silvia comes to sunny California as an au pair seeking adventure and soon finds what she's looking for: one of the last places where the Wild West still exists. Here she can ride the endless trails of Mount Diablo foothills with cowboys. Silvia always dreamt of becoming a professional dressage rider, and now it looks like her dream might come true. She never could have expected to come face to face with the supernatural in the form of a charming vampire. She wasn't expecting to find the horse of her life there, either, or the best dressage trainer she could have wished for. Everything might be falling into place, or not. Silvia will have to overcome many obstacles to reach her goal, but at what cost? The Bond is a romantic, magical tale from the equestrian world as well as a gripping fantasy. Above all, it is a story about the wonderful relationship between rider and horse, the importance of pursuing dreams, and the age-old human desire for perfection, no matter the price. Silvia has come to California for a reason and, surrounded by the magical and mystical, she might find her life's true purpose with the help of a horse.

For many years, this author had maintained the attitude that the multifarious erotic experiences that are the subject of this book ought to remain in the minds of the participants to be reawakened, revisited, and enjoyed only by them. This instinctive assessment gradually morphed into a realization that there lies no shame in sharing one's sexual adventures with whoever cares to visit them and/or vicariously participate. The abiding caveat, being of course to scrupulously

maintain the privacy of the individuals who unwittingly share this largesse allowing for the enjoyment of countless third party participants This book then is dedicated to those who venture to enjoy the erotic journeys of the senses Are there those that do not **The Works of William Cowper** William Cowper,1865 **All the Year Round** Charles Dickens,1860
