My Gorilla Journey:

My Gorilla Journey Helen Attwater, 1999 *Journey through Genocide* Raffy Boudjikanian, 2018-04-21 Journalist Raffy Boudjikanian speaks with genocide survivors from Darfur and Rwanda and in eastern Turkey confronts the legacy of the Turkish government's denial of its responsibility for the Armenian genocide of 1915 an atrocity that resulted in the murder and exiling of many including the author's ancestors

Ghostwriting Andrew Crofts, 2009-01-01 Ghostwriting is a thriving secretive industry As a ghostwriter you can create best selling books for film stars footballers pop singers presidents business tycoons gangsters gurus spies mercenaries courtesans four star generals royals and anyone else with an interesting story to tell This book reveals all the essential secrets of how to turn ghostwriting into a successful and lucrative career Andrew Crofts has ghosted more than forty books many of them international bestsellers including *Sold* by Zana Muhsen nearly 4 million copies sold *The Kid* by Kevin Lewis *Heroine of the Desert* by Donya Al Nahi Kathy and *Me* by Gillian Taylforth and *Crocodile Shoes* by Jimmy Nail

My Journey Continues Peter Robinson, 2020-11-12 Let me introduce myself My name is Larry Moffat an American expatriate In my mind I think of myself as an adventurer seeking excitement in an exotic foreign land more precisely in the Philippines A few years earlier this was a true assessment of my life Presently at thirty nine years old I find myself settled into the commonplace existence of a workaday and a married man with a wife and two small children Although I am still in the Philippines employed by the same worldwide engineering company Richardson Schellinberger and Haas Inc RSHI my life has been altered under new circumstances It was while with this firm that I found myself constantly involved with devious plots of miscreants that continually endangered my life But in time as my duties evolved with RSHI I became more settled I no longer am cast into intriguing events that characterized my life in earlier years Even travel within the country has been curtailed by added demands on my time resulting from responsibilities as manager of RSHI's regional office comprising all of Southeast Asia This greatly limits my access to sources for adventure

Gorilla Pathology and Health John E Cooper, Gordon Hull, 2016-12-21 *Gorilla Pathology and Health* With a Catalogue of Preserved Materials consists of two cross referenced parts The first the book itself is a review of pathological changes and tissue responses in gorillas *Gorilla gorilla* and *G. beringei* with an emphasis on free living animals but also with reference to those in captivity The comparative aspects are discussed stressing the relevance of research to both gorillas and humans What makes the publication truly unique however is the second part a comprehensive descriptive catalogue of the location and nature of gorilla material in museums and scientific institutions throughout the world This is of great consequence because free living gorillas are strictly conserved with restricted access so the location of a wealth of preserved tissues and other material that has been collected over the decades is a great benefit for research and study This book can and should be used to gain cardinal knowledge regarding the biology and pathology of this genus The combination of book and catalogue in this extensive compilation makes it an invaluable tool for all those concerned with the health welfare and conservation of gorillas

one of our nearest living relatives Brings together studies data and clinical practice from difficult to access or obscure journals and NGO reports in different languages for all interested parties and practitioners Provides perspectives on existing research in gorilla pathology both for those studying conservation practices and those seeking an understanding of comparable diseases in humans Includes illustrative figures on gross and microscopic pathological changes museum specimens photos of field necropsy and techniques and examples of laboratory tests Features an extensive list of references and further reading in different languages Incorporates a comprehensive descriptive catalogue of gorilla material from around the world **My Ogowe** Robert Hamill Nassau,1914 **Gorilla Dreams** Georgianne Nienaber,2006 This is a biographical interpretation of the primatologist s life that honors the African belief that the dead live on in spiritual form

American Sub Board of Pediatric Cardiology Academically author published four scientific papers in the prestigious medical journals during one year This academic achievement caused some difficulty in his work due to the jealousy and inferiority complex of his colleagues Chapter Five explains happy and successful life at the beginning of his highest career but it caused authors adverse health problems and nervous breakdown This part of authors life dealt with hard work in administration teaching medical students training pediatric residents patients care and conducting research as being Full Professor and Chairman of the Department He was also as Visiting Professor in the University of Pennsylvania and establishment of exchange program for faculties and residents between our department and the department of pediatric at the University of Pennsylvania This period was another productive life academically by publishing numerous scientific publications and expansion of the department in every direction but to encounter budgetary problem and nepotism by University administration Chapter Six describes my difficulty working in prejudiced hostile and notorious medical community and facing a great of deal of jealousy and dishonesty in my profession At least I and my family were well accepted in the community This period was accompanied by great deal of authors childrens achievement academically and athletically They brought a slew of trophies and awards and straight A Author witnessed tremendous success in his children This period also coincided with a lot of travel abroad and quite a few number of medical presentations locally nationally and Internationally this chapter has been divided into Section A and B which represents two different era of authors personal and professional life Chapter Seven was the best part of my life personally and professionally I had the best productivity academically and financially I was treated as a celebrity and being popular and liked by my patients and colleagues There was a big demand for my work not in th The World's Work ,1908 A history of our time **The Journal of the Royal Geographical Society** Royal Geographical Society,1866 **The Year of the Gorilla** George B. Schaller,2010-10-15 This seminal work chronicles George B Schaller s two years of travel and observation of gorillas in East and Central Africa in the late 1950s high in the Virunga volcanoes on the Zaire Rwanda Uganda border There he learned that these majestic animals far from being the aggressive apes of film and fiction form close knit societies of caring mothers and protective fathers watching over playful young Alongside his observations of gorilla society Schaller celebrates the enforced yet splendid solitude of the naturalist recounts the adventures he experienced along the way and offers a warning against poaching and other human threats against these endangered creatures This edition features a postscript detailing Schaller s more recent visits with gorillas current to 2009 Whether the author is tracking gorillas slipping past elephant herds on narrow jungle paths avoiding poachers deadfalls or routing Watusi invaders this is an exciting book Although Schaller feels that this is not an adventure book few readers will be able to agree Irven DeVore Science **My Amazing Journey with Koko A Love Story** Rosemary J. Campobasso,2019-06-02 There were two souls in the universe waiting to be united One individual was in Rhode Island and the other was in Massachusetts One was a tiny toy poodle and the other was a compassionate human being Both were struggling with challenges in their lives

before the union Neither one knew they were going to meet someday The human being had a vision to the universe to find a toy poodle Perhaps the tiny poodle also had a vision to the universe to find a loving home The tiny poodle was a scrubby stray found on a hot day under a car with hair so long and badly matted he could not even move He weighed three pounds The human read about the tiny poodle and went to the shelter where they cleaned him up so well that he looked so beautiful Five people were interviewed but the compassionate human was the lucky one chosen or they were lucky to find each other They brought each other peace comfort and love in a true loving bond It was meant to be They awakened each other s souls and had such an amazing journey together that will touch your heart

Conservation in the 21st Century: Gorillas as a

Case Study T.S. Stoinski,H. D. Steklis,P.T. Mehlman,2009-07-09 Like other fields of science wildlife conservation is a changing field Threats facing wild populations of apes and other species say 20 years ago are likely not the same ones most pressing today and even where threats have remained unchanged more effective means of addressing them may be available now Conservation scientists have learned from many years of experience and both theoretical and technological advances today provide conservation tools not available in the past This volume identifies the primary problems faced in conserving wild populations of gorillas throughout Africa pinpointing new approaches to solving these problems and outlining the increased role that zoos can play in gorilla conservation It includes expertise of field scientists in a variety of disciplines to discuss current conservation threats novel approaches to conservation and potential solutions

No-Man's Lands Scott Huler,2010-01-05 When NPR contributor Scott Huler made one more attempt to get through James Joyce s Ulysses he had no idea it would launch an obsession with the book s inspiration the ancient Greek epic The Odyssey and the lonely homebound journey of its Everyman hero Odysseus No Man s Lands is Huler s funny and touching exploration of the life lessons embedded within The Odyssey a legendary tale of wandering and longing that could be read as a veritable guidebook for middle aged men everywhere At age forty four with his first child on the way Huler felt an instant bond with Odysseus who fought for some twenty years against formidable difficulties to return home to his beloved wife and son In reading The Odyssey Huler saw the chance to experience a great vicarious adventure as well as the opportunity to assess the man he had become and embrace the imminent arrival of both middle age and parenthood But Huler realized that it wasn t enough to simply read the words on the page he needed to live Odysseus s odyssey to visit the exotic destinations that make Homer s story so timeless And so an ambitious pilgrimage was born traveling the entire length of Odysseus s two decade journey In six months Huler doggedly retraced Odysseus s every step from the ancient ruins of Troy to his ultimate destination in Ithaca On the way he discovers the Cyclops s Sicilian cave visits the land of the dead in Italy ponders the lotus from a Tunisian resort and paddles a rented kayak between Scylla and Charybdis and lives to tell the tale He writes of how and why the lessons of The Odyssey the perils of ambition the emptiness of glory the value of love and family continue to resonate so deeply with readers thousands of years later And as he finally closes in on Odysseus s final destination he learns to fully

appreciate what Homer has been saying all along the greatest adventures of all are the ones that bring us home to those we love Part travelogue part memoir and part critical reading of the greatest adventure epic ever written No Man s Lands is an extraordinary description of two journeys one ancient one contemporary and reveals what The Odyssey can teach us about being better bosses better teachers better parents and better people *The Journal of the Royal Geographic Society of London* Royal Geographical Society (Great Britain),1866 Includes list of members **Stories of the Gorilla Country** Paul Belloni Du Chaillu,1871 Paul Belloni Du Chaillu was a French American traveler zoologist and anthropologist He became famous in the 1860s as the first modern European outsider to confirm the existence of gorillas and later the Pygmy people of central Africa Wikipedia Swara ,2002 **Forest and Stream** ,1926 Learning Go with Networking Yogananth T.
