## **My Husband My Child Our 14year Descent Into Dementia:**

My Husband, My Child Eve S. Jensen, 2002 Every dementia patient is different so is every care giver If you happen to be anything like me and if your demented spouse is anything like My Great Dane this if I may be so bold would be my advice Go down that slippery slope with your spouse When he developed Alzheimer s or a similar dementia your life changed The more you try to hang on to normalcy to preserve yourself and your sanity the more likely you are to injure yourself Go willingly Go lovingly Even though your spouse may not be able to appreciate your companionship on the way down you will When well meaning people advised me to take time out to do those things I really enjoy I couldn t relate Single minded as I am I focused on Hal and it was in his company that I most enjoyed myself Perhaps that s why I survived And now as a tribute to Hal and to myself I intend to take laughter and joy with me on the trip back up the hill to recovery Thank you for sharing our experiences Read with understanding compassion and love *New York Times Saturday Book Review Supplement* ,1994-07

**The New York Times Magazine** ,2001 *Postgraduate Medical Journal* ,1995-07 **Please Explain Alzheimer's Disease to Me** Laurie Zelinger, 2021 Please Explain Alzheimer s Disease to Me introduces the condition to children in a colorful sensitive and gentle story followed by a parent caregiver section that supplies comprehensive information that adults can use to understand and plan for the course of the disease affecting their loved one Dr Zelinger a board certified psychologist for children presents the situation to children in a warm developmentally appropriate way using appealing characters of diversity child friendly language and familiar scenes they can relate to as well as scripts that parents can use when speaking to their child This book is more than a helpful guide it s the only book you will need if you have a child who is asking What s wrong with grandpa Children will Enjoy the story and illustrations and will identify with the main characters Get answers to their questions Grasp the nature and reason for a grandparent s changes Learn basic biological information about brain function Understand why a grandparent will require more care Feel empowered and find ways they can be helpful Parents and caregivers will Have word for word scripts available to answer their child s questions Learn about the progression of the disease Understand their role and the nature of care that is required Gain information for decision making in areas of medical emotional and daily care Know they are not alone in this difficult journey Dr Zelinger has provided an engaging book that presents important information in a user friendly format and offers adults the foundation for easily engaging children in what may initially seem like a very difficult discussion I will be sure to recommend this resource to everyone I know in the sandwich generation Shane S Bush Ph D ABPP Board Certified in Geropsychology President American Board of Geropsychology Dr Zelinger s book helps take the mystery out of a truly mystifying disease The children s story will help reduce the anxiety and fear a child may have when faced with one suffering from Alzheimer s and the adult portion of this book gives practical examples to help guide the adult when questions arise A truly informative and inspired book Marilyn Cherney occupational therapist grandmother A very much needed book to explain a very difficult topic to our children and

Jauhar,2023-08 A deeply affecting memoir of a father's descent into dementia and a revelatory inquiry into why the human brain degenerates with age and what we can do about it **Grandpa Doesn't Remember My Name** Jeanne

Rivera,2020-07-24 Wouldn't it be nice to find ways to help a loved one suffering from dementia Children may not understand what is really happening to their loved one but they want to be helpful This picture book aids children in understanding how they can help a loved one who is having trouble remembering things This story follows a little boy and his grandpa The boy and his grandpa always did things together like take walks read stories and play music And then one day the boy's grandpa didn't remember his name The boy's mom gives him advice on how he can help his grandpa And then we see the little boy helping his grandpa The boy takes walks with his grandpa he reads to his grandpa and he plays music for his grandpa The boy realizes that although his grandpa doesn't remember his NAME his grandpa does remember HIM This is an important book as our population ages and more loved ones become afflicted with dementia Learning how best to help these loved ones should be discussed There can be a tendency to shelter our children from seeing their loved ones decline But children can help and children want to be helpful This story provides some concrete examples of how children might help a loved one suffering from dementia The author is a retired teacher who lost her father to Alzheimer's a few years ago This book is based on her family's experiences with her father during his illness Her father enjoyed all the activities shared in this book and the author knows her father's last years were more pleasant because they worked to keep him as engaged as possible

*Dueling with Dementia* Kate Fritz Leonard,2012-04-18 When my husband and I fell in love we planned a happily ever after love story We did not plan on dementia making an appearance in our story but it did *Dueling With Dementia* tells what happened in our family when dementia took over my husband's brain and how my children and I are writing a different love story for our family than the one my husband and I planned *Descent Into Love* Ellie Schellhammer Goldberg,2018-11-25 *Descent into Love* follows a daughter as she navigates the unfamiliar waters of maternal dementia What she discovers is revealing and redemptive Bittersweet vignettes and poignant reflections are interwoven into an on going personal narrative Embracing the irony contained in her mother's decade of descent enables an unexpected sense of serenity and the feeling of

unconditional love By upending preconceptions surrounding cognitive decline *Descent into Love* unfolds into a rewarding and uplifting love story *The Anguish of Alzheimer's* Ann Watt,2024-08-15 Suspensions warned Ann that something was amiss in Mom's life She learned that Alzheimer's disease was eroding her mother's mind Mom's descent into dementia notified her daughter of one thing the parent was now the child who needed care and protection That horrific disease influenced both of their lives over the following fifteen years Join Ann on her transformational and emotional journey Find comfort in the relatable situations as she describes the highlights and low points of those years Tears you shed while reading Ann's unforgettable story will cleanse and refresh your heart and soul **Walking with Fay** Carolyn Birrell,2022-01-30 In 2012 Carolyn Birrell flew down to Georgia to kidnap her mother Fay had been living by herself since her husband's death in 2000 and clung fiercely to her independence She went to church on Sundays paid her bills on time and volunteered at Vacation Bible School every summer But at 79 years old she'd begun showing escalating signs of early stage dementia each one making it harder for her daughter to discount as simple signs of aging After receiving calls from Fay's local sheriff and the Department of Family Services Carolyn took action She quickly came to understand the meaning of the adage When we make plans the Universe laughs because hers required endless do overs as she struggled to keep pace with her mother's ever progressing disease This is the story of Carolyn's mother her dementia and how they navigated her journey together Your loved one may not force feed stuffed animals vanilla pudding or burn their neighbor's mail like Fay did but if you're living through the sad realities of your loved one's slow and tortuous farewell this book will help you find solace as you deal with it realistically and with a heart at peace **Tremulous Prism: Our Journey in Dementia** Christopher Keith,2014-04 Tremulous Prism Our Journey in Dementia is the story of a 54 year old man who leaves his job in Maine to join elderly parents in Florida Taking the lead in a family support system he moves into his parents house and shares their doubts and fears about their living situation Anxious not to impose abrupt changes to their lifestyle he enjoys the camaraderie and many life lessons that being close to his parents offers Helping them cope with a variety of problems as he is able to he provides support and care as his parents battle illness and dementia into their final days *Dealing with Dementia* Kent Courtney ,Linda Callahan,2015-10-15 The Courtney kids grew up knowing that their mother could do anything After all she'd proven it time and again Growing up as a Missouri farm girl she worked as a Rosie Riveter during World War II She left Missouri for California where she had four kids with her second husband taking on the daunting task of raising them in forest camps while her husband worked for the forest service After their divorce she became a single mom with four children working two jobs to pay the bills and making sure they all graduated from high school After her kids left home she managed her own business Nothing ever stopped her there was no hurdle too high for her to jump no problem too big for her to solve But then dementia changed who she was and her two younger children Kent and Linda watched their self-reliant compassionate mother turn into a confused and often bitter person Dealing with Dementia is a tribute to an extraordinary woman and a

deeply personal glimpse into the world of dementia caregiving Kent and Linda give loving practical advice for caregivers based on what they've learned from their experiences Dealing with Dementia is a beautiful love letter to an unforgettable mother and a comforting resource for families and caregivers of dementia patients **My Journey With Jack** Sharon Annable, 2025-02-26 My Journey With Jack is the story of how I learned to maintain our communication through the various stages of my husband's dementia It is a story of how I learned to live in and become part of my husband's world It is not a how to book it is a this is what I learned book taken from my daily life as a caregiver of a spouse with dementia It is my hope that in reading this book you will find things that make your caregiving journey easier When My Grammy Forgets, I Remember Toby Haberkorn, 2015-03-21 With the increasing numbers of people diagnosed with Alzheimer's and other dementia conditions more families and children will experience the sadness and challenges of this disease in a beloved relative or friend When My Grammy Forgets I Remember A Child's Perspective on Dementia explores the difficult reality of dementia and the enduring strength of a nurturing relationship between a granddaughter and her beloved Grammy The Theft of Memory Jonathan Kozol, 2016-06-07 A Library Journal Best Book of 2015 National Book Award winner Jonathan Kozol is best known for his fifty years of work among our nation's poorest and most vulnerable children Now in the most personal book of his career he tells the story of his father's life and work as a nationally noted specialist in disorders of the brain and his astonishing ability at the onset of Alzheimer's disease to explain the causes of his sickness and then to narrate step by step his slow descent into dementia Dr Harry Kozol was born in Boston in 1906 Classically trained at Harvard and Johns Hopkins he was an unusually intuitive clinician with a special gift for diagnosing interwoven elements of neurological and psychiatric illnesses in highly complicated and creative people One of the most intense relationships of his career his son recalls was with Eugene O'Neill who moved to Boston in the last years of his life so my father could examine him and talk with him almost every day At a later stage in his career he evaluated criminal defendants including Patricia Hearst and the Boston Strangler Albert H DeSalvo who described to him in detail what was going through his mind while he was killing thirteen women But The Theft of Memory is not primarily about a doctor's public life The heart of the book lies in the bond between a father and his son and the ways that bond intensified even as Harry's verbal skills and cogency progressively abandoned him Somehow the author says all those hours that we spent trying to fathom something that he wanted to express or summon up a vivid piece of seemingly lost memory that still brought a smile to his eyes left me with a deeper sense of intimate connection with my father than I'd ever felt before Lyrical and stirring The Theft of Memory is at once a tender tribute to a father from his son and a richly colored portrait of a devoted doctor who lived more than a century **Lewy Body Dialogue** Patricia Potter-Efron, Ronald Potter-Efron, 2020-09 Pat and Ron Potter-Efron had been married for 54 years when Pat received the diagnosis of Lewy Body Dementia in 2018 Both were recently retired mental health counselors who had been co-owners of a private clinic in Eau Claire WI They were also co-authors of several popular books including the best

sellers Letting Go of Shame and Letting Go of Anger They soon began facing the reality of how Lewy Body Dementia was affecting their lives Most importantly they searched for a way to continue to contribute meaningfully to society while living as complete and satisfying lives as possible That is when they decided to write a journal of their experiences but a journal different than any they had encountered as they reviewed the Lewy Body literature Pat and Ron began to write a series of conversations Ron would initiate a relevant topic hallucinations teamwork mortality etc and then Pat would add her comments Fortunately Pat has retained her ability to clearly describe her thoughts and feelings even as some of her abilities have diminished Pat does not always agree with Ron s observations of course The perspectives of care receiver inevitably differ from those of care giver When other couples in the Lewy Body dementia community discovered Ron and Pat s work they were eager to see it The result was the creation of a website blog named Lewy Body Dialogue This book represents a compilation of the first fifty six chapters of their journal written over a two year period It is the creation of a true care partnership

My Husband's Keeper Michele Artiz

Smith,2020-05 This book is my journey after receiving my husband s diagnosis of Alzheimer s Dementia Writing and rereading this book a hundred times allowed me to see for the first time the strength that lay within me while I experienced being a married women losing a spouse to this illness My husband s occupation was an ophthalmologist while being on the board of director s over ten years for one of the largestHMO s in the country I share my experiences with other caregivers in this same position Working as a State Certified Ombudsman in long term care facilities allowed me to first hand witness the paralysis family members experience after receiving this diagnosis and living with the consequences of the illness *Cat Burglars and Carousels* Janice Hallmark,2015-12-04 *Cat Burglars and Carousels* My Moms Descent into the Pit of Dementia tells the story of a familys many transitions that arise from the effects of dementia on the mother of Janice Hallmark the author Adopting the format of a journal she shares reflections marked by the passing days that chronicle the accumulating effects of dementia on her mother the compounding changes in her familys life and the inspiring reasons for retaining hope *Cat Burglars and Carousels* the work of a woman whose art is working with words does not hide raw feelings of anger and sadness and fear behind a faade of innocuous phrases Rather it shares in unflinchingly honest and blunt ways the ups and downs that come with accompanying a loved one on the journey that descends into dementias pit You might have gone through an experience like the one the author shares Perhaps you are only taking the first steps on your journey Maybe you know someone who faces the diagnosis of dementia in a loved one Regardless you will find in *Cat Burglars and Carousels* My Moms Descent into the Pit of Dementia an honest telling of one womans experience which can offer you guidance and encouragement **Divorce Bye Dementia** Diane Peeling,2017-02-10 Age no longer mattered as I watched and waited while my husband disappeared into the desert of dementia I had to keep living while this happened and the realities set in Do you think you know your family and friends This is when you really find out There are legalities to be considered and what you thought was within your vows suddenly become non existent Blended families are an added burden to the legalities If I looked at people as separate persons before I really do now Do we know how much of the responsibility for ourselves is unconsciously handed over to our marital partner We find out when someone we love falls into the abyss of dementia and we have no way of helping Dementia does not mean you die a slow death with them It means gritting your teeth and moving forward in whichever direction is healthiest for you This is about the gauntlet that no one is prepared to run Your spouse may not know you anymore but you certainly find out who you are Caregiving has suddenly taken on a whole new meaning and it needs to be defined more appropriately for the caregiving survivors Society needs programs to address the mental and physical health of caregivers whoever they are I have considered many times not publishing this book but it is as honest as I can be
