Catalog of Copyright Entries. Third Series Library of Congress. Copyright Office, 1974 **The Ancient Ecclesiastical Histories of the First Six Hundred Years After Christ ... The Sixth Edition Corrected and Revised, Etc** Eusebius (of Caesarea, Bishop of Caesarea), 1663 **The Christians, Their First Two Thousand Years**, 2002 The Christians is the history of Christianity told chronologically epoch by epoch century by century beginning at Pentecost and concluding with Christians as we find ourselves in the twenty first century It will consist of approximately twelve volumes produced over a 10 year period at the beginning of the third Christian millennium It is written and edited by Christians for Christians of all denominations Its purpose is to tell the story of the Christian family so that we may be knowledgeable of our origins may well know and wisely profit from the experiences of our past both good and bad and may find strength and inspiration to face the challenges of our era from the magnificent examples set for us by those who went before Back cover

On the Genealogy of Morals and Ecce Homo Friedrich Nietzsche, 1989-12-17 Masterful translations of the great philosopher's major work on ethics along with his own remarkable review of his life and works *On the Genealogy of Morals* 1887 shows Nietzsche using philosophy psychology and classical philology in an effort to give new direction to an ancient discipline The work consists of three essays The first contrasts master morality and slave morality and indicates how the term good has widely different meanings in each The second inquiry deals with guilt and the bad conscience the third with ascetic ideals not only in religion but also in the academy *Ecce Homo* written in 1898 and first published posthumously in 1908 is Nietzsche's review of his life and works It contains chapters on all the books he himself published His interpretations are as fascinating as they are invaluable Nothing Nietzsche wrote is more stunning stylistically or as a human document Walter Kaufmann's translations are faithful of the word and spirit of Nietzsche and his running footnote commentaries on both books are more comprehensive than those in his other Nietzsche translations because these two works have been so widely misunderstood Commandment of the Law and Testimony.
