Legends, Monsters, or Serial Murderers? Dirk C. Gibson, 2012-02-14 Covering figures ranging from Catherine Monvoisin to Vlad the Impaler and describing murders committed in ancient aristocracies to those attributed to vampires witches and werewolves this book documents the historic reality of serial murder The majority of serial murder studies support the consensus that serial murder is essentially an American crime a flawed assumption as the United States has existed for less than 250 years What is far more likely is that the perverse urge to repeatedly and intentionally kill has existed throughout human history and that a substantial percentage of serial murders throughout ancient times the middle ages and the pre modern era were attributed to imaginative surrogate explanations dragons demons vampires werewolves and witches *Legends Monsters or Serial Murderers The Real Story Behind an Ancient Crime* dispels the interrelated misconceptions that serial murder is an American crime and a relatively recent phenomenon making the novel argument that serial murder is a historic reality an unrecognized fact in ancient times Noted serial murderers such as the Roman Locuta The Poisoner Gilles De Rais of France a prolific serial killer of children Andres Bichel of Bavaria and Chinese aristocratic serial killer T zu Hsi are spotlighted This book provides a unique perspective that integrates supernatural interpretations of serial killing with the history of true crime reanimating mythic entities of horror stories and presenting them as real criminals **Supernatural Serial Killers** Samantha Lyon, Dr Daphne Tan, 2015-11-25 Albert Fish held the genuine belief that the murders he committed

were upon instruction from God The original Dracula's relative Countess Elisabeth was rumoured to use blood of her victims to preserve her youth and beauty Jeffrey Dahmer began a macabre project of building an occult altar with his victims body parts believing this granted him supernatural powers to subdue and control his prey Peter Stumpp who started practising the wicked arts from twelve years of age was convinced he was a werewolf The crimes committed by these people usually involved sexual deviance cannibalism and violence toward children In the sixteenth century Europe the problem became so significant that Werewolf Witch Trials were conducted many have no idea that it was possible to be tried and convicted for the crime of being a Werewolf but Lycanthropy was a serious and major social concern in the 1500s Supernatural Serial Killers discuss the individual cases of supernatural serial killers including their background crimes trials and defences
