**My Life and Work** Henry Ford, Samuel Crowther, 1922 *My Life and Work* is a classic autobiography of the great American business mogul Henry Ford. Henry Ford (July 30 1863 – April 7 1947) was an American industrialist the founder of the Ford Motor Company and sponsor of the development of the assembly line technique of mass production. Although Ford did not invent the automobile or the assembly line he developed and manufactured the first automobile that many middle class Americans could afford. This is his story in his own words. Although Ford did not invent the automobile or the assembly line 1 he developed and manufactured the first automobile that many middle class Americans could afford. In doing so Ford converted the automobile from an expensive curiosity into a practical conveyance that would profoundly impact the landscape of the 20th century. His introduction of the Model T automobile revolutionized transportation and American industry. As the owner of the Ford Motor Company he became one of the richest and best known people in the world. He is credited with Fordism mass production of inexpensive goods coupled with high wages for workers. Ford had a global vision with consumerism as the key to peace. His intense commitment to systematically lowering costs resulted in many technical and business innovations including a franchise system that put dealerships throughout most of North America and in major cities on six continents. Ford left most of his vast wealth to the Ford Foundation and arranged for his family to control the company permanently. Ford was also widely known for his pacifism during the first years of World War I and for promoting antisemitic content including *The Protocols of the Elders of Zion* through his newspaper *The Dearborn Independent* and the book *The International Jew*. Henry Ford was born July 30 1863 on a farm in Greenfield Township Michigan. 2 His father William Ford 1826 1905 was born in County Cork Ireland to a family that was originally from Somerset England. 3 His mother Mary Ford nee Litogot 1839 1876 was born in Michigan as the youngest child of Belgian immigrants her parents died when she was a child and she was adopted by neighbors the O Harns. Henry Ford's siblings were Margaret Ford 1867 1938 Jane Ford c 1868 1945 William Ford 1871 1917 and Robert Ford 1873 1934. His father gave him a pocket watch in his early teens. At 15 Ford dismantled and reassembled the timepieces of friends and neighbors dozens of times gaining the reputation of a watch repairman. 4 At twenty Ford walked four miles to their Episcopal church every Sunday. 5 Ford was devastated when his mother died in 1876. His father expected him to eventually take over the family farm but he despised farm work. He later wrote I never had any particular love for the farm it was the mother on the farm I loved. 6 In 1879 Ford left home to work as an apprentice machinist in Detroit first with James F. Flower Bros and later with the Detroit Dry Dock Co. In 1882 he returned to Dearborn to work on the family farm where he became adept at operating the Westinghouse portable steam engine. He was later hired by Westinghouse to service their steam engines. During this period Ford also studied bookkeeping at Goldsmith Bryant Stratton Business College in Detroit. *My Life and Work* Henry Ford, 2018-10-09.
