

TREE OF LIFE - MEANING OF LIFE

STRUCTURE OF THE TREE OF LIFE

The pinnacle of the meaning of life is harmony, which can be achieved only by fulfilling human (personal) values, whose core structure consists of the moral and social integrity of the citizen, society and the state.

The moral integrity of man, society and the state

The moral integrity of man, society and the state means fulfilling and implementing the moral values in personal, professional and public life, which are:

- (a) **Courage** - symbol of protection of rights and freedoms, heroism, will and dedication
- (b) **Honesty** - symbol of honour, sincerity and conscientiousness
- (c) **Reliability** - symbol of security, responsibility and trustworthiness
- (d) **Justice** - symbol of equality, authorisation and atonement

The social integrity of man, society and the state

The social integrity of man, society and the state means establishing and deepening interpersonal and international relations based on mutual trust.

The origin of a man living since his birth in a community with its own social, legal, cultural and spiritual identity from which the moral and social integrity of the citizen, society and the state is just emerging.
