**My Life as an Artist** Gilda E. Meyers, 2010 Creativity is the theme connecting the many chapters of the author's life journey with over 300 drawings, paintings and photographs illustrating the story. Inspired by her daughter's request to introduce her to the artist she was before becoming a mother, this intimate memoir includes her growing up in a leftist immigrant Jewish family in the fifties, her education and training as an artist, studies in Germany in 1958 and a year of drawing and painting in Europe in 1962. The cultural climate of the sixties significantly changed the course of her life and work. After the birth of her daughter, she began a spiritual practice that included time in India. She eventually embraced Buddhist Vipassana meditation. Included is her training as an art and body therapist and the transition into becoming a psychotherapist. She maintains a private practice as a transpersonal somatic psychotherapist and group therapist in Santa Rosa, California.

*European Cases of the Reincarnation Type* Ian Stevenson, M.D., 2015-09-02 Many cultures accept that a person may die and then come back to life in another form, but Westerners have traditionally rejected the idea. Recently, however, surveys conducted in Europe indicate a substantial increase in the number of Europeans who believe in reincarnation, and numerous claims of reincarnation have been reported. This book examines particular cases in Europe that are suggestive of reincarnation. The first section provides a brief history of the belief in reincarnation among Europeans. The second section considers eight cases from the first third of the twentieth century that were not independently investigated but were reported and sometimes published by the persons concerned. The third section covers 32 cases from the second half of the twentieth century that were investigated by the author. Many of these cases involved either children who exhibited unusual behavior attributed to a previous life or adults who experienced

recurrent or vivid dreams attributed to a previous life In the fourth section the author compares European cases suggestive of reincarnation with those of other countries and cultures **Art Beyond Isms** Eliza E. Rathbone,Phillips
