Jones,2010-05-14 The little red hen finds none of the lazy barnyard animals willing to help her plant harvest or grind wheat into flour but all are eager to eat the bread she makes from it

The Little Red Hen Brenda Parkes,Judith Smith,2008-11-01 The little red hen can find no friends to help her plant and care for her wheat but everyone wants to share in the bread she makes from it **The Little Red Hen** Nicola Baxter,Peter Glover,2005 When the Little Red Hen asks the other barnyard animals who will help with the planting reaping and other chores they all say Not I but when the work is done they all want a reward *The Little Red Hen* Florence White Williams,2020-12-15 *The Little Red Hen* Nikki Gamble,2011 **Little Red Hen** Jonathan Allen,2003 When the little red hen is busy growing wheat cutting it and making bread all of the barnyard animals refuse to help because they are lazy but become very interested in the finished product **The Little Red Hen** ,2011 The Little Red Hen finds a grain of wheat but she can t find anyone to help her bake bread Read about how the Little Red Hen solves her problem **The Little Red Hen and the Ear of Wheat** Mary Finch,1999 **My Little Red Hen** Doug Bartlett,2016-02-01 MY LITTLE RED HEN by Doug Bartlett MY LITTLE RED HEN Has anyone scan my little red hen She has come up missing Missing again We crop her wings so she can t fly over the fence to say Goodbye The old fox lives in the woods He would catch her for sure if he could The possum is out there in the brush He waits until it is just a hush To get into the chicken pen So he could get the little red hen She was in the hen house just last night She was on the roost at the end of daylight Rooster crowed at crack of dawn Hens checked bitties claimed their own Setters checked if eggs had hatched Farmer opened the corn crib latch He threw some corn on the ground The chickens all scuttled around clucking and pecking for their fare Alas the little red hen s not there She laid an egg most every day Now it seems she has gone away I hear a noise behind the barn The little red hen our nerves all worn She found a place to make a nest and lay her eggs now we can rest Teachers Aids Things relating to the story CROPPING WINGS Sometimes chickens would fly further than normal Ordinarily they could not fly very far They are not really birds and cannot fly like birds But sometime one would be able to fly One would fly up on top of the hen house and then fly out of the chicken yard The chicken yard was the area where the chickens and their bitties stayed It had a fence around it to keep the chickens in and the foxes and possums out The hen house was in there also If a chicken ever got to flying out of the chicken yard her wings would have to be cropped Scissors would be used to cut the feathers back a little ways on her wings It would not hurt her but she would not be able to fly THE FOX An enemy of the chickens They could do a lot of damage to a chicken population and the eggs THE POSSUM Possums opossums would find ways to get into the chicken yard Then they would get into the chicken house and get the chickens and their eggs too Possums do not run fast so when

they were caught in the chicken house they would play dead and act lifeless That is called playing possum If they tried to get away they would growl hiss and show their teeth CHECKING THE BITTIES Mother hens could not do much to protect their bitties little chicks They did all they could If a bitty got too far away from the brood the mother hen would cluck loudly until the little chick got back in place If it was a big danger the mother hen would gather all the bitties and spread her wings over them She would pull them as close as possible and hide them under her wings ROOSTERS Roosters are usually bigger more colorful have bigger combs and they crow We call them the barnyard alarm clock They have spurs on their legs to protect themselves The spurs can really hurt HEN HOUSE The hen house contains a roost and nests for chickens to lay their eggs in The roost looks like a ladder The chickens balance themselves and grip the rungs of the roost all night long to sleep CORN CRIB Could be part of the barn or near the barn where corn was stored The farmer would feed the chickens and while they were eating he would go into the hen house and gather the eggs He did not bother the setting hens LITTLE RED HEN FOUND She had been lost before She was not just a hen in the yard but a pet loved and adored by her owner He always feared for her safety when she went missing It was a relief when little red hen came from behind the barn She was not lost We only thought she was **The Little Red Hen** Little Red Hen,1970 The School ,1921 *The Little Red Hen* Paul Galdone,1973 The story of how the little red hen who did all the housework cleverly got help from her three lazy housemates
