My Mother's House, My Father's House , *My Mother's House, My Father's House* C. B. A Concordance to All the Bookes of the Old Testament, According to the Translation Allowed by His Late Matie of Great Brittain, Etc. [By Clement Cotton.] ,1627 **Names and Nunavut** Valerie Alia,2007 On the surface naming is simply a way to classify people and their environments The premise of this study is that it is much more a form of social control a political activity a key to identity maintenance and transformation Governments legislate and regulate naming people fight to take keep or change their names A name change can indicate subjugation or liberation depending on the circumstances But it always signifies a change in power relations Since the late 1970s the author has looked at naming and renaming cross culturally and internationally with particular attention to the effects of colonisation and liberation The experience of Inuit in Canada is an example of both Colonisation is only part of the Nunavut experience Contrary to the dire predictions of cultural genocide theorists Inuit culture particularly traditional naming has remained extremely strong and is in the midst of a renaissance Here is a ground breaking study by the founder of the discipline of political onomastics Pub website **My Secret Life** Crystal Morrison,2024-11-08 This memoir is a deeply personal account of past abuse the struggle to overcome its lasting effects and the journey toward healing and empowerment It touches on feelings of regret for not speaking out the profound impact of the abuse on trust and vulnerability the realization that true healing cannot come from the abusers themselves and the importance of seeking professional support The author emphasizes the need to let go of the pain reclaim personal power and learn to trust and love again Ultimately the message is one of resilience empathy and the shared humanity of both survivors and those who have caused harm *The Golden Yoke* Rebecca Redwood French,2019-06-07 The Golden Yoke is a remarkable achievement It is the first elaboration of the legal cultural and ideological dimensions of precommunist Tibetan jurisprudence a unique legal system that maintains its secularism within a thoroughly Buddhist setting Layer by layer Rebecca Redwood French reconstructs the daily operation of law in Tibet before the Chinese invasion in 1959 In the Tibetans own words French identifies their courts symbols and personnel and traces the procedures for petitioning and filing documents There are stories here from judges legal conciliators and lay people about murder property disputes and divorce French shows that Tibetan law is deeply embedded in its Buddhist culture and that the system evolved not from the rules and judgments but from what people actually do and say In what amounts to a fully developed cosmology she describes the cultural foundation that informs the system myths notions of time and conflux inner morality language patterns rituals use of space symbols and concepts Based on extensive readings of Tibetan legal documents and codes interviews with Tibetan scholars and the reminiscences of Tibetans at home and in exile this generously illustrated elegantly written work is a model of outstanding research French combines the talents of a legal
