My Mothers Poem And Other Songs Songs And Poems:

My Mother's Poem and Other Songs Micere Githae Mugo, 1994 Micere Mugo's latest work is a powerful and compulsive vintage of declamatory verse. The poems in this collection trenchantly address themselves to such broad-based issues as the current ideological crisis in the emergent American-led new world order, gender relations and Africa's destiny in the village.

A Feminist Companion to Song of Songs Athalya Brenner-Idan, Carole Fontaine, 2000-03-01 The ten essays in this volume, the majority specially written, engage with questions of voice and interplay what kind between received interpretation and resisting female reader and venture into methodological territory familiar and unfamiliar to biblical scholars including autobiographical criticism. Among earlier readers invoked in these pages are Jerome Rashi and Fray Luis de L'On who brush pages with Haitian prostitutes. The three sections of this fresh, colourful and adventurous journey into love, sex, allegory and self inside the Most Sublime Song are Feminist Appropriations, Specific Readings, Allegories and Feminists and The Song of Songs Personalized.

Poems at the Edge of Differences Renate Papke, 2008 This study consists of two parts. The first part offers an overview of feminism's theory of differences. The second part deals with the textual analysis of poems about mothering by women from India, the Caribbean and Africa. Literary criticism has dealt with the representation of mothering in prose texts. The exploration of lyrical texts has not yet come. Since the late 1970s, the acknowledgement of and the commitment to difference has been foundational for feminist theory and activism. This investigation promotes a differentiated locational feminism. Friedman's comprehensive theoretical discussion of feminism's different concepts of gender, race, ethnicity and mothering builds the foundation for the main part, the presentation and analysis of the poems. The issue of mothering foregrounds the communicative aspect of women's experience and wants to bridge the gap between theory and practice. This study, however, does not intend to specify mothering as a universal and unique feminine characteristic. It underlines a metaphorical use and discusses the concepts of nurturing, maternal practice and social parenthood. Regarding the extensive material, this study understands itself as an explorative, not concluding investigation placed at the intersections of gender studies, postcolonial and classical literary studies. Most of all, it aims at initiating a dialogue and interchange between scholars and students in the Western and the Third World.

Reading in Time Crisanne Miller, 2012 This book provides new information about Emily Dickinson as a writer and new ways of situating this poet in relation to nineteenth-century literary culture, examining how we read her poetry and how she was reading the poetry of her own day. Crisanne Miller argues both that Dickinson's poetry is formally far closer to the verse of her day than generally imagined and that Dickinson wrote, circulated and retained poems differently before and after 1865. Many current conceptions of Dickinson are based on her late poetic practice. Such conceptions, Miller contends, are

inaccurate for the time when she wrote the great majority of her poems Before 1865 Dickinson at least ambivalently considered publication circulated relatively few poems and saved almost everything she wrote in organized booklets After this date she wrote far fewer poems circulated many poems without retaining them and took less interest in formally preserving her work Yet Miller argues even when circulating relatively few poems Dickinson was vitally engaged with the literary and political culture of her day and in effect wrote to her contemporaries Unlike previous accounts placing Dickinson in her era Reading in Time demonstrates the extent to which formal properties of her poems borrow from the short lined verse she read in schoolbooks periodicals and single authored volumes Miller presents Dickinson's writing in relation to contemporary experiments with the lyric the ballad and free verse explores her responses to American Orientalism presents the dramatic lyric as one of her preferred modes for responding to the Civil War and gives us new ways to understand the patterns of her composition and practice of poetry

The Idea of Infancy in Nineteenth-Century British Poetry D.B. Ruderman, 2016-04-28 This book radically refigures the conceptual and formal significance of childhood in nineteenth century English poetry By theorizing infancy as a poetics as well as a space of continual beginning Ruderman shows how it allowed poets access to inchoate uncanny and mutable forms of subjectivity and art While recent historicist studies have documented the freshness of experience childhood confers on 19th century poetry and culture this book draws on new formalist and psychoanalytic perspectives to rethink familiar concepts such as immortality the sublime and the death drive as well as forms and genres such as the pastoral the ode and the ballad Ruderman establishes that infancy emerges as a unique structure of feeling simultaneously with new theories of lyric poetry at the end of the eighteenth century He then explores the intertwining of poetic experimentation and infancy in Wordsworth Anna Barbauld Blake Coleridge Erasmus Darwin Sara Coleridge Shelley Matthew Arnold Tennyson and Augusta Webster Each chapter addresses and analyzes a specific moment in a writer's work moments of tenderness or mourning birth or death physical or mental illness when infancy is analogized eulogized or theorized Moving between canonical and archival materials and combining textual and intertextual reading metrical and prosodic analysis and post Freudian psychoanalytic theory the book shows how poetic engagements with infancy anticipate psychoanalytic and phenomenological i.e. modern ways of being in the world Ultimately Ruderman suggests that it is not so much that we return to infancy as that infancy returns obsessively compulsively in us This book shows how by tracking changing attitudes towards the idea of infancy one might also map the emotional political and aesthetic terrain of nineteenth century culture It will be of interest to scholars in the areas of British romanticism and Victorianism as well as 19th century American literature and culture histories of childhood and representations of the child from art historical cultural studies and literary perspectives D.B. Ruderman's The Idea of Infancy in Nineteenth Century British Poetry Romanticism Subjectivity Form is an interesting contribution to this field and it manages to bring a new perspective to our understanding of Romantic era and Victorian representations of infancy and childhood a supremely

Hebrew Bible is religious literature the fundamental interest of which lies in the relations between humankind especially the people of Israel and God The Song of Songs on the other hand is interested in the relations between men and women In this volume Yair Zakovitch examines the presence of the Song of Songs in the Hebrew Bible and questions how this enigmatic collection of poetic writings came to be within the Bible Zakovitch poses and addresses a range of enticing questions in the eight chapters of this volume including what does this erotic poetry have to do with Israel s formative texts What do the poems tell us about gender relations in those years and about early Israel s attitudes towards beauty love women and sex Do we finally get to hear women s voices in the Song where the rest of the Bible gives a male perspective How despite our astonishment is the Song of Songs nonetheless intrinsically biblical What does it have in common with the Bible s other books Was the allegorical interpretation of the Song just an excuse in order to include the book in Scripture
