However, when the parent is willing to move beyond their own conditioning, learning beyond school can offer exactly what their child needs to grow into the full potential of who they are. Esther Jones gently encourages you to navigate this journey with curiosity and self-compassion and provides you with a clear path forward in your next step in accompanying your child in their learning. Extremely relevant for parents of a neurodivergent child, this book is packed with practical suggestions and exercises as well as stories from parents who have walked this path before, including Esther's own lived experiences.
