**Wanting** Luke Burgis, 2021-06-01 Financial Times Business Book of the Month Next Big Idea Club Nominee One of Bloomberg's 52 New Books That Top Business Leaders Are Recommending Aleo Review of Books 2022 Book of the Year A groundbreaking exploration of why we want what we want and a toolkit for freeing ourselves from chasing unfulfilling desires Gravity affects every aspect of our physical being but there's a psychological force just as powerful yet almost nobody has heard of it It's responsible for bringing groups of people together and pulling them apart making certain goals attractive to some and not to others and fueling cycles of anxiety and conflict In *Wanting* Luke Burgis draws on the work of French polymath Ren Girard to bring this hidden force to light and reveals how it shapes our lives and societies According to Girard humans don't desire anything independently Human desire is mimetic we imitate what other

people want This affects the way we choose partners friends careers clothes and vacation destinations Mimetic desire is responsible for the formation of our very identities It explains the enduring relevancy of Shakespeare s plays why Peter Thiel decided to be the first investor in Facebook and why our world is growing more divided as it becomes more connected Wanting also shows that conflict does not arise because of our differences it comes from our sameness Because we learn to want what other people want we often end up competing for the same things Ignoring our large similarities we cling to our perceived differences Drawing on his experience as an entrepreneur teacher and student of classical philosophy and theology Burgis shares tactics that help turn blind wanting into intentional wanting not by trying to rid ourselves of desire but by desiring differently It s possible to be more in control of the things we want to achieve more independence from trends and bubbles and to find more meaning in our work and lives The future will be shaped by our desires Wanting shows us how to desire a better one      *Dictionary of the English/Creole of Trinidad & Tobago* Lise Winer,2009-01-16 Using the historical principles of the Oxford English Dictionary Lise Winer presents the first scholarly dictionary of this unique language The dictionary comprises over 12 200 entries including over 4500 for flora and fauna alone with numerous cross references Entries include definitions alternative spellings pronunciations etymologies grammatical information and illustrative citations of usage Winer draws from a wide range of sources newspapers literature scientific reports sound recordings of songs and interviews spoken language to provide a wealth and depth of language clearly situated within a historical cultural and social context      **Report of the West India Royal Commission** Great Britain. Mejias,2010-02-26 Leaving Home Finding Home My Journey from Shame to Sonship through Journaling is the first book of its kind showing how God Himself brought inner healing by speaking into one woman s life In it author Jessie Mejias shares how God counsels and heals her through journaling The central theme of Leaving Home Finding Home is healing through intimacy with God an intimacy that develops

as she writes out her conversations with Him The author devotes several chapters to her background and childhood but the heart of the book is Jessie s actual journal About her decision to share her journal verbatim she says When the Lord first instructed me to write this book my natural instinct was to transform the ramblings of my mind and heart into a nice neat package that the reader could easily follow However as I prayed about His instructions I felt very strongly that He wanted me to demonstrate how I received my healing through journaling itself Jessie Mejias grew up in what she would have described as an Ozzie and Harriet kind of home loving parents close siblings good schools and a religion that dictated solid values What she did not know was that beneath the surface lay a shaky foundation of dysfunctional family rules and generational patterns As a young adult Jessie watched her neat world crumble when two of her siblings succumbed to mental illness while the family stood by helplessly Subsequently her family scattered and she unwittingly married an abusive alcoholic man Her disastrous marriage precipitated her decision to give her life to Christ But despite her newfound faith at age 27 she found herself a single mother of two young sons In the ensuing years Jessie sought and found healing and growth through studying the Bible and receiving Christian counseling Miraculously she and her husband were remarried after seven years of separation and divorce She became involved in teaching and leading Bible studies within her local church and was confident that she was already experiencing the abundant life that God promised to His children However when she decided to return to school to earn a degree in Christian counseling God began to show her that she was still suffering from the traumas of her childhood and that shame was an integral part of her life that He wanted to remove This revelation launched her into an unprecedented time of accelerated healing that was to be the inspiration for this book Leaving Home Finding Home chronicles that journey from shame to sonship through one on one dialogue with God Shame is a universal problem that is sometimes hard to pinpoint We describe ourselves as embarrassed shy fearful or hesitant but we never actually understand that the source of these emotions is shame Shame is a terrible feeling that we are a mistake that somehow we were never supposed to exist The author found that this feeling of shame was so deeply hidden in her heart that it was not until God began to unwrap her from her emotional chains that she could see that this was the true source of her poor self image Jessie vividly describes her feelings of shame It was as if all my life I had been living in a slum that I would leave from time to time to go the nice clean neighborhood down the block at first for short times then for longer and longer periods of time but inevitably I would end up at some point back in this dump The sight of it would make me sick but I did not know how to leave it completely behind God Himself initiated this unique approach to inner healing as He took Jessie back to her childhood home and school and walked with her through each traumatic event of her young life reaching deep into her heart to show her what was hidden there
