My Persian Pilgrimage:

My Persian Pilgrimage William McElwee Miller, 1989
Willia, 1995 **Persian Pilgrimages** Afshin Molavi, 2002 A portrait of Iran seeks to measure the true feelings of its citizens despite government and media profiles chronicling the author's year long journey during which he interviewed people from all walks of life A Persian Odyssey Rami Yelda, 2012-07-18 Every good traveler plans his or her itinerary carefully to use time well and benefit as much as possible from the trip I did not have an agenda however I wanted to travel Middle Eastern style that is with no prior planning It would have been a nuisance to stick to a set timetable in a country that was except for the language entirely alien to me I had decided to spend five weeks in Iran and had certain ideas as to what and whom I wanted to see but my choices had to be la carte one bite at a time I wanted to feel the pulse of the country by meeting and talking to as many people as possible I knew that as a man traveling alone in a Moslem country I faced certain limitations My quest had to be limited to interacting with men with little exposure to women and their concerns **Transportation & Technology in Iran, 1800-1940: : Chapar, Carts, Carriages, Automobiles, Bicycles, Motor Cycles, Lodgings, Sewing Machines, Typewriters & Pianos** Willem Floor, 2023-08-21 Only 100 years ago the main means of transportation in Iran was by quadruped Transportation All these processes are detailed in the book Like cars bicycles and motorcycles also were increasingly used as of the 1920s thus increasing choice in people's mobility More road traffic also implied that travelers needed places to spend the night and eat The change from caravanserais to guest houses and hotels is discussed in part 3 These changes in transportation methods did not come alone for other modern tools of change such as the sewing machine and the typewriter also made their appearance and had a major impact on people's availability and use of time Finally the piano made its entry onto the Iranian musical scene and although not perfectly in tune with the traditional Iranian musical system it is now as much part of music making in Iran as the tar and santur part 4 of the book All these changes and new technologies did not happen overnight or without problems and slow adoption initially was limited to the upper class However with falling prices and changing needs and policies these new technologies eventually reached a larger public and the idea that they once were exotic and out of reach is now inconceivable to Iranians The studies in this book provide a new vantage point and understanding of the transfer of modern technology for scholars of the social economic and cultural history of the Middle East **Guests of the Sheik** Elizabeth Warnock Fernea, 2010-11-03 A delightful account of one woman's two year stay in a tiny rural village in Iraq where she assumed the dress and sheltered life of a harem woman A most enjoyable book about Muslim women simple dignified human colorful sad and humble as the life they lead Muhsin Mahdi Jewett Professor of Arabic Literature Harvard University A wonderful well written and vastly informative ethnographic study that offers a unique insight into a part of the Middle Eastern life seldom seen by the West **With the pilgrims to Mecca: The great pilgrimage of A.H. 1319; A.D. 1902** Wilfrid Sparroy, Hadji Khan, 2022-08-21 With the pilgrims to Mecca

Kingdom Without Borders Miriam Adeney, 2009-11-18 The twenty first century has opened with a rapidly changing map of Christianity While its influence is waning in some of its traditional Western strongholds it is growing at a phenomenal pace in the global South Miriam Adeney has lived traveled and ministered widely In this book she pulls back the veil on real Christians around the world their faith their hardships their triumphs and yes their failures and shares the inspiring and challenging story of a kingdom that knows no borders

Too Many to Jail Mark Bradley, 2014-11-21 In 1979 there were fewer than 500 known Christians from a Muslim background in Iran Today there are at least 100 000 believers Church leaders believe that millions can be added to the church in the next few years such is the spiritual hunger that exists The religious violence that accompanied the reign of President Ahmadinejad drained its perpetrators of political and religious legitimacy and has opened the door to other faiths This book sets the rapid church growth in Iran in the context of the deteriorating relationship between Iranians and their national religion There is a major focus on the Ahmadinejad years but the author also covers the history of the church before 1979 picking up on the central idea that the spark may have become buried in the ashes but has never been extinguished The book is careful proportionate well informed and accurate Throughout the text there will be boxes with stories of faith persecution and encouragement

Mission Manifest Matthew K. Shannon, 2024-06-15 In Mission Manifest Matthew Shannon argues that American

evangelicals were central to American Iranian relations during the decades leading up to the 1979 revolution. These Presbyterian missionaries and other Americans with ideals worked with US government officials, nongovernmental organizations and their Iranian counterparts as cultural and political brokers, the living sinews of a binational relationship during the Second World War and early Cold War. As US global hegemony peaked between the 1940s and the 1960s, the religious authority of the Presbyterian Mission merged with the material power of the American state to infuse US foreign relations with the messianic ideals of Christian evangelicalism. In Tehran, the missions of American evangelicals became manifest in the realms of religion, development programs, international education and cultural associations. Americans who lived in Iran also returned to the United States to inform the growth of the national security state, higher education and evangelical culture. The literal and figurative missions of American evangelicals in late Pahlavi Iran had consequences for the binational relationship, the global evangelical movement and individual Americans and Iranians. Mission Manifest offers a history of living, breathing people who shared personal, professional and political aims in Iran at the height of American global power.

A Modern Pilgrim in Mecca and a Siege in Sanaa Arthur John Byng Wavell, 1913 **Iran and Christianity** Mark Bradley, 2011-10-27 In this enlightening study, Mark Bradley looks at the growing underground church in Iran. Given the hostility of the regime, it is often assumed that Christianity is withering in Iran, but in fact more Iranian Muslims have become Christians in the last 25 years than since the seventh century when Islam first came to Iran. Beginning with an in-depth look at the historical identity of Iran religiously, culturally and politically, Bradley shows how this identity makes Iranians inclined towards Christianity. He goes on to look at the impact of the 1979 revolution, an event which has brought war, economic chaos and totalitarianism to Iran and its implications for Iranian faith. The study concludes with an analysis of church growth since 1979 and an examination of the emerging underground church. This is a fascinating work guaranteed to improve any reader's knowledge of not only Iranian faith and church growth but of Iranian culture and history as a whole, thanks to the thorough treatment given to the country's background.

Only Paralyzed from the Neck Down Dan Brewster, Dan R. Brewster, Tom Brewster, 1997 Paralyzed in a diving accident at the age of 18, Tom Brewster nevertheless became one of the world's foremost missionary strategists. Along with his wife and son, Tom traveled to some of the most remote parts of the world, challenging missionaries with strategies of involvement, relevance and servanthood.

Encountering the World of Islam Keith E. Swartley, 2005-11-02 This comprehensive evangelistic resource collects articles from eighty authors who have lived throughout the Muslim world. You will gain a positive biblical perspective on the history of Islam, the current political landscape and much more.

American Missionaries in Iran during the 1960s and 1970s Philip O. Hopkins, 2020-09-22 This work explores the interaction of American Protestant missionaries with Iranians during the 1960s and 1970s. It focuses on the missionary activities of four American Protestant groups: Presbyterians, Assemblies of God, International Missions and Southern Baptists. It argues that American missionaries' predisposition toward their own culture confused their message of

the gospel and added to the negative perception of Christianity among Iranians This bias was seen primarily in the American missionaries desire to modernize Iran through education and healthcare and between the missionaries relationship with Iranian Christians Iranian attitudes towards missionary involvement in these areas are investigated as is the changing American missionary strategy from a traditional method where missionaries had the final say on most matters related to American and Iranian Christian interaction to the beginnings of an indigenous system where a partnership developed between the missionary and the Iranian Christian
