just the way I tell my life After all my life has been a series of short stories and poems not one continuous biography or even one long story I tried to keep them truthful at all times My poetry is not the deep thinking style but happenings in poetry form I hope you enjoy it The Chapter numbers are assigned to the places I lived when the stories happened not necessarily in the order that they happened You will find the stories and poems are not numbered I began writing short stories and poems before I started my book Then after a few stories I figured it would be a good way to write a book So this is it for good or ill and I am not an author with an extensive vocabulary by any stretch of the imagination I hope you ll forgive that They so I m told are quite interesting and easy reading Take them like vitamins one or two a day I hope you will laugh and cry and enjoy The stories poems musings and thoughts in this book are the product of but not limited to a lifetime of memories love life pain and laughter It is a labor of love in an effort to sing the praises of those that deserve it the most and not for the writer For it was the people that this work was dedicated to that I have to thank for almost all the memories If it weren t for the people there would be absolutely no need for writing this book      *Washer the Raccoon* George Ethelbert Walsh,1922 As a young raccoon Washer is swept over Rocky Falls and is captured downstream by Sneaky the Wolf who takes him to his den Luckily Mother Wolf saves him from being eaten and raises him as one of her cubs      **The Gospel of Education** Martin Zschoche,2021-01-02 Re explore teaching from the depths of brain based accelerated learning research that reveals how students learn and respond to classroom environments and teacher interactions By creating a warm and welcoming atmosphere complete with music and fun your students learn how much you care for them and understand their needs Your words are powerful and everything you do or say sends a message consciously or non consciously to your students Through purposeful classroom management and choreographed instruction grab your students attention and keep them so focused there is no time to become distracted or misbehave By removing students fear factors and giving them leadership roles students take ownership of the classroom productively engaging with each other and learning deeply together Turn assessments into a joyful experience of profound learning Be that teacher the students remember fondly years after they leave school the one about whom they say We learned soooo much and we remember it      **FREE MAN WALKING** Andy Nieman,2014-01-28 The horror of loneliness Over 10 years in prison Hooked on heroin cocaine and drugs for 23 years A chronic alcoholic for 27 Homeless Eating out of garbage bins Born into a violent alcoholic home Molested by a pedophile in a residential school for three years Surviving on skid row for 10 years Living with the constant threat of suicide Now this same person has a University Degree is a United Pentecostal Church Pastor an Officer of the Legislative Assembly a poet husband and stepdad This true story will give you a unique front row look into a world few know about or experience Once you read this book your heart will be overflowing with hope You will be left with no other alternative because this story will touch you so deeply it will remain in your heart the rest of your life If you know a chronic alcoholic or drug addict whose life appears to be totally hopeless or have a family member living with one this book is a book for you and for them I could not stop drinking
