Architecture Community Consulting Housing **Jewish Internationalism and Human Rights after the Holocaust** Nathan A. Kurz,2020-11-26 Nathan A Kurz charts the fraught relationship between Jewish internationalism and international rights protection in the second half of the twentieth century For nearly a century Jewish lawyers and advocacy groups in Western Europe and the United States had pioneered forms of international rights protection tying the defense of Jews to

norms and rules that aspired to curb the worst behavior of rapacious nation states In the wake of the Holocaust and the creation of the State of Israel however Jewish activists discovered they could no longer promote the same norms laws and innovations without fear they could soon apply to the Jewish state Using previously unexamined sources Nathan Kurz examines the transformation of Jewish internationalism from an effort to constrain the power of nation states to one focused on cementing Israel's legitimacy and its status as a haven for refugees from across the Jewish diaspora Frank & Ava John Brady, 2015-10-13 The love story of Frank Sinatra and Ava Gardner has been told piecemeal from one side or the other but has never been fully explored or explained until now The story begins in Hollywood's golden age when Ava ever insecure was emerging as a movie star But she fell in and out of love too easily Mickey Rooney married her as a conquest Artie Shaw treated her like a dumb brunette Neither marriage lasted a year Then after being courted by Howard Hughes and others along came Sinatra who was battling his own insecurities MGM fired him his record company dropped him and no one seemed to want him except Ava Their encounter led to an affair that broke all the rules of the prudish era Frank was married with children Their reputations could be ruined if this got out and it did as Frank left his family and pursued Ava across Europe while she taunted him They married but then came quarrels separations and reconciliations Finally there was a divorce but even afterwards their long hot messy glorious painful romance stretched right to the finish line Thoroughly researched and reported Frank Ava is not another storybook version of a Hollywood romance but a compelling drama of love and emotional war that left two iconic celebrities wounded for life *John William McCormack* Garrison Nelson, 2017-03-23 In the first biography of U S House Speaker John W McCormack author Garrison Nelson uncovers previously forgotten FBI files birth and death records and correspondence long thought lost or buried For such an influential figure McCormack tried to dismiss the past almost erasing his legacy from the public's mind John William McCormack A Political Biography sheds light on the behind the curtain machinations of American politics and the origins of the modern day Democratic party facilitated through McCormack's triumphs McCormack overcame desperate poverty and family tragedy in the Irish ghetto of South Boston to hold the second most powerful position in the nation By reinventing his family history to elude Irish Boston's powerful political gatekeepers McCormack embarked on a 1928 1971 House career and from 1939 71 the longest house leadership career Working with every president from Coolidge to Nixon McCormack's social welfare agenda which included Social Security Medicare and Medicaid immigration reform and civil rights legislation helped commit the nation to the welfare of its most vulnerable citizens By helping create the Austin Boston Connection McCormack reshaped the Democratic Party from a regional southern white Protestant party to one that embraced urban religiously and racially diverse ethnics A man free of prejudice John McCormack was the Boston Brahmin's favorite Irishman the South's favorite northerner and known in Boston as Rabbi John the Jews favorite Catholic **Flight of the WASP** Michael Gross, 2023-11-14 Fifteen families Four hundred years The complex saga of the White Anglo Saxon Protestant elite in America's history For decades writers

from Cleveland Amory to Joseph Alsop to the editors of Politico have proclaimed the diminishment of the White Anglo Saxon Protestants who for generations were the dominant socio cultural political force in America While the WASP elite has in the last half century indeed drifted from American centrality to the periphery its relevance and impact remain as Michael Gross reveals in his compelling chronicle From Colonial America s founding settlements through the Gilded Age to the present day Gross traces the complex legacy of American WASPs their profound accomplishments and egregious failures through the lives of fifteen influential individuals and their very privileged sometimes intermarried families As the Bradford Randolph Morris Biddle Sanford Peabody and Whitney clans progress prosper and periodically stumble defining aspects in the four century sweep of American history emerge our wide oft contentious religious diversity the deep scars of slavery genocide and intolerance the creation and sometime mis use of astonishing economic and political power an enduring belief in the future an instinct to offset inequity with philanthropy an equal capacity for irresponsible sometimes wanton behavior American society was supposed to be different writes Gross but for most of our history we have had a patriciate an aristocracy a hereditary oligarchic upper class who initiated the American national experiment In previous acclaimed books such as 740 Park and Rogues Gallery Gross has explored elite culture in microcosm expanding the canvas Flight of the WASP chronicles it across four centuries and fifteen generations in an ambitious and consequential contribution to American history

Practicing Utopia Rosemary Wakeman,2016-04 Rosemary Wakeman provides a sweeping history of new towns those created by fiat rather than out of geographic or economic logic and often intended to break with the tendencies of past development Heralded throughout the twentieth century as solutions to congestion environmental threats architectural malaise and cultural anomie today they are often seen as sad pernicious or merely suburban Wakeman shows that hundreds of such towns sprang from templates and designs not only in North America and across Europe but around the world revealing how different cultures dreamed of re organizing themselves Wakeman also illuminates the missteps and unanticipated results of the initial optimistic choices and impulses **Campaign of the Century** Irwin F. Gellman,2022-01-04 Based on massive new research a compelling and surprising account of the twentieth century s closest election The 1960 presidential election between John F Kennedy and Richard Nixon is one of the most frequently described

political events of the twentieth century yet the accounts to date have been remarkably unbalanced Far more attention is given to Kennedy s side than to Nixon s The imbalance began with the first book on that election Theodore White s *The Making of the President 1960* in which as he later admitted White deliberately cast Kennedy as the hero and Nixon as the villain and it has been perpetuated in almost every book since then Few historians have attempted an unbiased account of the election and none have done the archival research that Irwin F Gellman has done Based on previously unused sources such as the FBI s surveillance of JFK and the papers of Leon Jaworski vice presidential candidate Henry Cabot Lodge and many others this book presents the first even handed history of both the primary campaigns and the general election The result is a fresh engaging chronicle that shatters long held myths and reveals the strengths and weaknesses of both candidates
