Women in Chinese Buddhism Jessica Huset Tilton, 2025-10-30 Tilton examines how cultural political and economic forces exert pressures on the levels of freedom and equality for female Buddhists within the Buddhist community as well as women's rights within society The book charts women's spiritual paths over four periods beginning with the Buddha and his revolutionary stance on women to the creation of a fully ordained female Sa gha in China which peaked during the Tang dynasty and finally to its resurgence in the late Qing and early Republic period ending with a sharp decline to near extinction during the Mao Zedong years 1949 1976 As the nun and lay communities arise directly from the broader female community Tilton argues that there is a direct correlation between women's rights issues and those of liberties for Buddhist women within the Sa gha Specifically women's equality within this world as well as their right to achieve liberation from this world or sa s ra Charting the evolution of Buddhist women in China across multiple centuries this book is a valuable resource for academics researchers and students of Asian Studies Buddhist Studies as well as those interested in the intersection of gender and religion

[To Quell the Terror: The Mystery of the Vocation of the Sixteen Carmelites of Compiègne Guillotined July 17, 1794](#) William Bush, 2013-10-29 This book recounts the dramatic true story of the Discalced Carmelite nuns of Compiègne martyred during the French Revolution's Great Terror and known to the world through their fictional representation in Gertrud von Le Fort's *Song at the Scaffold* and Francis Poulenc's *Dialogues of the Carmelites* At the height of the French

Revolution's Great Terror a community of sixteen Carmelite nuns from Compi gne offered their lives to restore peace to the church and to France Ten days after their deaths by the guillotine Robespierre fell and with his execution on the same scaffold the Reign of Terror effectively ended Had God thus accepted and used the Carmelites generous self gift Through Gertrud von Le Fort's modern novella *Song at the Scaffold* and Francis Poulenc's famed opera *Dialogues of the Carmelites* with its libretto by Georges Bernanos modern audiences around the world have become captivated by the mysterious destiny of these Compi gne martyrs Blessed Teresa of St Augustine and her companions Now for the first time in English William Bush explores at length the facts behind the fictional representations and reflects on their spiritual significance Based on years of research this book recounts in lively detail virtually all that is known of the life and background of each of the martyrs as well as the troubled times in which they lived The Compi gne Carmelites sustained by their remarkable prioress emerge as distinct individuals struggling as Christians to understand and respond to an awesome calling relying not on their own strength but on the mercy of God and the guiding hand of Providence The book includes an index and 15 photos *The Plot to Kill God* Paul Froese, 2008-08-06 The story of the survival of religion in the Soviet Union is one of the great surprises of the end of the twentieth century Indeed it is so surprising that many social scientists write it off attribute it to cultural nationalism or ignore it It is assumed that religion simply was given a temporary reprieve and would shortly succumb to secularization Professor Froese demolishes this assumption Andrew Greeley author of *The Catholic Imagination* *The Plot to Kill God* is refreshingly creative in bringing evidence from a neglected but hugely important case to bear on thinking through social scientific theories of religion This is an important contribution to a field greatly in need of just this kind of solid historical case analysis Christian Smith University of Notre Dame A wonderful book that will break the hearts of Richard Dawkins and all the other angry atheists After more than 70 years of intensive educational efforts and brutal persecution of religion there were no fewer believers in Russia than in the United States Rodney Stark Scientific socialism in communist countries turned out to be a hollow faith incapable of replacing more traditional religions Paul Froese beautifully shows why and how this provides us with useful lessons about the continuing power of religion today Daniel Chirot University of Washington Froese compellingly tests many theories about the causes of religious belief strength and resurgence *The Plot to Kill God* highlights the close link between human nature and religious faith thus making a broad argument about the anthropological foundation of religion while also using the tools of social science to advance our knowledge concepts and theories about religion and society Margarita Mooney University of North Carolina at Chapel Hill [The Indian Scout](#) Gustave Aimard, 1860 [America](#), 1917 The Jesuit review of faith and culture Nov 13 2017 [The Carmelite Tradition](#) Steven Payne, 2011-06-01 Eight hundred years ago Albert of Jerusalem gave the hermit penitents of Mount Carmel a way of life to follow Since then this rule has inspired and formed mystics and scholars men and women lay and ordained to seek the living God In *The Carmelite Tradition* Steven Payne OCD brings together representative voices to demonstrate the richness

and depth of Carmelite spirituality As he writes Carmelite spirituality seeks nothing more nor less than to stand before the face of the living God and prophesy with Elijah to hear the word of God and keep it with Mary to grow in friendship with God through unceasing prayer with Teresa to become by participation what Christ is by nature as John of the Cross puts it and thereby to be made like Th r se of Lisieux into instruments of God s transforming merciful love in the church and society The lives and writings in The Carmelite Tradition invite readers to stand with these holy men and women and seek God in the hermitage of the heart Steven Payne OCD of the Washington Province of Discalced Carmelite Friars is a member of the Carmelite Friars formation team at the Monastery of St John of the Cross near Nairobi Kenya and director of the Institute of Spirituality and Religious Formation ISRF at Tangaza College a constituent college of the Catholic University of Eastern Africa CUEA in Nairobi He is the past editor of ICS Publications and of Spiritual Life magazine and the author of several works in philosophy of religion theology and Carmelite spirituality He is a member of the Carmelite Forum and of the Carmelite Institute in Washington DC of which he is a past president **The New Monthly Magazine** ,1874
