The Art of Caregiving in Fiction, Film, and Memoir Jeffrey Berman, 2020-10-29 Bringing together the human story of care with its representation in film fiction and memoir this book combines an analysis of care narratives to inform and inspire ideas about this major role in life Alongside analysis of narratives drawn from literature and film the author sensitively interweaves the story of his wife's illness and care to illuminate perspectives on dealing with human decline Examining texts from a diverse range of authors such as Leo Tolstoy Edith Wharton and Alice Munro and filmmakers such as Ingmar Bergman and Michael Haneke it addresses questions such as why caregiving is a dangerous activity the ethical problems of writing about caregiving the challenges of reading about caregiving and why caregiving is so important It serves as a fire starter on the subject of how we can gain insight into the challenges and opportunities of caregiving through the creative arts **A**

Matter of Life and Death Rosalind Bradley, 2016-08-18 This book brings together contributors from different backgrounds including a Holocaust survivor and a death row inmate to explore perspectives on death Each contributor offers commentary on a written or visual work that best expresses death to them A meaningful volume for the bereaved and those working in bereavement or spirituality *Nursing World*, 1919 Negotiating nursing Jane Brooks, 2018-05-17 Negotiating Nursing

explores how the Queen Alexandra's Imperial Military Nursing Service Q A's salvaged their soldier patients within the sensitive gender negotiations of what should and could constitute nursing work and where that work could occur The book argues that the Q A's an entirely female force during the Second World War were essential to recovering men from the battlefield and for the war despite concerns about women's presence on the frontline Using personal testimony the book maps the developments in nurses' work as they created a legitimate space for themselves in war zones and established their position as the expert at the bedside Yet despite the acknowledgement of nurses' vital role in the medical service their position was gendered As the women of Britain were returned to the home post war it was the military nurses' womanhood that stymied their considerable skills from being transferred to the new welfare state An electronic edition of this book is freely available under a Creative Commons CC BY NC ND licence Scattershot David Lovelace, 2008 An account of the author's predominantly bipolar family discusses his parents and brother's struggles with their symptoms his own development of bipolar disorder and his observations on the connection between his family's illness and their religious faith

Suspended Conversations Martha Langford,2021-10-13 In *Suspended Conversations* Martha Langford shows how photographic albums tell intimate and revealing stories about individuals and families Rather than isolate the individual photograph treat albums as texts or argue that photography has supplanted memory she demonstrates that the photographic album must be taken as a whole and interpreted as a visual and verbal performance that extends oral consciousness Exhibiting a collection of photographic travelogues memoirs thematic collections and family sagas compiled between 1860 and 1960 and held by the McCord Museum of Canadian History this second edition includes a revised and expanded preface along with new photographs of the Notman albums Printed in colour throughout the enhanced material draws out the distinct nuances and details of each album giving them new life to tell their stories Albums are treasured by families collected as illustrations of the past by museums of social history and examined by scholars for what they can reveal about attitudes and sensibilities but when no one is left to tell the tale the intrigue of the album becomes a puzzle a suspended conversation Langford argues that oral consciousness provides the missing key Correlating photography and orality she explains how albums were designed to work as performances and how we can unlock their mysteries A fascinating glimpse of the preoccupations of previous centuries *Suspended Conversations* brings photography into the great conversation of how we remember and how we send our stories into the future *Cumulated Index Medicus* ,1991
