Political Correctness Is Killing America:

America's Death Spiral - Blaming Obama, Democrats and Political Correctness Nick Velli, 2016-04-25 eBookIt Publishers announced release of a timely and politically charged autobiography of Nick Velli entitled America's Death Spiral Blaming Obama Democrats and Political Correctness The author is an American octogenarian who was raised during the Great Depression and experienced the travails of WWII and the following military interventions of Korea and Vietnam that changed the temperament and patriotism of Americans in many respects forever Part 1 of the book tracks the dramatic and extraordinary events of the period from 1932 through 2015 Part 2 deals with the grim aspects of the near and distant future that Americans are now facing regarding racial divisiveness Jihadist External and Internal Terrorism and prospects of a catastrophic national financial collapse due to explosion of the national debt exceeding 20 trillion dollars The author examines the ill advised manipulation of the Democratic Party following LBJ that transformed to the policies of Progressives transitioning to a Socialistic model of government This was greatly accelerated later by Barack Obama's promise of the Fundamental Transformation of the Founding Father's American democratic republic *Socialist Revolution in America* Simona Pipko, 2021-09-20 We are at war This war is aimed at you your family your country and the Western Civilization as a whole Afghanistan and the Socialist Revolution in America are parts of this long war As a compilation of articles written during the last thirty years this book represents the history of ideology that brought the world and America to its current crisis The pages of this book reveal the faceless and nameless enemies that have been secretly operating under the radar for decades The book exposes the driving force behind the International Terrorism today Russia and her Counterintelligence operations Being a profound and meaningful work this book is a rich arsenal of information based on the author's first hand experiences and factual data This book will bring to light myriads of compelling and grim secrets behind such names as Joseph Stalin who married the Communist ideology with Islamic Jihad Yuri Andropov who designed the monumental infiltration into the midst of our society by simultaneous intrusion of our intelligence apparatus and the media and Vladimir Putin who is successfully implementing their strategy in the 21st century Exposing the core of today's terrorism its roots ideology and operations *Socialist Revolution in America* is an eye opener in comprehending the major underlying problems in America and the world To survive and win this war awareness and knowledge of the enemy is urgent and crucial Has Political Correctness Gone Mad? Tony McKenna, 2024-03-21 Woke social justice warriors lurk around every corner ready to cancel free speakers and police common sense Muslims love nothing better than abolishing Christmas FemiNazi's throw false accusations at the pillars of our society Decried by right wing pundits and politicians alike the idea of political correctness is often painted as a form of left wing totalitarianism but in this pithy clear headed account Tony McKenna explains how the concept itself is in fact one of the great conspiracy theories of our times From the fear of cancel culture to the demonization of grassroots social movements this is a searing dissection of how the exclusionary agendas for so long played out in our

media and party politics have been successfully dressed up as campaigns for freedom and common sense Tackling some of the favourite bogeymen of tabloids and scaremongers McKenna dissects the language rhetoric and ideology that turns refugees into insects social justice into wokery and makes predators out of anyone from dark skinned men to trans women He provides a full analysis of historically important social liberation movements like BLM and MeToo giving the historical and cultural contexts for their emergence As the tried and tested politics of stigmatization and exclusion shift from old targets to new this an explanation of one of society s most insidious narratives and how it allows dominant orthodox culture to cast the subjects of its oppressive tactics as the dreaded global liberal elite **Are Four Isms Killing America?** Robert A.

Taft,2018-04-26 The answer to the question raised in the title of this book is yes This well documented account explores the four culprits progressivism communism Islamism and globalism After presenting the American concept and its key vulnerabilities the book tracks the history of each of these isms comparing their similarities and describing why Americanism runs totally counter to their principles From 1900 to the present this chilling but factual account shows the impact the isms have had on the evolution of America Starting in 1960 the four have combined forces to attack the family religion and education in order to take down this country its Constitution and moral firewall In the end the fallacy of the four isms along with their collective operational formula is exposed and how emerging generations are the unwitting victims of their assault

The Immaculate Mistake Rodney Wallace Kennedy,2021-09-23 President Donald Trump originated his political career by claiming that Barack Obama was not born in the USA His birtherism theory was discredited but there s another possibility about birth Evangelicals have given birth to Donald Trump in the immaculate mistake Evangelicals are not a collection of dumb and irrational people they are the creators of the demolition presidency of Trump He is their child the result of almost one hundred years of evangelical angst resentment and hurt This is the story of how Trump has become a secular evangelical preacher and his message of fear hatred division and getting even has captured the hearts and minds of evangelicals Rather than dismissing them this work takes them seriously and literally and offers a frank and disturbing series of portraits of their determination to win at all costs Killing America William Davidson,2016-09-29 There are new ways of waging war being

developed every day It appears invisible tactics and weapons are being used especially against the United States This may sound like science fiction or fear mongering to the average person Maybe that is why invisible tactics are working so well The United States of America is under full scale attack with invisible weapons and the average person does not even know Stay with me and I will expose hundreds of attacks that are in full scale right now and how I believe I came to be aware or able to see the invisible war *Political Correctness in the Era of Trump* Luigi Esposito,Laura Finley,2018-11-15 In recent years debates surrounding political correctness PC have once again intensified in the United States and other Western countries Although PC has a long history the term today is typically associated with a type of leftist progressive puritanism that prevents people from speaking their minds or voicing uncomfortable truths that might offend members of marginalized

groups or communities In many respects the political ascendancy of Donald J Trump and his appeal to millions of people not only in the USA but around the world hinges on the belief that his presidency represents a repudiation of the repressiveness associated with PC Indeed throughout his political campaign Trump declared himself to be an anti PC president who would always speak his mind and tell it like it is However while many celebrated Trump s maverick anti PC stance others saw this as an attack on basic standards of decency and civil discourse Timely and important this collection is authored by scholars from various disciplines and will be of interest to educators undergraduate and graduate students as well as anyone interested in the debates associated with the so called culture wars in the West Each chapter addresses how the PC debate has continued to shape social and political discourse in different areas including race relations gender issues terrorism and national security higher education the media and immigration The point is made that while some of the criticisms directed against PC are worthy of serious consideration and discussion it is also true that PC particularly in the era of Trump has been increasingly employed as a form of ideological scapegoat to delegitimize and roll back language attitudes values behaviors and policies that are vital for promoting objectives associated with gender and racial equality human rights democracy empathy fairness multiculturalism and inclusive curricula

The Psychology of Political Polarization Jan-Willem van Prooijen,2021-03-31 The Psychology of Political Polarization was inspired by the notion that to understand the momentum of radical political movements it is important to understand the attitudes of individual citizens who support such movements Leading political psychologists have contributed to this important book in which they share their latest ideas about political polarization a complex phenomenon that cannot be traced back to a single cause and that is associated with intolerance overconfidence and irrational beliefs The book explores the basis of political polarization as being how citizens think and feel about people with a different worldview how they perceive minority groups and how much they trust leaders and experts on pressing societal issues such as climate change health international relations and poverty The chapters are organized into two sections that examine what psychological processes and what social factors contribute to polarization among regular citizens The book also describes practical strategies and interventions to depolarize people The book offers a state of the art introduction to the psychology of political polarization which will appeal to the academic market and political professionals

Conservative Political Communication Sharon E. Jarvis,2021-04-14 Conservative Political Communication examines the evolution of appeals media and tactics in right wing media and political communication tracking trends and shifts from the early days of contemporary conservatism in the 1950s to the Trump administration The chapters in this edited volume feature the work of senior and junior scholars from the fields of communication journalism and political science employing content analytic experimental survey historical and rhetorical research methodologies Analyses of the rise of the 24 hour news cycle the range of partisan news sources and the role of social media algorithms in political campaigns yield insights for our media and information ecosystems A key theme across these chapters is how right wing channels and communications

help and hinder partisan fragmentation a condition whereby novice elected officials create personal conservative brands appeal to the base through partisan media and complicate senior leadership's ability to engage in bargaining compromise and deal making This volume interrogates conservative media and messaging to track where these processes came from how they functioned in the 2016 U S presidential campaign and where they may be going in the future This book will interest scholars and upper level students of political communication media and politics and political science as well as readers invested in today's political media landscape in the United States

The Collapse of Freedom of Expression Jordi Pujol, 2023-02-15 This book offers a holistic account of the problems posed by freedom of expression in our current times and offers corrective measures to allow for a more genuine exchange of ideas within the global society The topic of free speech is rarely addressed from a historical philosophical or theological perspective In The Collapse of Freedom of Expression Jordi Pujol explores both the modern concept of the freedom of expression based on the European Enlightenment and the deficiencies inherent in this framework Modernity has disregarded the traditional roots of the freedom of expression drawn from Christianity Greek philosophy and Roman law which has left the door open to the various forms of abuse censorship and restrictions seen in contemporary public discourse Pujol proposes that we rebuild the foundations of the freedom of expression by returning to older traditions and incorporating both the field of pragmatics of language and theological and ethical concepts on human intentionality as new complementary disciplines Pujol examines emblematic cases such as Charlie Hebdo free speech on campus and online content moderation to elaborate on the tensions that arise within the modern concept of freedom of expression The book explores the main criticisms of the contemporary liberal tradition by communitarians libertarians feminists and critical race theorists and analyzes the gaps and contradictions within these traditions Pujol ultimately offers a reconstruction project that involves bridging the chasm between the secular and the sacred and recognizing that religion is a font of meaning for millions of people and as such has an inescapable place in the construction of a pluralist public sphere

What America Needs Jeffrey Lord, 2016-01-08 A book to challenge the status quo spark a debate and get people talking about the issues and questions we face as a country

Fixing American Politics Roderick Hart, 2021-11-29 Fixing American Politics

Solutions for the Media Age brings together original chapters from 34 noted scholars from two disciplines political science and communication asked to identify the most pressing problems facing the American people and how they can be solved Authors address the questions succinctly and directly with their favored solutions featured in chapter titles that exhort and inspire The book gives the reader much to think about and debate Should news outlets be funded with public money rather than by private enterprise Are the new social media a boon or a bane to political elections Is the American past dead or is it living once again Do churchgoers and environmentalists have anything to discuss Is the FCC doing its job Can political ads be made less toxic Should Fox News be cancelled Should cancel cultures be cancelled Can we become more civil to one another and if so how Fixing American Politics poses all the best questions and offers some concrete answers as well This book is perfect for students citizens the media and anyone concerned with contemporary challenges to civic life and discourse today

Political Culture in the Age of Trump Albert P. Melone, 2020-08-03 The Trump presidency alone is a topic of considerable public discussion and debate Yet Donald Trump signals much more than the behavior of a single person He is a symptom and not the sole cause a greater malaise gripping the republic Albert P Melone argues that the Trump phenomenon is an instance of the rise of mass society and the decline of pluralist democracy He points out that yesteryear s Madisonian pluralist paradigm of democracy no longer aptly describes and explains the American political world as it now exists By substituting the conceptual framework of mass society for the pluralism model the author points the way to a more powerful and convincing explanation of the Trump phenomenon

Certiably Insane TOM REIDY, 2015-10-20 This book identifies and analyzes twenty cultural choke points that have each contributed to cultural decline in America The book defines how these choke points have contributed to the destruction of our foundational institutions We will study these foundational institutions and why they are essential to a healthy national culture When they collapse so does the culture Based upon this analysis we can assign the exact year cultural disintegration began in America

Out of Hiding Kathleen M. Blee, Robert Futrell, Pete Simi, 2023-12-08 Out of Hiding Extremist White Supremacy and How It Can Be Stopped explains how white supremacist extremism endures the varied forms it takes its relationship with systemic racism and what to do about it The book draws on more than 30 years of extensive data and direct experiences with extremists to describe how white supremacy moved into the spotlight during the first two decades of the 21st century The argument focuses on three moments between 2008 and today during which white supremacists took opportunities to move from pockets of underground activism to violent protests across the United States The authors offer a corrective to observers who mischaracterize today s racial extremism as a new form of alt right conservatism or white nationalism emanating from an isolated poorly educated and economically disenfranchised online fringe These misunderstandings reflect the limited attention given to the varied and persistent forms of racial extremism that have long simmered in America and an inability to acknowledge the appeal white supremacist messages can hold for a broad swath of the U S population This volume contributes a longer view than other books to

demonstrate that today's white supremacy is less a unique eruption than a continuation and an acceleration of longstanding U S white supremacy This is essential reading for scholars and activists interested in racism white supremacy and far right extremism

That Book Is Dangerous! Adam Szetela, 2025-08-12 An alarming exposé of the new challenges to literary freedom in the age of social media when anyone with an identity and an internet connection can be a censor In *That Book Is Dangerous* Adam Szetela investigates how well intentioned and often successful efforts to diversify American literature have also produced serious problems for literary freedom Although progressives are correct to be focused on right wing attempts at legislative censorship Szetela argues for attention to the ways that left wing censorship controls speech within the publishing industry itself The author draws on interviews with presidents and vice presidents at the Big Five publishers literary agents at the most prestigious agencies award winning authors editors marketers sensitivity readers and other industry professionals to examine the new publishing landscape What he finds is unsettling mandatory sensitivity reads morality clauses in author contracts even censorship of dangerous books in the name of antiracism feminism and other forms of social justice These changes to acquisition practices editing policies and other aspects of literary culture are a direct outgrowth of the culture of public outcries on X Goodreads Change.org and other online platforms where users accuse authors justifiably or not of racism sexism homophobia and other transgressions But rather than genuinely address the economic inequities of literary production this current moral crusade over literature serves only to entrench the status quo While the right is remaking the world in its image he writes the left is standing in a circular firing squad Compellingly argued and incisively written the book is a much needed wake up call for anyone who cares about reading writing and the publication of books as well as the generations of young readers we are raising

American Decline Innocent Emechete, 2025-11-06 In *American Decline* Father Innocent Emechete delivers a passionate examination of America's cultural and moral transformation from a nation firmly rooted in Judeo-Christian values to one increasingly defined by secularism moral relativism and progressive politics Drawing from his unique perspective as a Catholic priest with experience in both Nigeria and the United States Emechete traces America's journey from the post WWII era of traditional values through the societal upheavals of the 1960s to today's conflicts over abortion LGBTQ issues and religious expression in public life He argues that the removal of God from America's schools families and public discourse has directly contributed to increasing rates of crime addiction homelessness and moral confusion With unflinching criticism of progressive policies and what he sees as the damaging effects of political correctness Emechete challenges readers to consider how America might return to what he views as its founding principles His analysis covers hot button issues including transgender rights education policies the breakdown of traditional families and the proper role of government in addressing social problems This unapologetically conservative Christian critique offers a counterpoint to progressive narratives about American culture and provides a rallying cry for those who believe America's future depends on reclaiming its religious heritage and

traditional moral framework If you enjoyed *The Right Side of History* by Ben Shapiro *The Death of Right and Wrong* by Tammy Bruce or *How the West Really Lost God* by Mary Eberstadt you ll love *American Decline* *The Corruption of Ethos in Fortress America* Christopher Carter,2020-10-05 *The Corruption of Ethos in Fortress America* Billionaires Bureaucrats and Body Slams argues that authoritarian strains of U S governance violate the idea of ethos in its ancient collectivist sense Christopher Carter posits that this corrupts the cultural dwelling place through public relations strategies policies on race and immigration and a general disregard for environmental concerns Donald Trump s presidency provides a signal instance of the problem refashioning the dwelling place as a fortress while promoting sweeping forms of exclusion and appealing to power for power s sake Carter s analysis shows that emboldened by the purported flexibility of truth Trump s authoritarian rhetoric underwrites unrestrained policing militarized borders populist nationalism and relentless assaults on investigative journalism These trends bode ill for human rights and critical education as well as progressive social movements and the forms of life they entail Worse yet the corruption of ethos threatens life in general by privileging corporate prerogatives over ecological attunement In response to those tendencies Carter highlights modes of activism that merge antiracist and labor rhetoric to offer a more fluid unpredictably emergent vision of social space allying with ecofeminism in ways that make that vision durable Scholars of rhetoric political science history ecology race studies and American studies will find this book particularly useful

The Marxist Goliath Among Us Ronald J. Lawrence,2010-11 Many believe America is secure and we are safe because communism is dead That prevailing supposition is delusive Marxism is flourishing and no less venomous Christianity and family are predicted to collapse our freedom replaced with its tyranny Jesus prophesied They will deliver you to tribulation and will kill you So did Lenin Destroy the family you destroy the country Who are Marxism s covert operatives Ministers influenced by Marxist theology are helping create Christian Socialism A church group supports Cuban spies in America and has financed communist movements The unwanted the burdens on society are eliminated by euthanasia s hired killers as death with dignity Humanism a powerful weapon in Marxism s arsenal promotes individualism and marital infidelity insisting God is a mass sociopathic killer Marxism endorses drug trafficking to destroy our culture Planned Parenthood promotes youthful sex and disobedience to parental authority protects pedophiles and offers abortion It has advocated killing Christians The Communist Party insists it is tolerant of and cooperative with Christianity but it is no less atheistic Jesus is being crucified with evil words and depictions his crowns of thorns on Marxism s cross of decadence Satanism is prospering with its death rituals and immorality because Karl Marx was a committed emissary of Satan How can we rescue ourselves from this threat and save America God tells us in His Word We must confront the Marxist goliath as David did and annihilate it Ronald J Lawrence is a retired criminal investigative reporter for the St Louis Post Dispatch He gained knowledge of Marxism during the Vietnam War when he infiltrated the Young Socialist Alliance an influential communist organization rose to second in command and later testified before the U S House Committee on Internal Security He is a committed Christian
