Poverty and Undernutrition Peter Svedberg, 2000-10-05 A large share of the population in many developing countries suffer from chronic undernutrition In this book Professor Svedberg provides a detailed comparative study of undernutrition in Sub Saharan Africa and South Asia the two worst affected areas and provides crucial advice for all those concerned in development worldwide The book concentrates on the five challenges that undernutrition creates what undernutrition is who the undernourished are where the undernourished are when people are undernourished and why people are undernourished The book is divided into five parts Part I introduces the main paradigms and controversies of undernutrition Part II deals with the relationship in the individual between calorie intake expenditure work effort body weight and income Part III assesses the method of defining and measuring undernutrition based on estimates of gaps between calorie intake and calorie requirements for households Part IV provides a parallel analysis of the main alternative approach to defining and measuring undernutrition based on anthropometric assessment mainly of young children but also adolescents and adults Part V analyses the consequences and causes of anthropometric failure as well as the related policy issues

Perilous Passage Amiya Kumar Bagchi, 2008-01-28 In this innovative and ambitious global history distinguished economic historian Amiya Kumar Bagchi traces the global history of human change and survival under the sway of capitalism

since the voyages of Columbus Writing with extraordinary range and depth he offers a critical analysis of the history and human costs and consequences of development in Europe and North America and in major regions such as India China Japan and Africa Bagchi critically characterizes the emergence and operation of capitalism as a system driven by wars over resources and markets rather than one that genuinely operates on the principle of free markets His unflinching examination of the human toll in the periphery as well in the core nations includes not only economic processes and issues of inequality within and among nations but also the intertwining of economics and war making on a world scale Bagchi s compelling vision will change the ways in which we think about many of the largest issues in the world history and development over the past 500 years

Food policies and nutrition transition in Sri Lanka: Historical trends, political regimes, and options for interventions Weerahewa, Jeevika, Wijetunga, Chatura Sewwandi, Babu, Suresh Chandra, Atapattu, Nihal, In this paper we look at Sri Lanka s food and nutrition policies from a historical perspective to identify the intervention options for addressing the country s current food security and nutrition challenges

Why Nations Fail to Feed the Poor Mohammad Mozahidul Islam, 2022-10-06 This book examines the political and economic dimensions of food security in Bangladesh and assesses the role of the state in meeting the challenges of food security The key concern which is at the heart of this study is to explore how Bangladesh responds when its people go hungry There are no detailed empirical studies that examine the Bangladesh s role by providing an historical cum political analysis however conventional approaches are primarily concerned with a partial diagnosis of the economic or nutritional problems of food security The book then provides a detailed picture of the missing dimensions of state that include the strength of institutions the scope of state functions and other important attributes In doing so it uses the concept of neo patrimonialism to explore the political system of Bangladesh This book explicates the various impediments to food security ranging from the process of policy formulation to their implementation mechanisms It unpacks the structural weaknesses of the Bangladesh s institutional capacity in promoting food security and in the process argues that the root cause of food insecurity is deeply embedded in the nature of the government itself and the political institutions that link the state and society

Contemporary Economic Issues in Developing Countries John Baffoe-Bonnie, Mohammed Khayum, 2003-04-30 Important lessons for policy makers are provided here as contributors evaluate the effectiveness of domestic economic policies and the recommendations of international organizations such as the World Bank regarding the economic development of developing countries Challenges posed by debt problems corruption population dynamics poverty and the absence of adequate human and physical capital are highlighted Contributors cast doubts on the conclusions of the prevailing theories of economic development with patterns of economic change over the course of the 20th century Their findings point out the issue of inadequate social capability as a critical factor in understanding the lack of economic development in many developing countries They suggest that contemporary theorizing tends to pinpoint necessary but insufficient conditions for the successful implementation of development strategies in these

countries Globalization and Growth Michael Spence, Danny Leipziger, 2010-04-02 The volume provides a comprehensive overview of the financial and economic crises of 2008 2009 and the economic and financial policy implications for growth in developing countries Neo-liberalism Or Democracy? Arthur MacEwan, 1999 Explores some central tenets of modern economics subjecting them to trenchant examination including the case for free trade and the inevitability of ever more grotesque income inequalities The book argues that there is a feasible alternative in a democratically controlled economic strategy
