A Short but Full Book on Darwin'S Racism Leon Zitzer, 2017-04-24 Darwin once pondered what it would be like to talk to an ape if he could take a dispassionate view of his own case The ape he said would have to admit he was inferior to humans Darwin was obsessed with ranking organisms It was no different with human beings It is not hard to prove that racism deeply infected the work of Charles Darwin Turn the pages of his writings his letters Journal Notebooks and published works and it's there There is hardly a source that does not contain it It seems like every time he picked up his pen he had something to say about the inferiority of certain races For him evolution produced inequality But Darwin and evolution are not synonymous terms It is possible to criticize Darwin without criticizing the theory of evolution Some previous evolutionists as well as some of his contemporaries were more holistic and humanitarian than he was They looked for connections rather than disconnections and ranking They defied the ideology of conquest and domination of their day and paid a price We can continue to eliminate them from our memories or we can retrieve their voices and let them inspire
