

**I do not need money.
I need feelings,
words, words wisely chosen,
flowers called thoughts,
roses called presences,
dreams that inhabit the trees,
songs that make statues dance,
stars that murmur in lovers' ears.**

**I need poetry,
this magic that burns away the heaviness of words.**

poem by Alda Merini

Rose In Contemporary Italian Poetry

Thomas Erling Peterson

Rose In Contemporary Italian Poetry:

The Rose in Contemporary Italian Poetry Thomas Erling Peterson, 2000 Thomas Peterson surveys the use of the rose topos in 20th century Italian poetry providing an illuminating cross section of the work of all the major poets and the movements in which it appears He examines the development of the topos the individual instances of its appearance and the cultural and linguistic contexts from which these instances emerge The result is the delineation of a new topography of the contemporary Italian lyric Beginning with an exploration of the origins and development of Italian poetry Peterson surveys French usage of the topos from Symbolism forward as a prolegomenon to his survey of Italian usage By studying the gamut of Italian uses of the image from Anacreontic and mannerist to pathetic and ludic to votive prophetic contemplative and sublimative Peterson demonstrates the importance of the topos for Italian lyric and its status as a central vehicle reflecting the changing tradition tendencies and styles of the Italian lyric in the 20th century From publisher's website

Payne, 2004-07-15 Payne pays particular attention to poets of the fifties and sixties futurists and female poets She notes that the futurists who have rarely been translated were particularly important as they were truly original attempting to develop new notions of word line sound and phrase Such new notions make translating them particularly challenging She also offers a large sampling from poets of the fifties and sixties many of whom have won the Viareggio Prize Poems by women in this volume reflect diverse schools and directions while maintaining a distinctly female voice *Poem of the Roses* Erminia Passannanti, 2004 Erminia Passannanti's analysis is lucid even as she compiles the daunting number of references that Fortini drew on in writing this tour de force Her critique winds through the eighteen meandering octaves in seven sections or

fragments to signal allusions to literary ideological and mythological sources. Particularly apt are the critic's elucidation of Fortini's use of an expressionist style, one which was not his own but which he employed in order to critique a particular historical poetic mode of inertia and self-indulgence broadly understood as experimentalist. Fortini's poem stands as Passannanti notes as an epochal reassertion of the dignity of the Italian poetic tradition. Thomas E. Peterson, University of Georgia. Rethinking G.K. Chesterton and Literary Modernism. Michael Shallcross, 2017-11-27. This book comprehensively rethinks the relationship between G.K. Chesterton and a range of key literary modernists. When Chesterton and modernism have previously been considered in relation to one another, the dynamic has typically been conceived as one of mutual hostility grounded in Chesterton's advocacy of popular culture and modernist literature's appeal to an aesthetic elite. In setting out to challenge this binary narrative, Shallcross establishes for the first time the depth and ambivalence of Chesterton's engagement with modernism as well as the reciprocal fascination of leading modernist writers with Chesterton's fiction and thought. Shallcross argues that this dynamic was defined by various forms of parody and performance and that these histrionic expressions of cultural play not only suffused the era but found particular embodiment in Chesterton's public persona. This reading not only enables a far-reaching reassessment of Chesterton's corpus but also produces a framework through which to re-evaluate the creative and critical projects of a host of modernist writers, most sustainedly T.S. Eliot, Wyndham Lewis, and Ezra Pound, through the prism of Chesterton's disruptive presence. The result is an innovative study of the literary performance of popular and high culture in early twentieth-century Britain, which adds a valuable new perspective to continuing critical debates on the parameters of modernism.
