Rose Is A Rose Is A Rose Gender Performa:

Gender, Writing, and Performance Helen J. Swift, 2008-02-28 This book explores the poetics of literary defences of women written by men in late medieval and early modern France It fills an important lacuna in studies of this polemic in imaginative literature by bridging the gap between Christine de Pizan and a later generation of women writers and male Neo Platonist writers who have recently all received due critical attention Whereas male authored defences composed between 1440 and 1538 have previously been dismissed as insincere or mere intellectual games Swift formulates reading strategies to overcome such critical stumbling blocks and engage with the particular rhetorical and historical contexts of these works Edited and as yet unedited texts by Martin Le Franc Jacques Milet Pierre Michault and Jean Bouchet catalogues of women allegorical narratives and debate poems are brought together and analysed in detail for the first time in order to explore for example how such works address the misogynistic spectre of Jean de Meun's *Roman de la rose* The book seeks to understand the contemporary popularity of the case for women *la querelle des femmes* as literary subject matter It investigates the publication history across this period from manuscript to print of Le Franc's *Le Champion des dames* Swift further aims to show how these texts hold interest for modern audiences A nexus of theoretical concerns centred on performance Judith Butler's gender performativity Derrida's re working of Austin's linguistic performativity through spectrality and dramatic performance is enlisted to articulate the interpretative engagement expected by *querelle* writers of their audience The reading strategies proposed foster a nuanced and enriched perspective on the question of a male author's sincerity when writing in defence of women

New York Magazine , 1997-02-24 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country With award winning writing and photography covering everything from politics and food to theater and fashion the magazine's consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea

The Embodied Performance of Gender Jack Migdalek, 2014-10-24 Norms of embodied behaviour for males and females as promoted in mainstream Western public arenas of popular culture and the everyday continue to work overtly and covertly as definitive and restrictive barriers to the realm of possibilities of embodied gender expression and appreciation They serve to disempower and marginalize those not inclined to embody according to such dichotomous models This book explores the ramifications of the way our gendered sexed and culturally constructed bodies are situated toward notions of difference and highlights the need to safeguard the social and emotional well being of those who do not fit comfortably with dominant norms of masculine feminine behaviour as deemed appropriate to biological sex The book interrogates gender inequitable machinations of education and performance arts disciplines by which educators and arts practitioners train teach choreograph and direct those with whom they work and theorizes ways of broadening personal and social notions of possible aesthetic and acceptable embodiment for all persons regardless of

biological sex or sexual orientation The author's own struggles as a performance artist educator and person in the everyday as well as the findings of empirical fieldwork with educators performance arts practitioners and high school students are employed to illustrate and advocate the need for self reflexive scrutiny of existing and hidden inequities regarding the embodiment of gender within one's own habitual perspectives taste and practices Gender After Gender in Consumer Culture Elisabeth Tissier-Desbordes, Luca M. Visconti, 2020-12-23 Gender After Gender in Consumer Culture provides an updated discussion of how gender cuts across consumer culture in light of increasing gender fragmentation and integration with other identity positions Sex the biological distinction male female and gender which refers to a person's sense of being male female or any other combinations of these inform issues as varied as personal identity social interactions and market behaviours First contributions account for the increasing fluidity and or fragmentation of gender positions which reshape the interplay between consumers and marketers Second they provide a timely illustration of how consumption and markets concur in contrasting gender inequalities taken both individually and jointly e.g. at the intersection of ethnicity or positions of market marginalisation Third chapters question the role of gender in granting personal and societal well being as they reflect on the collective capacity of constantly undoing gender stereotypes Focusing on gender this book allows the reader to trace the links among cultural categories e.g. masculinity femininity gender identity social phenomena and market dis functioning The chapters in this book were originally published as a special issue in the journal Consumption Markets Culture

itself *Performance, Feminism and Affect in Neoliberal Times* Elin Diamond, Denise Varney, Candice Amich, 2017-04-29

This book is a provocative new study of global feminist activism that opposes neoliberal regimes across several sites including Asia Australia Canada Europe Latin America and the United States The feminist performative acts featured in the book contest the aggressive unravelling of collectively won gains in gender sexual and racial equality the appearance of new planes of discrimination and the social consequences of political economies based on free market ideology The investigations of affect theory follow the circulation of intensities of political impingements on bodies subjective and symbolic violence and the shock of dispossession within and beyond individuals to the social and political sphere Affect is a helpful matrix for discussing the volatile interactivity between performer and spectator whether live or technologically mediated Contending that there is no activism without affect the collection brings back to the table the activist and hopeful potential of feminism

Erotic Performance and Spectatorship Katy Pilcher, 2016-11-10 Erotic dance is one of the most contentious issues in feminist debates today and a source of fascination in media and popular cultural representations Yet why is it that we currently know so little about those who perform erotic dance for female customers or the experiences of these spectators themselves The result of a unique investigation within two of the UK s leisure venues *Erotic Performance and Spectatorship* seeks to rectify the aforementioned lack of insight Through vivid ethnographies of a lesbian leisure venue and a male strip show Pilcher s research advances key debates about the gender and sexual politics of erotic dance whilst simultaneously relating these to debates about the sex industry more widely This book also subverts previous assumptions that only women perform erotic dance and only men spectate Thus this book stands out amongst other academic accounts developing the debate beyond the established focus on erotic dance as either empowering or degrading This new contribution to the study of erotic dance which provides a fresh theoretical perspective combining queer and feminist theorising in addition to rich empirical evidence will appeal to academic researchers and both undergraduate and postgraduate students within the fields of sociology gender studies sexuality studies gay lesbian studies feminism and other neighbouring disciplines It will also be of interest to feminist and sex work activists policy makers and practitioners

Camp TV Quinlan Miller,2019-04-04 Sitcoms of the 1950s and 1960s are widely considered conformist in their depictions of gender roles and sexual attitudes In *Camp TV* Quinlan Miller offers a new account of the history of American television that explains what campy meant in practical sitcom terms in shows as iconic as *The Dick Van Dyke Show* as well as in more obscure fare such as *The Ugliest Girl in Town* Situating his analysis within the era s shifts in the television industry and the coalescence of straightness and whiteness that came with the decline of vaudevillian camp Miller shows how the sitcoms of this era overflowed with important queer representation and gender nonconformity Whether through regular supporting performances Ann B Davis s Schultzy in *The Bob Cummings Show* guest appearances by Paul Lynde and Charles Nelson Reilly or scripted dialogue and situations industry processes of casting and production routinely esteemed a camp aesthetic that renders all gender expression queer By charting this unexpected history Miller offers new ways of exploring how supposedly repressive popular media incubated queer genderqueer and transgender representations

Boys, Bodies, and Physical Education Göran Gerdin, 2017-01-12 Using visual ethnography this book explores the many forms of pleasures that boys derive in and through the spaces and their bodies in physical education Employing the works of Michel Foucault and Judith Butler Gerdin examines how pleasure is connected to identity schooling and power relations and demonstrates how discourses of sport fitness health and masculinity work together to produce a variety of pleasurable experiences At the same time the book provides a critique of such pleasurable experiences within physical education by illustrating how these pleasures can still for some boys quickly turn into displeasures and can be associated with exclusion humiliation bullying and homophobia Boys Bodies and Physical Education argues that pleasure can both be seen as an educational and productive practice in physical education but also a constraint that both engenders and

privileges some boys over others as well as re producing narrow and limited conceptions of masculinity and pleasures for all boys This book works to problematize these pleasures and their articulations with gender bodies and spaces Into the Closet Victoria Flanagan, 2013-08-21 Into the Closet examines the representation of cross dressing in a wide variety of children s fiction ranging from picture books and junior fiction to teen films and novels for young adults It provides a comprehensive analysis of the different types of cross dressing found in children s narratives raising a number of significant issues relating to the ideological construction of masculinity and femininity in books for younger readers Many literary and cultural critics have studied the cultural significance of adult cross dressing yet although cross dressing representations are plentiful in children s literature and film very little critical attention has been paid to this subject to date Into the Closet fills this critical gap Cross dressing demonstrates how gender is symbolically constructed through various items of clothing and apparel It also has the ability to deconstruct notions of problematizing the relationship between sex and gender Into the Closet is an important book for academics teachers and parents because it demonstrates how cross dressing rather than being taboo is frequently used in children s literature and film as a strategy to educate or enculturate children about gender
