Hudson,2009 The Chicago Renaissance began in the early 1900s and lasted until approximately 1930 The leading writers of the period including Theodore Dreiser Sister Carrie The works of G.J. Whyte-Melville, ed. by H. Maxwell George John Whyte-Melville,1901 Patriarchy in Eclipse Patrick J. Quinn,2015-10-05 There can be little doubt that after the American Civil War a significant number of largely urban American women s relationships with men began to change This transition was brought about through many changing conditions in American society that were predicated by socio economic considerations such as female education large scale immigration from Europe which challenged traditional American values the onset of large scale consumerism and the erosion of the narrow religious moralism which previously restricted the female role in a burgeoning urban landscape This book examines one particular manifestation of upheaval in American society the appearance in literature and art of two distinct types of women who challenged the dominant patriarchal culture from the Civil War to just after the conclusion of World War One The book looks primarily at the literary depiction of the femme fatale and the New Woman and also dedicates chapters to their influences in fine art and music The question as to why these two female types precipitated so much intellectual and artistic angst in their educated male readers is further considered The book traces these two distinct categories of heroines as they make inroads into the preserve of

male domination and examines the various defenses male writers and artists used to slow down the pace of female emancipation both sexually and socially Along the way the book looks at the way in which the 1893 Columbian Exhibition in Chicago unexpectedly encouraged further female advancement how Wagner s operas gave women greater confidence toward self fulfillment and how Otto Weininger s outrageous teachings managed to stem the tide of American female emancipation for a short time The book surveys how the appearance of the Gibson Girl the bicycle and even the advent of bloomers were depicted in literature and supported the advent of this New Woman until she was grudgingly accepted despite philosophical warnings that the female agenda included a plan to destroy masculinity and make men subservient to the female rule The book concludes with a discussion of F Scott Fitzgerald s *The Beautiful and the Damned* where the reader observes the complete destruction of the decadent inclined Anthony Patch by a siren with no heart or introspection Biennial Report State Library of Iowa,1897 **WLA** ,1999 **Walt Whitman of Mickle Street** Geoffrey M. Sill,1994 **100 Years on the Road** Timothy B. Spears,1997-01-01 Drawing on sources such as diaries advice manuals and autobiographies this work shows how travelling salesmen from the early 18th century to the 1920s shaped the customs of life on the road and helped to develop the modern consumer culture in the United States *Historical Records of the XIII Madras Infantry* ,1898
