Awakening to the Power of Peace—Love—Joy—Gratitude Jean Maalouf, 2019-08-09 Humankind is at the present time reaching a critical point in history A disaster of apocalyptic proportions could erupt at any time I know not with what weapons World War III will be fought predicted Albert Einstein but World War IV will be fought with sticks and stones What we are to do in order to prevent such catastrophic events We are to change the way we think insists philosopher Maalouf We are to see people and things in different ways We are to see with God s eyes We are to witness the birth of a new consciousness For philosopher Jean Maalouf who holds two Ph D s and who has published more than forty books one needs to go beyond the symptoms he affirms and find the root causes of our crises His new book Awakening to the Power of Peace Love Joy Gratitude goes straight to the very core of our crises and points the way to their solutions The truth is that the battlefield is not primarily on the land where people confront and kill each other The true battlefield is where decisions are

made in the people's minds, hearts and souls. This is also where solutions should be found. Dr Maalouf invites us to change the way we perceive reality so that a new way of living can emerge. If we don't learn to love one another and to live together in peace, we will continue to kill each other and we will perish together. We are interconnected. We are interdependent. What we think about, how we see things and what we say and do, and the way we live, our life matters greatly. We lay all of us together; we should live in peace, love, joy and gratitude.

This developed from his *Goethe the Alchemist: A Study of Alchemical Symbolism in Goethe's Literary and Scientific Works* (1952), greeted on publication as a major contribution to Goethe Studies. Diotima's vision of

universal love in The Symposium is echoed not only in Castiglione's The Courtier but in alchemy in its symbolical sense these together with Christian ideas combined in Shakespeare's imagination strongly influenced the Sonnets Where possible Shakespeare inserted themes of the Sonnets in his plays The result is a paradoxical combination of mysticism sometimes erotic in the Sonnets with real situations and real lovers in both Sonnets and plays The supreme realisation of the Dark Lady is Cleopatra but the Lady also has mythic dimensions
