Fritze,2009-05-15 This incredible exploration of the murky world of pseudo history reveals the mix of proven facts informed speculation and pure fiction behind lost continents ancient super civilizations and conspiratorial cover ups as well as the revisionist historical foundations of religions such as the Nation of Islam and the Church of Jesus Christ of Latter day Saints Drawing on the best scholarship available Ronald H Fritze shows that in spite of strong mainstream historical evidence to the contrary many of these ideas have proved durable and gained widespread acceptance As the examples in *Invented Knowledge* reveal pseudo historians capitalize on and exploit anomalies in evidence to support their claims rather than examining the preponderance of research as a whole **Akhenaten** Dominic Montserrat,2014-05-01 The pharaoh Akhenaten who ruled Egypt in the mid fourteenth century BCE has been the subject of more speculation than any other character in Egyptian history This provocative new biography examines both the real Akhenaten and the myths that have been created around him It scrutinises the history of the pharaoh and his reign which has been continually written in

Eurocentric terms inapplicable to ancient Egypt and the archaeology of Akhenaten's capital city Amarna. It goes on to explore the pharaoh's extraordinary cultural afterlife and the way he has been invoked to validate everything from psychoanalysis to racial equality to Fascism. *A Monthly Summary of Events and Trends in Race Relations*, 1945 *Bulletin de l'UNESCO à l'intention des bibliothèques* Unesco, 1950

Founding Fathers, Secret Societies Robert Hieronimus, 2005-12-28 An exploration of the influence of secret societies on the formative documents and symbols of the United States. Reveals the Founding Fathers' spiritual vision for America as encoded in the Great Seal. Traces the influence of the Iroquois League of Nations upon the Constitution. Exposes the deep connections the Founding Fathers had with the Freemasons and other secret societies. All children growing up in America learn who the Founding Fathers were. Most however never learn of the founders' connections to the Freemasons, the Rosicrucians and other esoteric orders. In *Founding Fathers Secret Societies* Robert Hieronimus investigates these important connections and how their influence can be traced throughout our most significant national documents and symbols, especially the Great Seal. He reveals in detail how the reverse of the Great Seal, which appears on the back of the one dollar bill, is a blueprint that conveys the secret destiny of America. By understanding the kabbalistic meaning of the Great Seal's reverse, he shows how our current era presents unique opportunities for the fulfillment of our Founding Fathers' spiritual vision.

Upstate Cauldron Joscelyn Godwin, 2015-03-06 A guide to the phenomenal crop of prophets, cults and utopian communities that arose in Upstate New York from 1776 to 1914. From 1776 to 1914, an amazing collection of prophets, mediums, sects, cults, utopian communities and spiritual leaders arose in Upstate New York. Along with the best known of these, such as the Shakers, Mormons and Spiritualists, this book explores more than forty other spiritual leaders or groups, some of them virtually unknown but all of them fascinating. The author uncovers common threads that characterize these homegrown spiritualities, including roots in Western esoteric traditions, liberation from the psychological pressures of dogmatic Christianity, a preoccupation with sex and involvement in the radical reform movements of the day. In addition to maps and photographs of surviving buildings and monuments, the book also features a gazetteer of sites listing 150 locations connected to these groups, which may be used as a helpful travel guide to the region. The dean of alternative spiritual history produces one of his central and most thoughtful works in *Upstate Cauldron*. This book is more than a cauldron. It is a melting pot into which Joscelyn Godwin blends the diffuse and complex religious movements that once converged in Upstate New York to show how we became a modern civilization indelibly stamped by the experience of spiritual outsiders. This is both splendid history and a book of wonders in uncovering lost fragments of our world. Throw away your highlighter because you won't know where to stop. Mitch Horowitz, author of *Occult America*, *White House Sances*, *Ouija*, *Circles*, *Masons* and *the Secret Mystic History of Our Nation*. What a fascinating book. *Upstate Cauldron* takes a refreshing and new look at the period of time when Upstate New York was the center of the Spiritualist movement in America. Joscelyn Godwin has written a book that is very difficult to put down, introducing us to the most wonderful and exotic

individuals People like Timothy Brown who built one of the most intricate and most photographed homes in Central New York with his own hands and out of his own head Can you say spiritual guidance And we meet Kate and Maggie Fox who may have been America's earliest rap stars The fabulous Fox sisters used secret rapping sounds to convince converts that they were communicating with the other world Anthony Damiani was a spiritual godfather to many young people in the university city of Ithaca He doled out his visions of wisdom on Ithaca's main street and when done raced fifty miles to his job as a New York State Thruway toll taker These are just some of the sometimes incredible sometimes bizarre but always interesting people at the core of Upstate's Spiritualism history Godwin tells the story of a little known historical chapter of the area with insight and great liveliness As the author myself of a half dozen books about Upstate New York I found this book irresistible and absorbing Chuck D Imperio author of Unknown Museums of Upstate New York A Guide to 50 Treasures Destined to become the definitive book on eccentric religion in this geographical area this is a fascinating account of unusual and inventive religious figures and movements Sure handed even tempered and wry Joscelyn Godwin is the ideal guide and his book is one that all readers will want to have in hand as they explore this historically rich and important region What's more it is an important book for understanding a vital part of American religious history Arthur Versluis author of American Gurus From Transcendentalism to New Age Religion
