Alien Conscious: Sixty Years of Abduction Experiences Leonard Diamond, 2004-11 In *Alien Conscious* Dr Leonard Diamond provides a fascinating and wonderful look at human alien interpersonal contact. He follows four individuals who have given him permission to discuss their life experiences they shared with Dr Diamond during hundreds of hours of discussion spanning sixty years. The book offers readers a dramatic longitudinal picture of these four children from the age of four to the age of sixty five as they establish and maintain regular contact with a benevolent race of aliens. These aliens from the planet Dollockinos, a small green planet in the Milky Way Galaxy, help the children to achieve and contribute to society. The Dollockians promote the children's uniqueness and very atypical creativity utilizing a special chemical process which was unknown to the children for most years of their contact. All four children succeed with the Dollockian Plan and make exceptional changes in society through their education, their special intellectual qualities, and the manner in which they utilize their skills. Once their contributions to society were apparent, the Dollockians learned their work had been fruitful and they continued to enrich the society of humans. In *Alien Conscious*, the Dollockians also clear up many puzzling questions and issues for humanity, including the UFO crash at Roswell. Dr Diamond also addresses areas such as junk science, prediction skills, mediums, and various other activities associated with alien contactees. He provides us with an excellent literature search as well as explanations and discussions of many of the aspects of human alien contact. The four contactees freely offer their information, and Dr Diamond gives us an intimate view of their relationships with the Dollockians as well as their rich and varied experiences on Dollockinos.

The IRA on Film and Television Mark Connelly, 2014-01-10 The Irish Republican Army (IRA) has for decades pursued the goal of unifying its homeland into a single sovereign nation, ending British rule in Northern Ireland. Over the years, the IRA has been dramatized in motion pictures directed by John Ford, *The Informer*, Carol Reed, *Odd Man Out*, David Lean, *Ryan's Daughter*, Neil Jordan, *Michael Collins*, and many others. Such international film stars as Liam Neeson, James Cagney, Richard Gere, James Mason, and Anthony Hopkins have portrayed IRA members alternately as heroic patriots, psychotic terrorists, and tormented rebels. This work analyzes celluloid depictions of the IRA from the 1916 Easter Rising to the peace process of the 1990s. Topics include America's role in creating both the IRA and its cinematic image, the organization's brief association with the Nazis, and critical reception of IRA films in Ireland, Britain, and the United States.

Missions Howard Benjamin Grose, 1918 **Imagining Slaves and Robots in Literature, Film, and Popular Culture**
Gregory Jerome Hampton, 2015-10-22 Imagining Slaves and Robots in Literature Film and Popular Culture Reinventing Yesterday's Slave with Tomorrow's Robot is an interdisciplinary study that seeks to investigate and speculate about the relationship between technology and human nature It is a timely and creative analysis of the ways in which we domesticate technology and the manner in which the history of slavery continues to be utilized in contemporary society This text interrogates how the domestic slaves of the past are being reimagined as domestic robots of the future Hampton asserts that the rhetoric used to persuade an entire nation to become dependent on the institution of chattel slavery will be employed to promote the enslavement of technology in the form of humanoid robots with Artificial Intelligence Imagining Slaves and Robots in Literature Film and Popular Culture makes the claim that science fiction film and popular culture have all been used to normalize the notion of robots in domestic spaces and relationships In examining the similarities of human slaves and mechanical or biomechanical robots this text seeks to gain a better understanding of how slaves are created and justified in the imaginations of a supposedly civilized nation And in doing so give pause to those who would disassociate America's past from its imminent future
