**Roswell** Thomas J Carey, 2020-02-17 Roswell The Chronological Pictorial By Thomas J Carey Donald R Schmitt This is not just another Roswell book It s like no other book about the 1947 Roswell UFO crash ever written including the authors own previous six books on the subject Based upon the authors thirty years investigation of the most famous UFO case of all time it brings the case to life like no other book TV documentary mini series or movie With the deft use of copious photographs accumulated over the course of their investigation the authors supplement the each step of important information in the text of the chronological timeline of the case from the time of the UFO s crash in the high desert near Roswell New Mexico in 1947 up to the present 2019 The names of all participants in the crash recovery as well as the important informational sources are identified along with their photo images The missing nurse identified by Roswell mortician Glenn Dennis as being at the autopsy at the Roswell airbase is finally revealed Also included are photos of the locations where everything took place from the 1947 crash site to the present location of the wreckage and bodies Minute by minute hour by hour day by day month by month and year by year the reader is transported back to 1947 and brought forward to the present in the timeline of everything that has happened in and to this case Bringing the Roswell incident to life in this way there is no other book written about Roswell like it Additionally it should become the companion to every other book about Roswell ever written See The fabled Hangar 18 What the Roswell UFO crash site s look like today The only surviving crew member on the alien body flight of July 9 1947 The guest house where rancher Mack Brazel was kept and forced to change his story The future NFL football star who was a first hand witness to the 1947 events The tool that an Air Force enforcer used to threaten witnesses into silence The military ambulances used to transport alien bodies from the crash site The faces of the aliens from another world What the Generals Said about Roswell It was a cover story the balloon part of

it That was the story we were told to give to the public and the news people and that was it Brigadier General Thomas J DuBose USAF The Roswell craft was extraterrestrial and at one time may have been at Wright Patterson in an off limits area Brigadier General Harry N Cordes USAF I am almost completely convinced that the object that crashed near Roswell was composed of materials not common on earth Major General Kenner F Hertford USA The stuff I saw I ve never seen anyplace else in my life It was the strangest thing I ever saw General William H Blanchard USAF They the Air Force knew that they had something new in their hands The metal and material was unknown to anyone I talked to A couple of guys thought it might be Russian but the final consensus was that the pieces were from space i e extraterrestrial Brigadier General Arthur E Exon USAF Stealth technology comes from the Roswell crash I have been informed by higher officers at the Pentagon that there still exists a Top Secret UFO Project That s where your Roswell file is Brigadier General Richard Mitchell USA Praise for the Authors Brilliant A well detailed concise A to Z chronological timeline of events that happened over seventy years ago The authors in depth information shows their many years of investigative reporting bearing the true facts of the Roswell Incident The reader is drawn into the complex information in the timeline becoming aware that the chain of events as described in fact occurred Colonel Scott D Miller Jr USA Carey and Schmitt show that good old fashioned investigative reporting is still alive and well Cheryl Jones former anchor CNN News There is no one on this planet who knows more about the Roswell Incident than these two guys Larry Landsman creative executive of the SyFy Channel documentary The Roswell Crash Startling New Evidence I think that Witness to Roswell by Carey Schmitt 2002 2009 will prove to be the most important UFO book ever written The evidence presented dovetails perfectly and makes a compelling case that an alien craft crashed outside of Roswell in 1947 After decades of controversy the authors through dedicated and persistent research have finally come up with very strong circumstantial evidence that is tantamount to proof Richard H Hall author of The UFO Evidence Vols I and II and past Chairman of the Fund for UFO Research If the cover up is ever going to have a stake driven through it and the Roswell case resolved once and for all it will most likely be Tom Carey and Don Schmitt who will do it Jeff Rense nationally syndicated talk show host     **Roswell: the Ultimate Cold Case** Thomas J. Carey,Donald R. Schmitt,2020 For more than 70 years the crash at Roswell and its ensuing controversies and cover ups have been investigated yet despite continually mounting evidence there are still disbelievers This book is the final and commanding word on the case The government has changed their official story on Roswell more than a dozen times but the witnesses have not recanted The evidence has not gone away And won t go away The Roswell Incident is the most hotly debated and investigated UFO crash in history and has had a seemingly never ending amount of evidence eyewitnesses coming forward even years later Finally late in life people feel safe enough or duty bound to reveal what they know saw and heard     *Witness to Roswell* Thomas J.
