Life on Air David Hendy, 2007 Radio Four has been described as the greatest broadcasting channel in the world the heartbeat of the BBC a cultural icon of Britishness and the voice of Middle England Defined by its rich mix encompassing everything from journalism and drama to comedy quizzes and short stories Many of its programs such as Today The Archers Woman's Hour The Hitchhiker's Guide To the Galaxy Gardeners Question Time and The Shipping Forecast have been part of British life for decades Others less successful have caused offence and prompted derision Born as it was in the Swinging Sixties Radio Four's central challenge has been to change with the times while trying not to lose faith with those who see it as a standard bearer for quality authoritativeness or simply old fashioned BBC values In this first major behind the scenes account of the station's history David Hendy a former

producer for Radio Four draws on privileged access to the BBC's own archives and new interviews with key personnel to illuminate the arguments and controversies behind the creation of some of its most popular programmes. He reveals the station's struggle to justify itself in a television age favouring clear branding and tightly targeted audiences with bitter disputes between the BBC and its fiercely loyal listeners. The story of these struggles is about more than the survival of one radio network. Radio Four has been a lightning rod for all sorts of wider social anxieties over the past forty years. A kaleidoscopic view of the changing nature of the BBC, this book provides a gripping insight into the very nature of British life and culture in the last decades of the twentieth century.

People of Today, 2002 **A National Joke** Andy Medhurst, 2007-09-18

Comedy is crucial to how the English see themselves. This book considers that proposition through a series of case studies of popular English comedies and comedians in the twentieth century, ranging from the Carry On films to the work of Mike Leigh and contemporary sitcoms such as *The Royle Family* and from George Formby to Alan Bennett and Roy Chubby Brown. Relating comic traditions to questions of class, gender, sexuality and geography, *A National Joke* looks at how comedy is a cultural thermometer taking the temperature of its times. It asks why vulgarity has always delighted English audiences, why camp is such a strong thread in English humour, why class influences what we laugh at, and why comedy has been so neglected in most theoretical writing about cultural identity. Part history and part polemic, it argues that the English urgently need to reflect on who they are, who they have been, and who they might become, and insists that comedy offers a particularly illuminating location for undertaking those reflections.
