Translating Modernism Ronald Berman, 2010-09-23 In *Translating Modernism* Ronald Berman continues his career long study of the ways that intellectual and philosophical ideas informed and transformed the work of America's major modernist writers Here Berman shows how Fitzgerald and Hemingway wrestled with very specific intellectual artistic and psychological influences influences particular to each writer particular to the time in which they wrote and which left distinctive marks on their entire oeuvres Specifically Berman addresses the idea of translating or translation for Fitzgerald the translation of ideas from Freud Dewey and James among others and for Hemingway the translation of visual modernism and composition via Cézanne Though each writer had distinct interests and different intellectual problems to wrestle with as Berman demonstrates both had to wrestle with transmuting some outside influence and making it their own *Cézanne* Pavel Machotka, Paul Cézanne, 1996-01-01 Study of the famous impressionist's landscape paintings *Art Matters* Robert Paul Lamb, 2011-02-18 In *Art Matters* Robert Paul Lamb provides the definitive study of Ernest Hemingway's short story aesthetics Lamb locates Hemingway's art in literary historical contexts and explains what he learned from earlier artists

including Edgar Allan Poe Paul C zanne Henry James Guy de Maupassant Anton Chekhov Stephen Crane Gertrude Stein James Joyce and Ezra Pound Examining how Hemingway developed this inheritance Lamb insightfully charts the evolution of the unique style and innovative techniques that would forever change the nature of short fiction Art Matters opens with an analysis of the authorial effacement Hemingway learned from Maupassant and Chekhov followed by fresh perspectives on the author s famous use of concision and omission Redefining literary impressionism and expressionism as alternative modes for depicting modern consciousness Lamb demonstrates how Hemingway and Willa Cather learned these techniques from Crane and made them the foundation of their respective aesthetics After examining the development of Hemingway s art of focalization he clarifies what Hemingway really learned from Stein and delineates their different uses of repetition Turning from techniques to formal elements Art Matters anatomizes Hemingway s story openings and endings analyzes how he created an entirely unprecedented role for fictional dialogue explores his methods of characterization and categorizes his settings in the fifty three stories that comprise his most important work in the genre A major contribution to Hemingway scholarship and to the study of modernist fiction Art Matters shows exactly how Hemingway s craft functions and argues persuasively for the importance of studies of articulated technique to any meaningful understanding of fiction and literary history The book also develops vital new ways of understanding the short story genre as Lamb constructs a critical apparatus for analyzing the short story introduces to a larger audience ideas taken from practicing storywriters theorists and critics and coins new terms and concepts that enrich our understanding of the field

developed principles and programs that would help unite the country After the 1841 union the two leaders of Lower and Upper Canada worked to create a reformist movement for responsible government run by elected citizens instead of a colonial governor During the Great Ministry of 1848 to 1851 despite violent opposition they set about creating a more equitable nation They revamped judicial institutions established a public education system made bilingualism official and designed a network of public roads Writing with verve and deep convictions Saul restores these two extraordinary Canadians to rightful prominence
