Humanities ,1992 *The Abba Tradition* Michael Hattwick,2020-08-18 The ABBA Tradition is the spiritual and mystical tradition that lies deep within and behind western religions and modern cultures It is the worldview that is the source substance and infrastructure of Judaism and Christianity It is the one great tradition behind the Hebrew and Greek languages the Old and New Testaments ancient religions and modern science Whether you call it Kabbalah the Four World Tradition or something else it transcends the separation between the historic faiths and more importantly teaches a way of reconciliation and reunion This book helps Christians discover the profound Jewish tradition that Jesus of Nazareth lived and taught and also highlights one of the greatest Jews of all time Joshua be Miriam of Nazareth who first brought the Gentile nations to the holy one of Israel Heal the wounds that separate us one from another Jew from Christian brother from sister and discover the interrelated worlds of physicality psychality spirituality and divinity with the wisdom in this book

Futuristic Cars and Space Bicycles Jeremy Withers,2020-06-04 Given the extensive influence of the transport revolution on the past two centuries a time when trains trams omnibuses bicycles cars airplanes and so forth were invented and given science fiction s overall obsession with machines and technologies of all kinds it is surprising that scholars have not paid more attention to transportation in this increasingly popular genre Futuristic Cars and Space Bicycles is the first book to examine the history of representations of road transport machines in nineteenth twentieth and twenty first century American science fiction The focus of this study is on two machines of the road that have been locked in a constant often bitter struggle with one another the automobile and the bicycle With chapters ranging from the early science fiction of the pulp magazine era in the 1920s and 1930s to the postcyberpunk of the 1990s and more recent media of the 2000s such as web television zines and comics this book argues that science fiction by and large perceives the car as anything but a marvelous invention of modernity Rather the genre often scorns and ridicules the automobile and instead promotes more sustainable more benign more restrained technologies of movement such as the bicycle **Golden Gate** Kevin Starr,2010-07-15 A passionate chronicle of the Golden Gate Bridge s construction by a National Humanities Medal winning historian reveals influences from culture and nature that shaped its development while offering insight into its role as a national symbol of American engineering and innovation **Frontier Forts and Outposts of New Mexico** Donna Blake Birchell,2019 Life in early New

Mexico was often perilous Geographic isolation attracted outlaws and ruffians and skirmishes often arose between the indigenous tribes and settlers In response the U S government set up military forts and outposts to protect its new citizens These strongholds include Fort Craig where logs were made to look like cannons to fool Confederate troops Kit Carson John Pershing and Billy the Kid all called Fort Stanton home before it became the first federal tuberculosis sanatorium and later a detention center for German prisoners of war Author Donna Blake Birchell relates little known yet highly important Civil War battles the tragedies of the Navajo and Mescalero Apache internments and other dramatic frontier stories *Theology and California* Fred Sanders,Jason S. Sexton,2016-02-17 Exploring California as a theological place this book renders critical engagement with significant Californian religious and theological phenomena and the inherent theological impulses within major Californian cultural icons Harnessing conceptual tools inherent to theology through theological reflection assessment and critique the chapters in this volume begin to ascertain the significance of various empirical data and that no other qualitative methodological Californian study has done Many universities are picking up on California literature as a theme that highlights a place of hope wonder and cultural innovation but have neglected the significance of theological instincts flowing through the Californian dynamic Californians Fred Sanders and Jason Sexton assemble leading voices and specialists both from within and without California for engagement with California s influential culture including leading theologians and cultural critics such as Richard J Mouw Paul Louis Metzger and Fred Sanders alongside leading specialists in Film studies and cultural critique theological anthropology missiology sociology and history The Big Book of Hispanic Activities Carole Marsh,2003-08-01 Teaches Hispanic heritage geography history etc through a variety of puzzles games and suggested activities *California Missions and Landmarks* Mrs. A. have disappeared as an ethnic group their languages forgotten except for the names of the towns plants and geography of the Opaters a where they lived Why did the patas disappear from the historical record while their neighbors survived David Yetman a leading ethnobotanist who has traveled extensively in Sonora consulted more than two hundred archival sources to answer this question The result is an accessible ethnohistory of the patas one that embraces historical complexity with an eye toward Opatan strategies of resistance and assimilation Yetman s account takes us through the Opatans initial encounters with the conquistadors their resettlement in Jesuit missions clashes with Apaches their recruitment as miners and several failed rebellions and ultimately arrives at an explanation for their disappearance Yetman s account is bolstered by conversations with present day residents of the Opaters a and includes a valuable appendix on the languages of the Opaters a by linguistic anthropologist David Shaul One of the few studies devoted exclusively to this indigenous group The patas In Search of a Sonoran People marks a significant contribution to the literature on the history of the greater Southwest

Trail of Footprints Alex Hidalgo, 2019-07-12 Trail of Footprints offers an intimate glimpse into the commission circulation and use of indigenous maps from colonial Mexico A collection of one hundred largely unpublished maps from the late sixteenth to the eighteenth centuries made in the southern region of Oaxaca anchors an analysis of the way ethnically diverse societies produced knowledge in colonial settings Mapmaking proposes Hidalgo formed part of an epistemological shift tied to the negotiation of land and natural resources between the region s Spanish Indian and mixed race communities The craft of making maps drew from social memory indigenous and European conceptions of space and ritual and Spanish legal practices designed to adjust spatial boundaries in the New World Indigenous mapmaking brought together a distinct coalition of social actors Indian leaders native towns notaries surveyors judges artisans merchants muleteers collectors and painters who participated in the critical observation of the region s geographic features Demand for maps reconfigured technologies associated with the making of colorants adhesives and paper that drew from Indian botany and experimentation trans Atlantic commerce and Iberian notarial culture The maps in this study reflect a regional perspective associated with Oaxaca s decentralized organization its strategic position amidst a network of important trade routes that linked central Mexico to Central America and the ruggedness and diversity of its physical landscape

Boomtime Boca Susan Gillis, Boca Raton Historical Society, 2007-07-25 From farming community to prominent neighborhood this book gives a unique look at the past of Boca Raton Florida using vintage images Boca Raton Florida was a tiny farming community on the southeastern coast of Florida when the state s 1920s real estate boom grew into a national phenomenon Investors and new residents were drawn to the state from all over the country a time Floridians referred to as the Boom In April 1925 well known Palm Beach society architect Addison Mizner revealed his plans for an ambitious new development in Boca Raton The plans included a gigantic oceanfront hotel elegant mansions golf and polo grounds and palm lined boulevards The popularity of Mizner s projects stimulated many similar developments within the region increasing the population of the town from 100 to several

hundred residents By the fall of 1926 however the Florida land boom came to an end Boca Raton returned for the most part to its small town agricultural heritage by 1930 By the end of the 20th century boomtime dreams were fully realized and Boca Raton became one of Florida s most prestigious addresses
